improvement will be a reduced number of falls you make by being in your Center There is a rumor I don't know who started it that if you are in your Center the opposite sex will be strongly attracted to you I have tried to pass on the mental skills that should be at the core of great skiers Without these mental skills you are just another Hacker that will never enjoy the pure thrill of scaring yourself silly Those that have the patience and courage to read and apply what I have imparted to your deeper understanding Go and become great skiers The KI of Skiing is my gift to the sport of snow skiing I hope many read it and actually use the knowledge within It may make the sport a little safer and enjoyable for all Will do clinics and on the hill demonstrations Must provide transportation lodging food and an obscene amount of cash Dale Mollenhauer 528 670 Little Valley Rd Little Valley CA 96056 If any questions about your skiing or the booklet send a 20 00 check and S A S E to the above address

Paradise from behind the Iron Curtain Miklós Péti, 2022-08-08 *Paradise from behind the Iron Curtain* provides a detailed survey of the key responses to Milton's work in Hungarian state socialism The four decades between 1948 and 1989 saw a radical revision of previous critical and artistic positions and resulted in the emergence of some characteristically Eastern European responses to Milton's works Critical and artistic appraisals of Milton's works in the communist era proved more controversial than receptions of other major Western authors on the one hand Milton's participation in the Civil War earned him the title of a revolutionary hero on the other hand religious aspects of his works were often disregarded and sometimes proactively suppressed Ranging through

all the genres of Milton's oeuvre as well as the critical tradition the book highlights these diverging responses and places them in the wider context of socialist cultural policy In addition the author presents the full Hungarian script of the 1970 theatrical performance of Milton's Paradise Lost the first of its kind since the work's publication including a parallel English translation which enables a deeper reflection on Milton's original theodicy and its possible interpretations in communist Hungary

Forgetful Remembrance Guy Beiner, 2018-11-10 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion
