Comparative Studies in Republican Latin Imagery Elaine Fantham, 1972-12-15 Of all stylistic devices imagery has the greatest appeal to the imagination but is also the most likely to offend either by staleness or by tasteless excess This volume establishes some of the limitations which govern figurative language in Latin speech and prose by exploring such questions as these From what physical or social contexts is Latin imagery derived To what extent is it influenced by the primacy of Greek as a cultural language and the derivation of the earliest Latin literature from Greek models How are the metaphors expressed in terms of syntax through verb noun adjective or a combination of syntactical forms How are the form and content of imagery related to the literary genre In this study Professor Fantham analyses in detail the conservative imagery of Terence and of Cicero s letters contrasting this naturalistic language with the fantasies of Plautus and the formalization of Cicero s speeches A separate chapter on the *de Oratore* shows how the thematic and structural use of metaphor and analogy provide balance and continuity giving Latin prose imagery its full role in a mature classical work of art Numerous illustrative passages from Greek New Comedy Terence Plautus and Cicero are reproduced in the text

The Global Guide to Animal Protection Andrew Linzey, 2013-06-01 Raising awareness of human indifference and cruelty toward animals. The Global Guide to Animal Protection includes more than 180 introductory articles that survey the extent of worldwide human exploitation of animals from a variety of perspectives. In addition to entries on often disturbing examples of human cruelty toward animals, the book provides inspiring accounts of attempts by courageous individuals including Jane Goodall, Shirley McGreal, Birute Mary Galdikas, Richard D. Ryder, and Roger Fouts to challenge and change exploitative practices. As concern for animals and their welfare grows, this volume will be an indispensable aid to general readers, activists, scholars, and students interested in developing a keener awareness of cruelty to animals and considering avenues for reform. Also included is a special foreword by Archbishop Desmond Tutu urging readers to seek justice and protection for all creatures, humans and animals alike. [Respectable and Disreputable](#) Jeffrey C. [Respectable and Disreputable](#) describes how Montgomerians spent their increasing leisure time during the four decades preceding the Civil War. Everyday activities included gambling, drinking, sporting, hunting, and voluntary associations; military, literary, self-improvement, fraternal, and civic. The book also includes seasonal activities, religious, and national holidays, fairs, balls, horse racing, and summering at mineral springs. Commercial entertainment, which became more prominent in the late antebellum period, included theater, opera, circuses, and minstrel shows. Historian Jeffrey Benton describes not only those everyday, seasonal, and commercial activities but also shows how antebellum society debated the moral and philosophical questions of how leisure time should be spent. Woven throughout the book are comparisons between Montgomery and other cities and towns in antebellum America. Although the United States may have been increasingly divided economically on rural/urban experiences and, of course, on the issue of slavery, it seems that antebellum Americans at least those living in or with easy access to urban areas shared very similar leisure time activities.
