Torrey Volume I** R a Torrey, J D Langton, Gospel Power Publishing, 2025-08-22 Reuben Archer Torrey 1856 1928 was a powerful evangelist Congregationalist pastor educator at Moody Bible Institute and impactful writer Spending a significant portion of his ministry as D L Moody s right hand man R A Torrey proved to be a soul winning no compromise preacher and a strikingly relevant theologian helping countless young ministers put their theology into actionable steps In this three volume set his inspiring life story and practical Spirit filled teachings live on for future generations of Christians to benefit from Works Included In Volume I R A Torrey Apostle of Certainty by Roger Martin 1976 How to Bring Men to Christ 1893 How to Obtain Fullness of Power in Christian Life and Service 1897 Revival Adresses 1903 Real Salvation and Whole Hearted Service 1905 Visit GospelPowerPublishing com for more powerful gospel centered books Sin in the City Thekla Ellen Joiner, 2013-05-20 Long before today s culture wars the Third Great Awakening rocked America During the late nineteenth and early twentieth centuries evangelists such as Dwight L Moody and Billy Sunday roused citizens to renounce sin as it manifested in popular culture moral ambiguity and the changing role of women Sin in the City examines three urban revivals in turn of the century Chicago to show how revivalists negotiated that era s perceived racial sexual and class threats While most studies of this movement have focused on its male leaders and their interactions with society Thekla Ellen Joiner raises new questions about gender and race by exploring Third Awakening revivalism as the ritualized performance of an evangelical social system defined by middle class Protestant moral aspirations for urban America Rather than approaching these events merely as the achievements of persuasive men she views them as choreographed collective rituals reinforcing a moral order defined by ideals of femininity masculinity and racial purity Joiner reveals how revivalist rhetoric and ritual shifted from sentimentalist identification of sin with males to a more hard nosed focus on females castigating loose women whose economic and sexual independence defied revivalist ideals and its civic culture She focuses on Dwight L Moody s 1893 World s Fair revival the 1910 Chapman Alexander campaign and the 1918 Billy Sunday revival comparing the locations organization messages and leaders of these three events to depict the shift from masculinized to feminized sin She identifies the central role women played in the Third Awakening as the revivalists promoted feminine virtue as the corrective to America s urban decline She also shows that even as its definition of sin became more feminized Billy Sunday s revivalism began to conform to Chicago s emerging color line Enraged by rapid social change in cities like Chicago these preachers spurred Protestant evangelicals to formulate a gendered and racialized moral regime for urban America Yet as Joiner shows even as revivalists demonized new forms of entertainment they used many of the modern cultural practices popularized in theaters and nickelodeons to boost the success of their mass conversions Sin in the City shows that the legacy of the Third Awakening lives on today in the religious right s sociopolitical activism crusade for family values disparagement of feminism and promotion of spirituality in middle class racial and cultural

terms Providing cultural and gender analysis too often lacking in the study of American religious history it offers a new model for understanding the development of a gendered theology and set of religious practices that influenced Protestantism in a period of enormous social change *Christ-Centered* Robert P. Menzies,2020-10-05 Pentecostals are often portrayed as emotional people who are driven largely by experience In *Christ Centered* Menzies argues that this caricature misses the fact that Pentecostals are fundamentally people of the book Although Pentecostals encourage spiritual experience they do so with a constant eye to Scripture The Bible and particularly the book of Acts fosters and shapes pentecostal experience Additionally Pentecostals are defined by their emphasis on a personal relationship with Jesus Christ At its heart the pentecostal movement is not Spirit centered but rather Christ centered The work of the Spirit as Pentecostals understand it centers on exalting and bearing witness to the Lordship of Christ Menzies develops these themes by examining the origins biblical foundations and missional orientation of the modern pentecostal movement He concludes that in spite of contradictory messages from some in fundamentalist pews and the pentecostal academy Pentecostals are and have always been solidly evangelical Book Trailer for *Christ Centered* embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100%

Ecumenism and Independency in World Christianity ,2020-09-07 Ecumenism and independency suggest two distinct impulses in the history of Christianity the desire for unity co operation connectivity and shared belief and practice and the impulse for distinction plurality and contextual translation Yet ecumenism and independency are better understood as existing in critical tension with one another They provide a way of examining changes in World Christianity Taking their lead from the internationally acclaimed research of Brian Stanley in whose honour this book is published contributors examine the entangled nature of ecumenism and independency in the modern global history of Christianity They show how the scrutiny afforded by the attention to local contextual approaches to Christianity outside the western world may inform and enrich the attention to transnational connectivity *Encyclopedia of Protestantism* Hans J. Hillerbrand,2004-08-02 For more information including sample entries full contents listing and more visit the Encyclopedia of Protestantism web site Routledge is proud to announce the publication of a new major reference work from world renowned scholar Hans J Hillerbrand The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought Featuring entries written by an international team of specialists and scholars the encyclopedia traces the course of Protestantism from its beginnings prior to 1517 when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day

What Has Wittenberg to Do with Azusa? David J. Courey,2015-02-26 Global Pentecostalism is a twenty first century phenomenon Yet in North America where the movement was born it has stalled Courey uncovers the cause of this plateau in the triumphalism that is characteristic of both North American Protestantism and Pentecostalism Through the identification

of parallels between Martin Luther and contemporary Pentecostals Courey detects in Luther's Theology of the Cross a potent remedy for this tension Utilising this insight Courey reflects on other faith traditions and provides a counterpoint to the triumphalism that inhibits the development of Pentecostalism in North America and around the world This work comprises of three parts The first is historical charting the antecedents and development of Pentecostal triumphalism The second is an experiment in historical theology seeking basic resonances between Luther and early Pentecostals and examining the Theology of the Cross as a means of probing Pentecostalism The final section is an effort in constructive theology applying the theologia crucis to some of the central aspects of Pentecostalism

The Disruption of Evangelicalism Geoffrey Treloar, 2016-12-15 The Disruption of Evangelicalism is the first comprehensive account of the evangelical tradition across the English speaking world from the end of the nineteenth to the mid twentieth century It offers fresh perspectives on conversionism and the life of faith biblical and theological perspectives social engagement and mission Tracing these trajectories through a period of great turbulence in world history we see the deepening of an evangelical diversity And as events unfold we notice the spectrum of evangelicalism fragments in varied and often competing strands Dividing the era into two phases before 1914 and after 1918 draws out the impact of the Great War of 1914-18 as evangelicals renegotiated their identity in the modern world By accenting his account with the careers of selected key figures Geoffrey Treloar illustrates the very different responses of evangelicals to the demands of a critical and transitional period The Disruption of Evangelicalism sets out a case that deserves the attention of both professional and arm chair historians

Interdenominational Faith Missions in Africa Fiedler, Klaus, 2018-03-13. It was not the European and American churches which evangelised Africa but the mission societies. The missions from the Great Awakening such as the London Missionary Society and Church Missionary Society or the Holy Ghost Fathers and the White Fathers which started the process of Sub-Saharan Africa becoming a Christian continent are well known and documented. Less known and less documented are the interdenominational faith missions which began in 1873 with the aim of visiting the still unreached areas of Africa. North Africa, the Sudan Belt and the Congo Basin. Missions such as the Africa Inland Mission or Sudan Interior Mission gave birth to some of the big churches like ECWA in Nigeria and Africa Inland Church in Kenya. It is the aim of this book to describe faith missions and their theology and to present an overview of the early development of faith missions insofar as they touched Africa.

[The Story of Faith Missions](#) Klaus Fiedler, 2011-07-20. Born of nineteenth century Evangelical Awakening and closely linked to Hudson Taylor and the China Inland Mission he founded in 1865, faith missions were unique in two key areas: they were interdenominational and they held firmly to the faith principle of financial support. The faith mission movement has lost none of its vitality and relevance as it continues to play an important evangelistic role in Africa and worldwide. The result of more than a decade of research in Africa, Europe and the United States and extensively supported by maps and charts, this book is the most comprehensive study available on the faith mission movement in Africa. Setting faith missions in the context of the many revival and missionary movements which have shaped Protestant church history, the author describes their spiritual and practical evolution over 125 years and outlines the challenges they face today.

Divine Healing: The Holiness-Pentecostal Transition Years, 1890-1906 James Robinson, 2013-03-06. In the present volume, James Robinson shows how the Holiness movement contributed to the rise of Pentecostalism with emphasis on those sectors that practiced divine healing. Although other scholars have undertaken to explore this story, Robinson's treatment is by far the most thorough examination to date. He draws productively on the burgeoning secondary literatures on Pentecostalism and healing and brings to light frequently overlooked yet revealing primary sources. The events narrated are

fascinating in their own right and are important to the histories of Pentecostalism and healing for how they clarify the processes by which divine healing was pursued debated and often disparaged The text also contributes to larger medical and social histories offering tantalizing glimpses of the roots of some of today s most popular and contested medical and religious responses to sickness and health **Catalog of Copyright Entries. Guaranteed Pure Timothy Gloege,2015-04-27 American evangelicalism has long walked hand in hand with modern consumer capitalism Timothy Gloege shows us why through an engaging story about God and big business at the Moody Bible Institute Founded in Chicago by shoe salesman turned revivalist Dwight Lyman Moody in 1889 the institute became a center of fundamentalism under the guidance of the innovative promoter and president of Quaker Oats Henry Crowell Gloege explores the framework for understanding humanity shared by these business and evangelical leaders whose perspectives clearly differed from those underlying modern scientific theories At the core of their corporate evangelical framework was a modern individualism understood primarily in terms of economic relations Conservative evangelicalism and modern business grew symbiotically transforming the ways that Americans worshipped worked and consumed Gilded Age evangelicals initially understood themselves primarily as new Christian workers employees of God guided by their divine contract the Bible But when these ideas were put to revolutionary ends by Populists corporate evangelicals reimagined themselves as savvy religious consumers and reformulated their beliefs Their consumer oriented orthodoxy displaced traditional creeds and undermined denominational authority forever altering the American religious landscape Guaranteed pure of both liberal theology and Populist excesses this was a new form of old time religion not simply compatible with modern consumer capitalism but uniquely dependent on it **Knowing Christ Today** Dallas Willard,2009-05-26 At a time when popular atheism books are talking about the irrationality of believing in God Willard makes a rigorous intellectual case for why it makes sense to believe in God and in Jesus the Son

Evangelicalism and Fundamentalism in the United Kingdom during the Twentieth Century David W. Bebbington,David Ceri Jones,2013-10-03 Historians have sometimes argued and popular discourse certainly assumes that evangelicalism and fundamentalism are identical In the twenty first century when Islamic fundamentalism is at the centre of the world s attention whether or not evangelicalism should be seen as the Christian version of fundamentalism is an important matter for public understanding The essays that make up this book analyse this central question Drawing on empirical evidence from many parts of the United Kingdom and from across the course of the twentieth century the essays show that fundamentalism certainly existed in Britain that evangelicals did sometimes show tendencies in a fundamentalist direction but that evangelicalism in Britain cannot simply be equated with fundamentalism The evangelical movement within Protestantism that arose in the wake of the eighteenth century revival exerted an immense influence on British society over the two subsequent centuries Christian fundamentalism by contrast had its origins in the United States following the publication of The Fundamentals a series of pamphlets issued to ministers

between 1910 and 1915 that was funded by California oilmen While there was considerable British participation in writing the series the term fundamentalist was invented in an exclusively American context when in 1920 it was coined to describe the conservative critics of theological liberalism The fundamentalists in Britain formed only a small section of evangelical opinion that declined over time When Streams Diverge Daniel W. Draney,2008-07-01 Scholars continue to study the origins of fundamentalist religion in the twentieth century The importance of this study is evident to all who would seek to understand the complex political and religious currents influencing the modern world This study focuses on the Emergence of Protestant fundamentalism in Los Angeles beginning with late nineteenth century trends towards religious radicalism and culminating in the splitting of radical and moderate fundamentalist groups an the Bible Institute of Los Angeles in the late 1920s Highlighted in this study are the complex tensions between mainline Protestants and an emerging sectarian trend among those who would become militant fundamentalist which continues to shape Protestant religion today Routledge Library Editions: Higher Education Various,2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology
