Private International Law: The Soviet Approach ,2024-12-02 **Private International Law** Mark Moiseevich Boguslavskiĭ,1988 *Russia, Europe, and the Rule of Law* F. J. Ferdinand Joseph Maria Feldbrugge,2007 An international team of authors looks at the role law has played in the transformation of Russia and evaluates the legal achievements of the Putin administration against the background of Russia s changing relationship with Europe *The Soviet Union and International Cooperation in Legal Matters* George Ginsburgs,1991-11-01 The present title is the second in a three volume set addressed to the general theme of The Soviet Union and International Cooperation in Legal Matters This project will concentrate essentially on the post World War II repertory with some reference to pre 1945 antecedents in order to put the picture in a clearer perspective The preceding volume published in 1988 treated the Soviet Union s record in the field of commercial arbitration and the last one in this three volume set is scheduled to consider its related practices in the domain of criminal law In Part II the author analyzes the ensemble of rules observed between states whereby the legal organs of one will procure for the legal organs of the other procedural services designed to facilitate performance by the recipient party of its mission to administer justice **The Impact of Perestroika on Soviet Law** Albert J. Schmidt,2023-08-28 **Private International Law** Mark M. Boguslavskij,1988 Law in Eastern Europe Ferdinand Joseph Maria Feldbrugge,1992

Moscow's Road to Nuremberg George Ginsburgs,2023-07-24 Recent events in former Yugoslavia and Rwanda have revived diplomatic interest in measures contemplating concerted action directed at the suppression and punishment of war crimes Indeed steps have already been initiated to set up war crimes tribunals to prosecute those responsible for such atrocities Not to be outdone Yeltsin s Foreign Minister has also issued a call for public discussion of the idea of creating a system of international criminal justice with regard to crimes against peace and humanity other international violations of the law The precedents of the Second World War in this venue thus seem relevant once again Since the Soviet Union played a leading role in paving the way for the Nuremberg trial and respective proceedings before national tribunals and Russia as self proclaimed heir and successor to the USSR continues to exercise a great deal of influence in these matters today a look at Moscow s doctrinal and practical scorecard may prove useful for future reference The present study explores the Soviet

regime's contribution to the prehistory of the Nuremberg trial i.e. the repertory of official acts and pronouncements as well as scholarly treatment of issues which ultimately shaped the legal complexion of the Nuremberg test. Our focus in this case is on the mode of development of the style and substance of the bill of indictment until the day of the court's opening session from the standpoint of Moscow's stake in the operation. The views recorded during the trial in primary or secondary sources or those expressed later are taken into account only if they shed light on the preparatory stages of the drama. The subsequent evolution of Moscow's thoughts on the subject deserves a separate full scale analysis.

The different contributions focus on issues such as basic shareholder rights, shareholder rights in special circumstances, cumulative voting and protection through securities markets regulation. The discussion centers on the problems of domestic legal reform and the extent to which international legal standards and best practice are reflected in the process.
