Reading Acts Today Loveday Alexander, 2011-09-15 The Early Text of the New Testament Charles E. Hill, Michael J. Kruger, 2012-06-14 The Early Text of the New Testament aims to examine and assess from our earliest extant sources the most primitive state of the New Testament text now known What sort of changes did scribes make to the text What is the quality of the text now at our disposal What can we learn about the nature of textual transmission in the earliest centuries In addition to exploring the textual and scribal culture of early Christianity this volume explores the textual evidence for all the sections of the New Testament It also examines the evidence from the earliest translations of New Testament writings and the citations or allusions to New Testament texts in other early Christian writers *Acts in its Ancient Literary Context* Loveday Alexander, 2007-03-29 Here gathered for the first time is a collection of Loveday Alexander's critically acclaimed essays on the Acts of the Apostles In this collection of essays Alexander addresses the central question What kind of book is Acts She approaches the text of Acts with a finely tuned sense of the complexities of the conventional codes that governed reading and writing in the classical world and argues that the differences between New Testament texts and contemporary writings in the Graeco Roman world can be as revealing as the similarities The collection begins with Alexander's classic analysis of the literary codes governing the preface to Luke's two volume work in which she challenges the dominant consensus that the language and structure of the preface evoke the generic conventions of Greek historiography That insight opens up the possibility of reading Acts alongside other ancient literary genres the lives of the Greek philosophers the Greek novels of Chariton and Xenophon of Ephesus Roman itineraries Greek and Jewish apologetic and Latin epic The process like the narrative of Acts itself becomes a rich and evocative voyage of exploration shedding light both on the varied social worlds of the author and his first readers and on the complex communication problems underlying the creation of early Christian discourse This is volume 289 in the Journal for the Study of the New Testament Supplement series and is also part of the Early Christianity in Context series **Raconter, interpréter, annoncer** Yvan Bourquin, 2003 Bibliographie de Daniel Marguerat p 373 378 **Relecturas de los Hechos de los Apóstoles** Michel Berder, Gérard Billon, Yves-Marie Blanchard, Odile Flichy, Philippe Léonard, Claude Tassin, 2014-05-30 Por una parte está n las relecturas de los Hechos de los Apóstoles llevadas a cabo a lo largo de los años desde Ireneo de Lyon siglo II hasta hoy Ireneo estaba preocupado por el arraigo apostólico de la fe cristiana artículo de Y M Blanchard Los investigadores de hoy día se preocupan por el valor histórico y la unidad de la obra por las relaciones con el judaísmo y el arte del relato artículo de O Flichy Por otra parte están las relecturas efectuadas y presentadas en el texto mismo de los Hechos mediante citas o alusiones según el llamado fenómeno literario de la intertextualidad El segundo tomo de la obra a Teófilo está vinculado al primero el evangelio mediante un juego de remisiones artículo de M Berder Las múltiples citas de la Escritura en particular en los discursos de Pedro y Pablo tienen una función teológica artículo de Ph Léonard y G Billon A veces Lucas apela al gran texto motor de las tradiciones judías o

dynamic of the text taken as a whole Even if the technical vocabulary of narrative analysis is not used and the main results of the historical critical criticism particularly those of redaction criticism are not neglected as the notes will reveal it is narrative criticism that guides the proceedings *The Disciples in the Fourth Gospel* Nicolas Farelly,2010 Revised version of the author s thesis doctoral University of Gloucestershire 2009 *Encountering Images of Spiritual Transformation* James M. Morgan,2013-02-27 Luke Acts is an impressive two volume narrative seeking to convince and engage readers regarding the spiritual impact of Jesus of Nazareth on the Jewish people and other nations To this end Luke employs an impressive arsenal of literary and narrative techniques This book focuses on a motif and its performance the thoroughfare motif which includes those figurative and concrete expressions involving ways roads city streets and country paths This study traces this motif s performance within the unfolding plot asking what difference the motif makes progressively and cumulatively to the reader s encounter with the story s emphasis on salvation For example why does Luke take pleasure in describing transformational events on or in relation to thoroughfares What are the connections between expressions like the way of peace the way of salvation and the way of God Lord Why does Luke use such an unusual expression like the Way to describe Jesus followers How do such expressions contribute to the spiritual landscape of Luke Acts the intermingling of concrete and figurative uses of physical imagery Like an instrument in an orchestra the thoroughfare motif works together with other motifs and themes to create a captivating exploration of spiritual transformation received and opposed **A Grammar of the Ethics of John** Jan G. van der Watt,2019-11-12 Jan G van der Watt analyses in detail the ethics of John s letters against their respective socio historical backgrounds He then compares the ethics of the Gospel and Letters showing that the basic core narrative overlaps in these writings although some ethical material is applied in different ways to different situations A rich ethical landscape is revealed addressing issues like the importance of interpersonal relations which results in co operation through mutual love The author shows that the focus in 1 John is pastoral aiming at convincing the addressees not to be deceived by their schismatics but to strengthen their relationships with the eyewitness group In 2 John advice is given about visitors who threaten the church with false teachings while 3 John deals with a conflict about receiving travelling missionaries In both cases ethical guidelines are given which aim at protecting the group Volume 2 Dust Jacket Inside front Flap Oriental Translation Fund ,1847 A first french source Auteur inconnu,2025-09-17 Reprint of the original first published in 1874 The french principia Part 1 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Dramatists of the Restoration: John Wilson** William Hugh Logan,1874 **Inhabiting Silence** Francesca Sbardella,2025-10-01 Monasteries are typically characterized by physical and symbolic limitations on access as they are usually known through written texts and accounts by nuns who live in that world but do not allow others to have access This has often resulted in research based on indirect sources This volume is the result of observant participation in
