Private Perry And Mister Poe The West Point Poems 1831 Facsimile Edition:

Private Perry and Mister Poe William F. Hecker, 2005-06-01 Writing poetry and inspecting artillery bombs for the army do not seem like compatible endeavors which is perhaps why many biographers and critics have overlooked Edgar Allan Poe's stint in the military dismissing it as an odd aberration in his literary career William F Hecker however is in a unique position to appreciate the influence that military culture and training had on the young poet A professional artilleryman and a Poe scholar Hecker offers a lively nuanced account of Poe's experience as an enlisted soldier and West Point cadet and relates it to his writing especially his *Poems 1831* presented here in facsimile for the first time since 1936 Military service appealed to Poe's romantic sense of adventure and in 1827 he joined the army under the name Edgar A Perry He rose quickly through the ranks most notably learning cannon drill but suffered as a social misfit in the field and at West Point where legends about a brilliantly defiant jester still abound Shortly after being dismissed from the Military Academy for neglecting his duties Poe published his third book of verse *Poems 1831* which he dedicated to his fellow West Point cadets and funded through subscriptions to them Hecker explores these events filling in biographical gaps and drawing connections to Poe's poetic vision Poe's desire that his poems act as aesthetic bombs deranging the senses striving for Beauty but failing explosively emerges as a key theme With a foreword by poet and Poe critic Daniel Hoffman and an afterword by Gerard A McGowan addressing the martial element in the poems *Tamerlane* and *To Helen* among others *Private Perry and Mister Poe* offers the definitive statement about Poe's military experience while making the early versions of many of his most famous poems widely available

Early Modern Poetics in Melville and Poe William E. Engel, 2016-04-29 Bringing to bear his expertise in the early modern emblem tradition William E Engel traces a series of self reflective organizational schemes associated with baroque artifice in the work of Herman Melville and Edgar Allan Poe While other scholars have remarked on the influence of seventeenth century literature on Melville and Poe this is the first book to explore how their close readings of early modern texts influenced their decisions about compositional practice especially as it relates to public performance and the exigencies of publication Engel's discussion of the narrative structure and emblematic aspects of Melville's *Piazza Tales* and Poe's *The Raven* serve as case studies that demonstrate the authors debt to the past Focusing principally on the overlapping rhetorical and iconic assumptions of the Art of Memory and its relation to chiasmus Engel avoids engaging in a simple account of what these authors read and incorporated into their own writings Instead through an examination of their predisposition toward an earlier model of pattern recognition he offers fresh insight into the writers understandings of mourning and loss their use of allegory and what they gained from their use of pseudonyms
