David R. Marples

Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin:

Russia's Workers in Transition Paul Thomas Christensen,1999 How is it that the Soviet superpower became the economically dependent Russia of the late 1990s Based upon archival research and extensive fieldwork this study compares the policies of Gorbachev and Yeltsin as each attempted to come to grips with the Soviet economic legacy Russia s Workers in Transition will spark spirited debate among those interested in Soviet and Russian history and politics labor policy and democratic transitions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Reforming the Russian Industrial Workplace Elena Shulzhenko,2017-04-21 Based on extensive original research this book explores how far the Soviet pattern of industrial workplace organisation characterised by a high level of management discretion authoritarian control and the use of punitive methods on the shop floor has been replaced by internationally established practices with a greater emphasis on a lean organisation and employee involvement in quality improvement The book explores how the market reforms of the 1990s raised companies attention to product quality but did not lead to a change in the management methods which only began with the increased internationalisation of the Russian economy in the 2000s The book includes a rich in depth study of multinational and domestic companies and argues that a move from the Soviet pattern of workplace organisation to new practices is only likely to occur in companies with strong ties to international partners who provide support for and audit the implementation and upholding of international management standards The research shows that local companies not exposed to such international collaboration continue with the old methods

Organized Labor In Postcommunist States Paul J. Kubicek,2010-11-23 The end of communism was marked by many ironies not the least of which was the emergence of working class movements that challenged what the party state called workers paradises Throughout eastern Europe labor unions played a significant role in bringing about regime change then emerged as the largest organizations in civil society Once well positioned to play a significant role in if not to dominate the postcommunist transformation of Russia Poland Ukraine and Hungary among other countries organized labor groups have largely vanished from the stage Examining and explaining this disjunction is the focus of *Organized Labor in Postcommunist States* Paul Kubicek offers a comparative study of organized labor s fate in four postcommunist countries and examines the political and economic consequences of labor s weakness He notes that with few exceptions trade unions have lost members and suffered from low public confidence Unions have failed to act while changing economic policies have resulted in declining living standards and unemployment for their membership While some of labor s problems can be traced to legacies of the communist period Kubicek draws upon the experience of unions in the West to argue that privatization and nascent globalization are creating new economic structures and a political playing field hostile to organized labor He concludes that labor is likely to remain a marginalized economic and political force for the foreseeable Routledge Handbook of Russian Politics and Society Graeme Gill,James Young,2013-03 There is an ever burgeoning number of books analyzing the Russian

experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations

China's Transition from Communism - New Perspectives Guoguang Wu, Helen Lansdowne, 2015-11-06 As China moved from a planned to a market economy many people expected that China's political system would similarly move from authoritarianism to democracy It is now clear however that political liberalisation does not necessarily follow economic liberalisation This book explores this apparent contradiction presenting many new perspectives and new thinking on the subject It considers the path of transition in China historically makes comparisons with other countries and examines how political culture and the political outlook in China are developing at present A key feature of the book is the fact that most of the contributors are China born Western trained scholars who bring deep knowledge and well informed views to the study

A Companion to Russian History Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

The Politics of Protest in Hybrid Regimes Graeme B. Robertson, 2010-12-20 Since the end of the Cold War more and more countries feature political regimes that are neither liberal democracies nor closed authoritarian systems Most research on these hybrid regimes focuses on how elites manipulate elections to stay in office but in places as diverse as Bolivia Georgia Kyrgyzstan Serbia Thailand Ukraine and Venezuela protest in the streets has been at least as important as elections in bringing about political change The Politics of Protest in Hybrid Regimes builds on previously unpublished data and extensive fieldwork in Russia to show how one high profile hybrid regime manages political competition in the workplace and in the streets More generally the book develops a theory of how the nature of organizations

in society state strategies for mobilizing supporters and elite competition shape political protest in hybrid regimes

Workers, Unions, and Global Capitalism Rohini Hensman, 2011-01-27 While it is easy to blame globalization for shrinking job opportunities dangerous declines in labor standards and a host of related discontents the flattening of the world has also created unprecedented opportunities for worker organization By expanding employment in developing countries especially for women globalization has formed a basis for stronger workers rights even in remote sites of production Using India's labor movement as a model Rohini Hensman charts the successes and failures strengths and weaknesses of the struggle for workers rights and organization in a rich and varied nation As Indian products gain wider acceptance in global markets the disparities in employment conditions and union rights between such regions as the European Union and India's vast informal sector are exposed raising the issue of globalization's implications for labor Hensman's study examines the unique pattern of employees unionism which emerged in Bombay in the 1950s before considering union responses to recent developments especially the drive to form a national federation of independent unions A key issue is how far unions can resist protectionist impulses and press for stronger global standards along with the mechanisms to enforce them After thoroughly unpacking this example Hensman zooms out to trace the parameters of a global labor agenda calling for a revival of trade unionism the elimination of informal labor and reductions in military spending to favor funding for comprehensive welfare and social security systems

Russian Civil Society: A Critical Assessment Alfred B. Evans, Laura A. Henry, Lisa Sundstrom, 2016-07-22 A vibrant civil society characterized by the independently organized activity of people as citizens undirected by state authority is an essential support for the development of freedom democracy and prosperity Thus it has been one important indicator of the success of post communist transitions This volume undertakes a systematic analysis of the development of civil society in post Soviet Russia An introduction and two historical chapters provide background followed by chapters that analyze the Russian context and consider the roles of the media business organized crime the church the village and the Putin administration in shaping the terrain of public life Eight case studies then illustrate the range and depth of actual citizen organizations in various national and local community settings and a concluding chapter weighs the findings and distills comparisons and conclusions

Russia in the Twentieth Century David R. Marples, 2014-01-14 The history of Russia as the natural successor to the Soviet Union is of crucial importance to understanding why communism ultimately lost out to Western democracy and the free market system David Marples presents a balanced overview of 20th century Russian history and shows that although contemporary Russia has retained many of the practices and memories of the Soviet period it is not about to revert back to the Soviet example

Historical Dictionary of Organized Labor James C. Docherty, Sjaak van der Velden, 2012-06-14 Organized labor is about the collective efforts of employees to improve their economic social and political position It can be studied from many different points of view historical economic sociological or legal but it is fundamentally about the struggle

for human rights and social justice As a rule organized labor has tried to make the world a fairer place Even though it has only ever covered a minority of employees in most countries its effects on their political economic and social systems have been generally positive History shows that when organized labor is repressed the whole society suffers and is made less just The Historical Dictionary of Organized Labor looks at the history of organized labor to see where it came from and where it has been This is done through a chronology an introductory essay appendixes a glossary of terms and an extensive bibliography The dictionary section has over 400 cross referenced entries on most countries international as well as national labor organizations major labor unions leaders and other aspects of organized labor such as changes in the composition of its membership This book is an excellent access point for students researchers and anyone wanting to know more about organized labor

Owning Russia Andrew S. Barnes, 2018-07-05 During and after the breakdown of the Soviet Union a wide range of competitors fought to build new political and economic empires by wresting control over resources from the state and from each other In the only book to examine the evolution of Russian property ownership in both industry and agriculture Andrew Barnes uses interviews archival research and firsthand observation to document how a new generation of capitalists gained control over key pieces of the Russian economy by acquiring debt ridden factories and farms once owned by the state He argues that although the Russian government made policies that affected how actors battled one another it could never rein in the most destructive aspects of the struggle for property Barnes shows that dividing the spoils of the Soviet economy involved far more than the experiment with voucher privatization or the scandalous behavior of a few Moscow based oligarchs In Russia the control of property yielded benefits beyond mere profits and these high stakes fueled an intense enduring and profound conflict over real assets This fierce competition empowered the Russian executive branch at the expense of the legislature dramatically strengthened managers in relation to workers created a broad array of business conglomerates and fundamentally shaped regional politics not only blurring the line between government and business but often erasing it

Boris Yeltsin and Russia's Democratic Transformation Herbert J. Ellison, 2006 Much has been written about Yeltsin but rarely has it been as balanced and insightful as this book It is a much needed well deserved corrective to conventional wisdom that overlooks or sells short Yeltsin's basically positive international stage Strobe Talbott president of the Brookings Institution and former U S deputy secretary of state

Towards a Comparative History of Coalfield Societies Andy Croll, 2017-05-15 Few areas of labour history have received as much attention as the coal industry with miners often finding themselves at the centre of studies on working class political and industrial history Yet whilst much has been written about the struggles of miners and their unions in particular countries their national confrontations and political organization much less work has been done on the regional communities and how they related both to the national and international picture The central theme of this volume is to transcend such over arching national models and to focus instead on local coal mining societies which can then be compared and contrasted to similar communities elsewhere In so

doing the book is able to tackle a number of familiar labour history themes in a more nuanced way exploring issues of political activism and class relationships from the perspectives of gender ethnicity race and specific localized cultural traditions As the chapters in this volume illustrate such an approach can offer rich and often surprising conclusions in many cases challenging the accepted notion of miners as the vanguard of militant working class political activism Adopting a regional approach that compares coalfield communities from five continents this volume reflects coalfield experiences on a truly global scale By looking at what made communities unique as well as what they shared in common a much fuller understanding of the workplace neighbourhood family identity and political organization is possible Underlining the strong connections between politics community and identity this work emphasizes the challenges and opportunities available to labour historians pushing forward the boundaries of the discipline in new and exciting ways

Eastern European Capitalism in the Making Elena A. Iankova, 2002-09-09 Publisher Description **IBSS** Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Moments of Decision* Stephen Eric Bronner, 2014-07-31 In this updated and expanded second edition the radical classic *Moments of Decision* has been updated in the 20 years since it was first published Reexamining observations made in the immediate rubble left after the fall of communism Bronner blends political meditation philosophical critique and history lesson to illuminate the crises of radicalism that have defined the 20th and 21st century socio political landscape It is a critical part of the conversation surrounding socialist historiography and the development of the West as we now conceive of it With clear accessible prose Bronner's classic text is revived and revised in this volume ideal for students scholars and any interested in political history theory and international relations **Motherland** David R. Marples, 2014-10-13 *Motherland* tells the dramatic story of the rise and fall of the Soviet Union From Lenin's virtual coup in November 1917 to Boris Yeltsin's ruthless takeover of power in 1991 the book culminates with a new view of the Yeltsin years David Marples focuses on the evolution of Russia during the Soviet period and the attempt to harness Russian nationalism to the avowed Soviet mission of promoting World Communism Along the way he analyses some of the more intensive historical debates and uncovers some of the myths perpetuated by state propaganda especially those associated with the Great Patriotic War *International Labour Documentation* International Labour Office. Central Library and Documentation Branch, 2000 **Bibliographic Guide to Slavic, Baltic, and Eurasian Studies**, 2000

Right here, we have countless books **Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin** and collections to check out. Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin Introduction

In today's digital age, the availability of Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries

often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books and manuals for download and embark on your journey of knowledge?

FAQs About Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin Books

1. Where can I buy Russias Workers In Transition Labor Management And The State Under Gorbachev And Yeltsin books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
