Sexual Orientation Gender Expression I:

Sexual Orientation and Gender Expression in Social Work Practice Deana F. Morrow, Lori Messinger, 2006-02-01

This volume offers an invaluable resource for both social work educators and practitioners working with gay lesbian bisexual and transgender GLBT clients and their families. It is the first such work to specifically address issues affecting bisexual and transgender people as well as the larger concerns of the GLBT community. Contributors present specific practical suggestions for effective knowledge based and skills based practice with GLBT clients. Topics include heterosexism and homophobia, identity development, coming out, GLBT adolescents and older adults, health care concerns, relationships and families, workplace issues, the history of the GLBT civil rights movement, sex reassignment, AIDS, and the role of spirituality in the lives of GLBT individuals. The contributors also consider intragroup issues of race, ethnicity, age, and socioeconomic status.

Understanding Sexual Orientation and Gender Identity Robert Rodi, Laura Ross, 2017. Until relatively recently, homosexuality was considered a mental illness or a biological disorder or worse. Today, lesbian, gay, bisexual, and transgender LGBT people have the evidence of scientific research and their authentic experiences of happy and fulfilling lives to support the pride of identity that is their right. This book traces the nature versus nurture debate over the origin of same sex attraction and gender identity. The theories put forth over the years that there is a gay gene, that the way a child is raised can turn her gay, or that being gay is somehow a choice, all came to be used in the service of political agendas, often harming LGBT people. Examining the major genetic, biological, and psychological theories of the origins of homosexuality, this book questions those traditional notions of gender, gender identity, and sexual orientation that are at the center of LGBT people's sense of identity and their struggle for civil rights and a happy and fulfilling life. Each title in this series contains a foreword from the founder of the Gay Lesbian Straight Education Network (GLSEN), color photos throughout, and back matter including an index and further reading lists for books and internet resources. Key Icons appear throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities, and expand their viewpoints through our content-rich non-fiction books. Key Icons in this series are as follows: Words to Understand are shown at the front of each chapter with definitions. These words are set in boldfaced type in that chapter so that readers are able to reference back to the definitions, building their vocabulary and enhancing their reading comprehension. Sidebars are highlighted graphics with content-rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives. Text-Dependent Questions are placed at the end of each chapter. They challenge the reader's comprehension of the chapter they have just read while sending the reader back to the text for more careful attention to the evidence presented there. Research Projects are provided at the end of each chapter as well and provide readers with suggestions for projects that encourage deeper research and analysis. And a Series Glossary of Key Terms is included in the back matter, containing terminology used throughout the series. Words found here
