be spared Renaud Morieux redefines how we understand the notion of what a prisoner of war was before international legal and social conventions were introduced in the eighteenth century the distinction between a prisoner of war a hostage a criminal and a slave was not always clear cut Morieux then uses war captivity as a lens through which to observe the eighteenth century state how it transformed itself and why it endured In so doing he invites the reader to trace the history of **Prisoners of Hope** Marv the prisoners via a journey between Britain France the West Indies and St Helena Prisoners of the Poison Sea Michael Dahl, 2019-08 The History and Romance of Crime. Prisons Over Seas Arthur Griffiths, 2016-09-01 It will hardly be denied after an impartial consideration of all the facts I shall herein set forth that the British prison system can challenge comparison with any in the world It may be no more perfect than other human institutions but its administrators have laboured long and steadfastly to approximate perfection Many countries have already paid it the compliment of imitation In most of the British colonies the prison system so nearly resembles the system of the mother country that I have not given their institutions any separate and distinct description No doubt different methods are employed in the great Empire of India but they also are the outcome of experience and follow lines most suited to the climate and character of the people for whom they are intended Cellular imprisonment would be impossible in India Association is inevitable in the Indian prison system Again it is the failure to find suitable European subordinate officers that has brought about the employment of the best behaved prisoners in the discipline of their comrades a system as I have been at some pains to point out quite abhorrent to modern ideas of prison management As for the retention of transportation by the Indian government when so clearly condemned at home it is defensible on the grounds that the penalty of crossing the sea the Black Water possesses peculiar terrors to the Oriental mind and the Andaman Islands are moreover within such easy distance as to ensure their effective supervision and control Nearer home we may see Austria adopting an English method the movable or temporary prison by the use of which such works as changing the courses of rivers have been rendered possible and the prison edifices of Lepoglava Aszod and Kolosvar erected in imitation of Chattenden Borstal and Wormwood Scrubs The Prisoners of the '45 Sir Bruce Gordon Seton (Bart.), Jean Gordon Arnot, 1928 Eve of the Storm Charles F.
