Prisons And Politics:

Prisons and Politics Richard A. McGee, 1981 **The Prison and the Gallows** Marie Gottschalk, 2006-06-19 The United States has built a carceral state that is unprecedented among Western countries and in US history. Nearly one in 50 people excluding children and the elderly is incarcerated today, a rate unsurpassed anywhere else in the world. What are some of the main political forces that explain this unprecedented reliance on mass imprisonment? Throughout American history, crime and punishment have been central features of American political development. This 2006 book examines the development of four key movements that mediated the construction of the carceral state in important ways: the victims movement, the women's movement, the prisoners rights movement, and opponents of the death penalty. This book argues that punitive penal policies were forged by particular social movements and interest groups within the constraints of larger institutional structures and historical developments that distinguish the United States from other Western countries. **The History and Politics of Private Prisons** Martin P. Sellers, 1993 The purpose of *The History and Politics of Private Prisons* in America is to examine the history of the movement, establish how politics affects it, and provide practitioners, politicians, academics, and students with alternative thinking about the value of privatizing prison management. In the first two chapters, author Martin P. Sellers provides a brief history of incarceration and surveys the current privatization movement in the United States, identifying its roots in economics, politics, and administration. Chapter 3 identifies the many political, economic, social, and administrative arguments against privatization and attempts to explain how these arguments developed. In chapter 4, Sellers analyzes three private prisons, comparing them to three public prisons to determine which group is more efficient at providing prison services, particularly health and education services. **The Politics of the Prison and the Prisoner** Susan Easton, 2018-06-13 In recent years, there has been a resurgence of interest in the role of the prison as a source of political ideas and a site of political engagement, as well as in the prisoner's quest for citizenship. The rising number of prisoners has increased fiscal burdens, which has meant that imprisonment has become a more important political issue. There is also greater interest in the prison as a site of political activism and in the generation of radical political ideas within the prison context and the formation of political networks within prison, which extend beyond the prison walls. This book considers the prison as a site of political protest, discusses the quest for citizenship and the denial or negation of citizenship in prison, examines the discovery of politics in prison, and the role of the prison in increasing political awareness. It explores the treatment of political prisoners and reflects on the prisoner as a political problem for politicians negotiating pressures from the media and the public when addressing prisoners' demands. Drawing on a range of contemporary and historical topics, such as prison riots, radicalisation, and the denial of voting rights, and including discussion of cases from the UK, US, and Russia, this book examines the prison as a political institution and as a site of both politicisation and political protest. This book will be of interest to students and academics engaged with prisons, penology, punishment, and corrections. Prisons, Politics and

Practices in England and Wales 1945-2020 David J. Cornwell, 2021-09-30 This book presents both a survey of and commentary upon the penal process of England and Wales between 1945 and 2020 from the primary perspective of prisons and their operational management Part I focusses on the extent to which governmental policies changing concepts in penology and significant events affected the performance and management of prisons during four key periods 1945 1991 1991 1997 1997 2007 and 2007 2020 Part II presents a vision for more effective operation of prisons within the wider penal process in the 2020s and beyond It draws upon the author's academic insights and his experience as a former prison governor This book speaks to those in the social sciences law and politics and to professionals in government and in the penal system who are interested in reform

Caught Marie Gottschalk, 2014-12-07 A major reappraisal of crime and punishment in America The huge prison buildup of the past four decades has few defenders today yet reforms to reduce the number of people in U S jails and prisons have been remarkably modest Meanwhile a carceral state has sprouted in the shadows of mass imprisonment extending its reach far beyond the prison gate It includes not only the country's vast archipelago of jails and prisons but also the growing range of penal punishments and controls that lie in the never never land between prison and full citizenship from probation and parole to immigrant detention felon disenfranchisement and extensive lifetime restrictions on sex offenders As it sunders families and communities and reworks conceptions of democracy rights and citizenship this ever widening carceral state poses a formidable political and social challenge In this book Marie Gottschalk examines why the carceral state with its growing number of outcasts remains so tenacious in the United States She analyzes the shortcomings of the two dominant penal reform strategies one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism In this bracing appraisal of the politics of penal reform Gottschalk exposes the broader pathologies in American politics that are preventing the country from solving its most pressing problems including the stranglehold that neoliberalism exerts on public policy She concludes by sketching out a promising alternative path to begin dismantling the carceral state

The Modern Prison Paradox Amy E. Lerman, 2013-08-19 Amy E Lerman examines the shift from rehabilitation to punitivism that has taken place in the politics and practice of American corrections

Captive Market Anna Gunderson, 2022-06-10 A novel explanation for state prison privatization that they do so to limit legal and political accountability for inmate lawsuits One of the most controversial developments in the American criminal justice in the last few decades has been the development of the modern private prison industry While there are many explanations proffered for the adoption of this policy including partisanship economic stress unionization and lobbying efforts by private prison firms none fully explain why states privatize their prisons In *Captive Market* Anna Gunderson proposes a novel explanation for why states adopt this policy She shows that states privatize prisons to limit legal and political accountability for inmate lawsuits an unintended consequence of the legal rights revolution for prisoners Evidence from an original dataset and interviews with private prison companies government officials

and advocacy groups suggest that growing prisoner lawsuits are a significant driver of prison privatization in the United States With over 160 000 inmates currently held in private facilities across the country it is vital to understand the causes of this rise and the nuances of private prison policy one with significant consequences for the American criminal legal system An eye opening account of an industry that many are aware of but few know much about this book will reshape our understanding of the fundamental nature of the American carceral state

Gender, Ethnicity, and the State Juanita Diaz-Cotto, 1996-04-04 Gender Ethnicity and the State is a study of Latina and Latino prisoners in New York State Through the use of two case studies it compares the organizing strategies for reform pursued by Latina and Latino prisoners between 1970 and 1987 the support they received from non Latina o prisoners and third parties and the response of penal personnel to their calls for support The work also contains information on Latino prisoner participation and community response to both the 1971 Attica Rebellion and the 1970 New York City jail rebellions The data for this study was compiled through a combination of primary and secondary sources Primary sources include in depth interviews and oral histories conducted with Latina o and African American ex prisoners prisoners rights attorneys community activists and penal staff Other primary sources include prisoner and mainstream English and Spanish language newspapers prisoners rights newsletters court cases and government and private organizational reports

Prisoners of Politics Rachel Elise Barkow, 2019-03-04 A CounterPunch Best Book of the Year A Lone Star Policy Institute Recommended Book If you care as I do about disrupting the perverse politics of criminal justice there is no better place to start than Prisoners of Politics James Forman Jr author of Locking Up Our Own The United States has the highest rate of incarceration in the world The social consequences of this fact recycling people who commit crimes through an overwhelmed system and creating a growing class of permanently criminalized citizens are devastating A leading criminal justice reformer who has successfully rewritten sentencing guidelines Rachel Barkow argues that we would be safer and have fewer people in prison if we relied more on expertise and evidence and worried less about being tough on crime A groundbreaking work that is transforming our national conversation on crime and punishment Prisoners of Politics shows how problematic it is to base criminal justice policy on the whims of the electorate and argues for an overdue shift that could upend our prison problem and make America a more equitable society A critically important exploration of the political dynamics that have made us one of the most punitive societies in human history A must read by one of our most thoughtful scholars of crime and punishment Bryan Stevenson author of Just Mercy Barkow s analysis suggests that it is not enough to slash police budgets if we want to ensure lasting reform We also need to find ways to insulate the process from political winds David Cole New York Review of Books A cogent and provocative argument about how to achieve true institutional reform and fix our broken system Emily Bazelon author of Charged

Prison, Politics, Poetry & Passion Andre "Adaié N. Kemet" Spearman, 2025-08-15 This hard hitting explosive writing is an expos of the Ohio Department of Rehabilitation and Corrections It tells all about crooked correctional officers and their

facilitation of the attempted murders of four young black inmates by a would be white nationalist and nazi sympathizer in the infamous Lucasville to the outright cover up of murder by institutional authorities in Trumbull Correctional Institution with the aid of the coroner s office Adai the author bares all as he recounts his stints in two separate juvenile institutional facilities his life in foster care gang life being on the run and how he eventually ended up in the ODRC where he came to learn the harsh realities of adult prison the politics that create govern and sustain the prison industrial complex and the poetry and passion with which he has somehow survived it all as he seeks liberation from an illegal incarceration within the belly of Ohio s most insatiable of beasts *Struggle Within* Dan Berger,2014-04-01

The Struggle Within is an accessible yet wide ranging historical primer about how mass imprisonment has been a tool of repression deployed against diverse left wing social movements over the last fifty years Berger examines some of the most dynamic social movements across half a century black liberation Puerto Rican independence Native American sovereignty Chicano radicalism white antiracist and working class mobilizations pacifist and antinuclear campaigns and earth liberation and animal rights Berger s encyclopedic knowledge of American social movements provides a rich comparative history of numerous social movements that continue to shape contemporary politics The book also offers a little heard voice in contemporary critiques of mass incarceration Rather than seeing the issue of America s prison growth as stemming solely from the war on drugs Berger locates mass incarceration within a slew of social movements that have provided steep challenges to state power **Citizen convicts** Cormac

Behan,2016-05-16 Prisoner enfranchisement remains one of the few contested electoral issues in twenty first century democracies It is at the intersection of punishment and representative government Many jurisdictions remain divided on whether or not prisoners should be allowed access to the franchise This book investigates the experience of prisoner enfranchisement in the Republic of Ireland It examines the issue in a comparative context beginning by locating prisoner enfranchisement in a theoretical framework exploring the arguments for and against allowing prisoners to vote Drawing on global developments in jurisprudence and penal policy it examines the background to and wider significance of this change in the law Using the Irish experience to examine the issue in a wider context this book argues that the legal position concerning the voting rights of the imprisoned reveals wider historical political and social influences in the treatment of those confined in penal institutions **The Politics of Punishment** Erik Olin Wright,1973 **The Politics of Prison Crowding** Simone

Santorso,2023-02-14 *The Politics of Prison Crowding* investigates recent transformations in Italy s penal system to make the key analytical observation that conditions of overcrowding have become the new normal under which the modern prison system continues to operate and deliver punishment Engaging with the politics of crowding thus entails a direct and pertinent engagement with the modern state s politics of criminal justice and social control Worldwide over the last decades a growing number of jurisdictions have prison systems operating above or to the limit of their capacity yet little attention has been paid to these elements in the analysis of prison politics and day to day functions By exploring the crowding issue this

book offers an original and interesting insight into the politics and dynamics characterising contemporary prison systems The hypothesis of this book is that the politics of prison crowding have become the template for the daily administration of the prison system which incorporates not just policy and rules but day to day functions and practices regulating life behind bars Through interviews in modern Italian prisons the book brings to light a radical redefinition of a carceral system that harshens the delivery of punishment while justifying this exacerbation of pain by adding new bureaucratic logic to the administration of the penal system within a narrative of compliance to human rights standards By shedding new light on prison politics to open new critical perspectives and research paths The Politics of Prison Crowding offers a fundamental tool to scholars students and all professional policymakers and practitioners dealing with prison policies and the politics of justice

Palestinian Political Organizations in Israeli Prisons Alyssa G. Bernstein, 2024-06-16 Palestinian Political Organizations in Israeli Prisons examines the evolution and changes within the Palestinian Prisoners Movement and the structural opportunities and constraints that inform collective resistance today Drawing on observation based fieldwork and over 40 interviews with ex prisoners and additional interviews with lawyers and advocates this book presents a sociological account of Palestinian prisoners in Israel an important reflection of the wider Israeli Palestinian conflict The Oslo Accords the peace agreements between the Palestinian Liberation Organization and Israel transformed not only Palestinian politics but the entire prison environment By exploring issues including the specific characteristics of women s resistance the effects of the Islamicization new hunger strike strategies consumerism within the prison parenting children and escapes Palestinian Political Organizations in Israeli Prisons offers a fresh analysis of political resistance in Israeli prisons Applying a social movement approach and drawing comparisons to other politically motivated prisoner groups the book traces the effects of changes from the Oslo Accords through to today including the Second Intifada the split between Hamas and Fatah the co option of the Palestinian Authority and increasingly systematic prison management explaining how these factors have affected life for Palestinian prisoners in Israeli prisons and influence conflicts today
