

# SEXUAL READINESS CHECKLIST

How do you know when you are ready to have sex? This is different for everyone, so there is no one right answer. To help you figure out if this is something you are ready for, check out these five things to consider when it comes to sexual readiness.

## 1. YOUR BODY

What are you noticing in your body? How are you feeling when you are with your potential sexual partner? Have you explored your self? What kinds of pleasurable touch do you enjoy? Do you feel comfortable talking about and sharing your body with someone else?

## 2. SAFETY

Safety is key to having fun! Have you researched methods of protection against STIs and pregnancy? What have you and your partner discussed as the best methods for you two?

## 3. EDUCATION

Education is valuable. What do you know about sex? Have you read any books or articles online? We all pick up messages and information about sex from media, friends, and school, but what reliable sources are you getting your information from? Do a fact check and see what areas you might need to do some further exploring in.

## 4. EXPECTATIONS

Take some time to sit down with your partner to discuss expectations you have about your first time. It's important expectations are communicated to avoid disappointment. Discuss expectations you have for the overall experience, for your partner and for yourself. Remind each other that your first time isn't going to be perfect and that there's lots of room for practice and growth.

## 5. NO PRESSURE

Make sure sex is something that you want to do and not something you are feeling pressured to do. Check in with yourself and your partner about why you think having a sexual relationship makes sense for you right now.
