Myers, 2018-01-09 A leading scholar of Jewish history s bracing and challenging case for the role of the historian today Why do we study history What is the role of the historian in the contemporary world These questions prompted David N Myers s illuminating and poignant call for the relevance of historical research and writing His inquiry identifies a number of key themes around which modern Jewish historians have wrapped their labors liberation consolation and witnessing Through these portraits Myers revisits the chasm between history and memory revealing the middle space occupied by modern Jewish historians as they work between the poles of empathic storytelling and the critical sifting of sources History properly applied can both destroy ideologically rooted myths that breed group hatred and create new memories that are sustaining of life Alive in these investigations is Myers s belief that the historian today can and should attend to questions of political and

moral urgency Historical knowledge is not a luxury to society but an essential requirement for informed civic engagement as well as a vital tool in policy making conflict resolution and restorative justice

In Search of Jewish Community Michael Brenner, Derek J. Penslar, 1999-01-22 A collection of essays interrogates the nature of Jewish identity in the time between two world wars The history of Jews in interwar Germany and Austria is often viewed either as the culmination of tremendous success in the economic and cultural realms and of individual assimilation and acculturation or as the beginning of the road that led to Auschwitz By contrast this volume demonstrates a re emerging sense of community within the German speaking Jewish population of these two countries in the two decades after World War I The fresh research presented here shows that while Jews may have experienced a deepening sense of impending crisis and economic decline a renewal of Jewish communal life took place during these years as new groupings sprang up including organizations for youth for rural Jews and for political groups such as Zionists and Bundists Several chapters consider the impact of economic and political crises on German Jewish family life Together these essays form a complex mosaic of German Jewry on the eve of its demise An excellent collection well written and cogently argued David N Myers

The Modern Jewish Experience Jack Wertheimer, 1993-01-01 The pace of scholarly research and academic publication in fields of Judaica has quickened dramatically in the second half of the twentieth century The major consumers and producers of this new scholarship are found in Jewish Studies programs that have proliferated at institutions of higher learning around the world since the 1960s From the vantage point of the nineties it is difficult to fathom that until thirty years ago Jewish studies courses were mainly limited to a few elite universities rabbinical seminaries and Hebrew teachers colleges Today there are few colleges at public or private insitutions of higher learning that do not sponsor at least some courses on aspects of Jewish study In light of this explosion of research on Jewish topics non specialists and educators can benefit from guidance through the thicket of new monographs source anthologies textbooks and scholarly essays The Modern Jewish Experience the result of a multi year collaboration between the International Center for the University Teaching of Jewish Civilization and the Jewish Theological Seminary of America offers just such guidance on a range of issues pertaining to modern Jewish history culture religion and society With contributions from two dozen leading scholars The Modern Jewish Experience presents practical information and guidelines intended to expand the teaching repertoire for undergraduate courses on modern Jewish life as well as a means for college professors to enrich and diversify their courses with discussions on otherwise neglected Jewish communities social and political issues religious and ideological movements and interdisciplinary perspectives Sample syllabi are also included for survey courses set in diverse linguistic settings An indispensable resource for undergraduate instruction this volume may also be used to great profit by educators of adults in synagogue and Jewish communal settings as well as by individual students engaged in private study

Modern Orthodox Judaism: a Documentary History Zev Eleff, Jacob J. Schacter, 2016-07 Modern Orthodox Judaism offers an extensive selection of primary texts documenting the Orthodox

encounter with American Judaism that led to the emergence of the Modern Orthodox movement. Many texts in this volume are drawn from episodes of conflict that helped form Modern Orthodox Judaism. These include the traditionalists' response to the early expressions of Reform Judaism as well as incidents that helped define the widening differences between Orthodox and Conservative Judaism in the early twentieth century. Other texts explore the internal struggles to maintain order and balance once Orthodox Judaism had separated itself from other religious movements. Zev Eleff combines published documents with seldom seen archival sources in tracing Modern Orthodoxy as it developed into a structured movement established its own institutions and encountered critical events and issues some that helped shape the movement and others that caused tension within it. A general introduction explains the rise of the movement and puts the texts in historical context. Brief introductions to each section guide readers through the documents of this new dynamic Jewish expression. Jewish Historiography Between Past and Future Paul Mendes-Flohr, Rachel Livneh-Freudenthal, Guy Miron, 2019-07-22. From its modest beginnings in 1818 Berlin, Wissenschaft des Judentums has burgeoned into a scholarly discipline pursued by a vast cadre of scholars. Now constituting a global community, these scholars continue to draw their inspiration from the determined pioneers of Wissenschaft des Judentums in nineteenth and twentieth century Germany. Beyond setting the highest standards of philological and historiographical research, German Wissenschaft des Judentums had a seminal role in creating modern Jewish discourse in which cultural memory supplemented traditional Jewish learning. The secular character of modern Jewish Studies initially pursued largely in German and subsequently in other vernacular languages e.g. French, Dutch, Italian, modern Hebrew, Russian greatly facilitated an exchange with non-Jewish scholars and thereby encouraging mutual understanding and respect. The present volume is based on papers delivered at a conference sponsored by the Leo Baeck Institute in Jerusalem by scholars from North America, Europe and Israel. The papers and attendant deliberations explored ramified historical and methodological issues. Taken as a whole, the volume represents a tribute to the two hundred year legacy of Wissenschaft des Judentums and its singular contribution to not only modern Jewish self-understanding but also to the unfolding of humanistic cultural discourse. Redefining Judaism in an Age of Emancipation Christian Wiese, 2006-11-30. Based on a comparative and interdisciplinary approach, this volume for the first time interprets the biography and philosophy of the German Jewish thinker Samuel Holdheim (1806-1860) shedding new light on a neglected phenomenon of nineteenth century Jewish intellectual history: the radical Reform Movement that started in Germany and culminated in the American Jewish Reform ideology. Leading scholars of modern Jewish history and thought from Germany, France, Belgium and the United States present a thorough reading of Holdheim's influential writings in the broader context of the debates within German Jewry about the modernization of Jewish identity in an age of political emancipation and cultural integration including such controversial issues as the authority of the rabbinical tradition or the re-interpretation of the ceremonial laws. Reader's Guide to Judaism Michael Terry, 2013-12-02. The Reader's Guide to Judaism is a survey of English language translations of the

most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **Secularism in Question** Ari Joskowitz, Ethan B.

Katz, 2015-06-30 For much of the twentieth century most religious and secular Jewish thinkers believed that they were witnessing a steady ongoing movement toward secularization Toward the end of the century however as scholars and pundits began to speak of the global resurgence of religion the normalization of secularism could no longer be considered inevitable Recent decades have seen the strengthening of Orthodox movements in the United States and in Israel religious Zionism has grown and radically changed since the 1960s and new and vibrant nondenominational Jewish movements have emerged *Secularism in Question* examines the ways these contemporary revivals of religion prompt a reconsideration of many issues concerning Jews and Judaism from the early modern era to the present Bringing together scholars of history religion philosophy and literature this volume illustrates how the categories of religious and secular have frequently proven far more permeable than fixed The contributors challenge the problematic assumptions about the development of secularism that emerge from Protestant European and American perspectives and demonstrate that global Jewish experiences necessitate a reappraisal of conventional narratives of secularism Ultimately *Secularism in Question* calls for rethinking the very terms that animate many of the most contentious debates in contemporary Jewish life and far beyond Contributors Michal Ben Horin Aryeh Edrei Jonathan Mark Gribetz Ari Joskowitz Ethan B Katz Eva Lezzi Vivian Liska Rachel Manekin David Myers Amnon Raz Krakotzkin Andrea Schatz Christophe Schulte Daniel B Schwartz Galili Shahar Scott Ury *The Making of Western Jewry, 1600-1819* L. Kochan, 2004-11-19 In a broad sweep from Central Europe to Ireland and from the Sixteenth to the early Nineteenth century this work puts the Jewish community and its rabbinic and lay leaders at the centre of Jewish history Of surpassing value is Kochan's treatment of the community not only as a religious but also as a political unit

Agents of Change Adam S. Ferziger, 2025-07-29 The rise of moderate Orthodox Judaism in Israel and the key role of Americans in its emergence The conservative ultra Orthodox and redemptive Kook camps hold sway over religious matters in Israel Yet from the mid 1960s to the early 1980s a small cadre of American immigrants arrived in Israel and established or led a range of educational institutions that trained thousands of advanced students and laid the ideological foundations for an Israeli moderate religious stream In *Agents of Change* Adam S Ferziger highlights the parts played by these Americans in promoting the rise of a transnational community of moderate Jewish Orthodoxy Analyzing the novel outlooks that have found expression in central areas of debates from women's engagements in religious and public life and approaches to the gay and lesbian community to interactions with non Orthodox denominations and attitudes toward academic Jewish studies Ferziger illuminates both shifting religious dynamics in Israel as a result of this rise in moderate Orthodoxy as well as the changing

relationship between Israeli and American Judaisms challenging current understandings which see the Jewish communities of the two nations as drifting apart Though a minority in Israel this vocal Orthodox community with a more moderate take on key issues is significant in potentially paving the way for social change Increasingly their influence is being felt Shedding light on the impact of American migration in forming a burgeoning moderate religious direction in Israeli life that has challenged the hegemony of the long dominant direction within Religious Zionism Agents of Change offers a fresh perspective on the multifaceted collaboration of ideas and practices that exists between Israel and America

Jews and Judaism in the 21st Century Edward Feinstein, 2007 Celebrate the prospects for Judaism in a new century Join in as five celebrated thinkers reset the Jewish clock for a renewed Jewish future As communal leaders and rabbinic teachers these five rabbis are witnesses to the cataclysmic history of twentieth century Jewry the experience of a community split and torn the internal brokenness of Jewish community life and the narrowness of Jewish vision In this inspiring book they present their ideas for repairing this breach in Jewish time and for shaping Jewish life in the coming century Together they reflect on pluralism in the Jewish community the new spirituality the meaning of the Holocaust and the State of Israel and their hope for the revival of Jewish life

The Formation of a Modern Rabbi Samuel Joseph Kessler, 2022-12-16 An intellectual biography that critically engages Adolf Jellinek's scholarship and communal activities Adolf Jellinek 1821-1893 the Czech born German educated liberal chief rabbi of Vienna was the most famous Jewish preacher in Central Europe in the second half of the nineteenth century As an innovative rhetorician Jellinek helped mold and define the modern synagogue sermon into an instrument for expressing Jewish religious and ethical values for a new era As a historian he made groundbreaking contributions to the study of the Zohar and medieval Jewish mysticism Jellinek was emblematic of rabbi as scholar preacher during the earliest formative years of communal synagogues as urban religious space In a world that was rapidly losing the felt and remembered past of premodern Jewish society the rabbi with Jellinek as prime exemplar took hold of the Sabbath sermon as an instrument to define and mold Judaism and Jewish values for a new world
