Racing Chassis and Suspension Design Carroll Smith, 2004-05-21 Hand selected by racing engineer legend Carroll Smith the 28 SAE Technical Papers in this book focus on the chassis and suspension design of pure racing cars an area that has traditionally been farmed out to independent designers or firms since the early 1970s Smith believed that any discussion of vehicle dynamics must begin with a basic understanding of the pneumatic tire the focus of the first chapter The racing tire connects the racing car to the track surface by only the footprints of its four tires Through the tires the driver receives most of the sensory information needed to maintain or regain control of the race car at high force levels The second chapter focusing on suspension design is an introduction to this complex and fascinating subject Topics covered include chassis stiffness and flexibility suspension tuning on the cornering of a Winston Cup race car suspension kinematics and vehicle dynamics of road racing cars Chapter 3 addresses the design of the racing chassis design and how aerodynamics affect the chassis and the final chapter on materials brings out the fact that the modern racing car utilizes carbon construction to the maximum extent allowed by regulations These technical papers written between 1971 and 2003 offer what Smith believed to be the best and most practical nuggets of racing chassis and suspension design information **History of the Electric Automobile** Ernest Henry Wakefield, 1993-08-01 History of the Electric Automobile covers the evolution from the first electric vehicles of the 1880s to the advances of today Beginning with early electric vehicle development in England France and the United States this book provides an in depth look at the so called golden age of electric vehicles 1895 1905 demonstrating the technological improvements and business risks of this era This history also explores the dead period of the 1930s 1940s and 1950s and the subsequent re birth of interest in electric vehicles in the early 1960s Events which have
