Sexual Assault on the College Campus Martin D. Schwartz,Walter S. DeKeseredy,1997-01-02 For many students coeducational college campus life is marred by traumatic experiences of sexual assault While there are many social determinants of rape and attempted rape this work examines the pivotal role of male peer support in legitimizing the sexual assault of women The authors use extensive prior studies together with their own investigations including a national representative study and local campus victimization surveys carried out in the United States and Canada

Rape, Incest, and Sexual Harassment Nancy L. Carlson,Kathryn Quina,1989-12-11 A working guide to the treatment of survivors of sexual victimization this book treats rape incest and harassment as related forms of sexual abuse It reviews present literature on the long term effects of sexual assault and considers the services and support that survivors require Covering a wide range of issues and treatment approaches focus is placed on the older adolescent and adult The phases of recovery following sexual abuse are described together with the type of assistance most appropriate at each phase The authors provide numerous case studies and emphasize the individuality of both survivor and response This guide should be used by both professional and layperson to help the sexually abused transcend feelings of victimization Rape Incest and Sexual Harassment discusses the issues raised by victimization It then deals with the immediate aftermath of sexual abuse focusing on crisis intervention and advocacy with respect to emotional medical and legal needs One section devoted to counselors working with long term effects on survivors matches interventions to the individual client's needs and offers models for counseling frameworks Special needs are also addressed The book concludes with a look at the larger social problems associated with abuse and violence

A New Approach to the History of Violence Francisca Loetz,2015-06-02 Up to now historical research has treated violence mainly with reference to war murder or massacre Francisca Loetz argues for a new complementary approach to history of violence as an interpersonal form of social action experienced as unacceptable behavior and aiming to subjugate the victim in everyday life Analyzing cases of what the sources call sexual assault and sexual abuse in the city state of Zurich between 1500 and 1850 Loetz discusses fundamental methodological problems such as how can violence be defined as a concept What makes violence what it is in a given society Why is early modern sexual assault and sexual abuse not equivalent to modern rape and abuse How does Zurich compare with pre modern Europe

The Epidemic of Rape and Child Sexual

Abuse in the United States Diana E H. Russell, Rebecca M. Bolen, 2000-07-06 The authors clearly document the need for special techniques when interviewing about sensitive sexual issues and their defense of Russell's prevalence rates is convincing. Readers will gain an understanding of the impact of research methods on results and the interplay of political agendas and research interests. Extensive references as well as clear tables and figures. Highly recommended for academic collections. Choice This is a fascinating book which will have wide appeal to academicians and scholars in the field. Dr Russell's outstanding reputation in the field should sell any book and this book is another example of her excellent work. I offer my highest praises for this book and believe it will become an instant classic. Helen M Eigenberg Ph D Professor and Director of the School of Social and Community Services This long awaited follow up to Diana Russell's landmark 1984 book *Sexual Exploitation* examines the many and often conflicting findings of studies that have since been conducted on the incidence and prevalence of rape and child sexual abuse in the United States. The wide variation in prevalence rates obtained by these studies for example rape rates ranging from 2.6% to 44% has led many hostile critics to attack the high rates as misleading and alarmist. Diana E H Russell and Rebecca M Bolen's careful evaluation of 14 government and privately funded studies including Russell's own provides a definitive statement on the realities concerning the prevalence of rape and child sexual abuse. Their evaluations consider the various definitions researchers have used for rape and child sexual assault as well as their methodologies for collecting data. The authors also address in particular the sexual victimization statistics reported by two important U S government agencies the FBI and the Bureau of Justice Statistics both of which have reported relatively low incidence rates. This book also addresses the widely publicized backlash criticism from both anti feminists and a new breed of feminist critics claiming that high sexual assault rates are greatly exaggerated. Armed with the belief that accurate information about the magnitude of sexual assault in society is vital to the theory prevention and treatment of these crimes the authors have produced a ground breaking resource that is a must read book for those who study educate about and help the women and girls who are victims of sexual assault.

You Are Not Alone Jyssica Schwartz, 2019-02-20 In the wake of the metoo movement times are changing. Victims and survivors of sexual assault abuse and harassment are no longer staying quiet but are raising their voices to stand up speak out and use their truth to bring these atrocities to light in the hopes of making lasting change. This book has 56 stories from women and men who were willing to come forward and donate their experiences in order to break their silence start healing and help others. The stories come from contributors as young as 14 years old to as old as 72. They are stories of survival. They are stories of the depths to which some people go uncaring of how they affect others or whom they hurt. They are stories of predators and victims. These are victims who are no longer willing to bear their experiences in silence. It is time to see the writers of these stories as more than victims but as who they really are. Survivors. Advocates. Mothers. Daughters. Sons. Friends.
