Søren Aabye Kierkegaard 1813-1855 The Father Of Existentialism:

Religious Books and Serials in Print, 1980-1981, 1980 **Søren Aabye Kierkegaard, (1813-1855)** Peter Preisler Rohde, 1983 **Søren Aabye Kierkegaard** Peter P. Rohde, 1983 *Søren Aabye Kierkegaard, (1813-1855) : the Father of Existentialism* Peter P. Rohde, 1963 **The Seducer's Diary - S. Kierkegaard** Søren Kierkegaard, 2024-05-24 The

Seducer's Diary is an introspective exploration of aesthetic desire, psychological manipulation, and the existential dilemmas of human freedom. Søren Aabye Kierkegaard presents a narrative that delves into the mind of Johannes, a charismatic and calculating seducer who meticulously orchestrates the emotional downfall of a young woman named Cordelia. Through this intimate and confessional format, the work examines themes of seduction, commitment, and the consequences of living an aesthetic life detached from ethical responsibility. Since its publication, *The Seducer's Diary* has been recognized for its psychological depth and philosophical significance within Kierkegaard's broader authorship. Its analysis of emotional manipulation and existential choice continues to provoke reflection on the moral costs of aesthetic detachment. The diary form intensifies the reader's engagement with Johannes's internal conflicts and ethical evasions, offering a disturbing yet insightful look into the dynamics of human relationships and self-deception. The book's lasting relevance stems from its unflinching portrayal of the tensions between desire and duty, appearance and authenticity. By confronting readers with the uncomfortable realities of emotional exploitation and the hollow pursuit of pleasure, *The Seducer's Diary* challenges individuals to examine their own values and the ethical dimensions of their personal relationships. **The Quotable**

Kierkegaard Søren Kierkegaard, 2013-10-27 The most comprehensive and authoritative collection of Kierkegaard quotations ever published. Why I so much prefer autumn to spring is that in the autumn one looks at heaven, in the spring at the earth. Søren Kierkegaard. The father of existentialism. Søren Kierkegaard 1813-1855 was a philosopher who could write like an angel. With only a sentence or two, he could plumb the depths of the human spirit. In this collection of some 800 quotations, the reader will find dazzling bon mots next to words of life-changing power. Drawing from the authoritative Princeton editions of Kierkegaard's writings, this book presents a broad selection of his wit and wisdom, as well as a stimulating introduction to his life and work. Organized by topic, this volume covers notable Kierkegaardian concerns such as anxiety, despair, existence, irony, and the absurd, but also erotic love, the press, business, and the comic. Here readers will encounter both well-known quotations: "Life must be understood backward. But then one forgets the other principle that it must be lived forward" and obscure ones: "Beware false prophets who come to you in wolves' clothing but inwardly are sheep, i.e. the phrasemongers." Those who spend time in these pages will discover the writer who said "my grief is my castle" but who also taught that the best defense against hypocrisy is love. Illuminating and delightful, this engaging book also provides a substantial portrait of one of the most influential of modern thinkers. Gathers some 800 quotations. Drawn from the authoritative Princeton editions of Kierkegaard's writings. Includes an introduction, a brief account and timeline of Kierkegaard's life, a guide to further reading, and an index.

The Concept of Anxiety Soren Kierkegaard, 2015-01-06 This first new translation of Kierkegaard's masterwork in a generation brings an essential work of modern philosophy to vivid life. Although Soren Kierkegaard's death in the fall of 1855 foreshadowed a lasting split between conservative Christians and young contemporaries who saw him as a revolutionary thinker, it was not until the turn of the twentieth century and beyond the borders of his native Denmark that his lasting significance came to be felt. By transcending distinctions of genre, Kierkegaard brought traditionally separated disciplines to bear on deep human concerns and was able through his profound self insight to uncover the strategies with which we try to deal with them. As a result, he is hailed today as no less than the father of modern psychology and existentialism. While the majority of Kierkegaard's work leading up to *The Concept of Anxiety* dealt with the intersection of faith and knowledge, here the renowned Danish philosopher turns to the perennial question of sin and guilt. First published in 1844, this concise treatise identified long before Freud anxiety as a deep-seated human state, one that embodies the endless struggle with our own spiritual identities. Ably synthesizing human insights with Christian dogma, Kierkegaard's psychological deliberation suggests that our only hope in overcoming anxiety is not through powder and pills but by embracing it with open arms. Indeed, for Kierkegaard, it is only through our experiences with anxiety that we are able to become truly aware of ourselves and the freedoms and limitations of our own existence. While Kierkegaard's Danish prose is surprisingly rich, previous translations, the most recent in 1980, have tended either to deaden its impact by being excessively literal or to furnish it with a florid tone foreign to its original directness. In this new edition, Alastair Hannay re-creates its natural rhythm in a way that will finally allow this overlooked classic not only to become as celebrated as *Fear and Trembling*, *The Sickness Unto Death*, and *Either/Or*, but also to earn a place as the seminal work of existentialism and moral psychology that it is. *The Living Thoughts of*

Kierkegaard Soren Kierkegaard, 1999-09-30 Translated from the Danish by Walter Lowrie, David Swenson, and Alexander Dru. The Danish philosopher Kierkegaard is one of the master thinkers of the modern age, a defining influence on existentialism and on twentieth-century theology, and this brilliantly tailored selection from his vast and varied writings, made by the great English poet W. H. Auden, is a perfect introduction to his work. Auden's inspired and incisive response to a thinker who had done much to shape his own beliefs is a fundamental reading of an author whose spirit remains as radical as ever, more than 150 years after he wrote. **The Present Age** Soren Kierkegaard, 2010-08-03 In his seminal 1846 tract *The Present Age*, Soren Kierkegaard, the father of existentialism, New York Times analyzes the philosophical implications of a society dominated by mass media, a society eerily similar to our own. A stunningly prescient essay on the rising influence of advertising, marketing, and publicity, *The Present Age* is essential reading for anyone who wishes to better understand the modern world.

Selections from the Writings of Kierkegaard Soren Kierkegaard, 2020-10-08 Soren Kierkegaard 1813-1855 was a Danish philosopher often considered to be the first existential philosopher. This collection includes *Diapsalmata*, *The Banquet*, *Fear and Trembling*, *Preparation for a Christian Life*, and *The Present Moment*. *Soren Kierkegaard*, Presents a collection of

Internet resources on Danish existentialist philosopher Søren Aabye Kierkegaard 1813-1855 compiled by Thomas Ryan Stone
Offers access to biographies organizations institutes and other related Web sites [Works of Love](#) Søren

Kierkegaard, 2025-07-15 Following his acclaimed translations of *Fear and Trembling* and *The Sickness unto Death* Bruce H Kirmmse presents a new translation of Kierkegaard's discourses on love Bruce H Kirmmse is among the very best translators of Kierkegaard working today Christopher B Barnett **Kierkegaard** Peter Vardy, 1997 The Danish philosopher Søren Kierkegaard 1813-1855 devoted his life to exploring what it means to be a Christian His prolific varied writings sought to make people aware of the necessity of developing a relationship with God their creator Kierkegaard's genius extended to psychology philosophy social criticism ethics his thinking insights into the nature of faith influenced such thinkers as Barth Kafka Auden C S Lewis This book reflects Kierkegaard's own purpose to reintroduce Christianity into a world that has largely forgotten what it is **THE SICKNESS UNTO DEATH - S. Kierkegaard** Søren Kierkegaard, 2024-03-06 Søren Aabye

Kierkegaard born in Copenhagen 1813-1855 was a Danish philosopher theologian poet and social critic widely considered the first existentialist philosopher Throughout his life he wrote critical texts on organized religion Christianity morality ethics psychology and philosophy of religion displaying a particular fondness for figures of speech such as metaphor irony and allegory His work *The Sickness Unto Death* *Sygdommen til Døden* in Danish written in 1849 under the pseudonym Anti Climacus deals with the concept of despair equating it with the Christian concept of sin Many of the themes explored in this work demonstrate an undeniable connection with the topics later explored by Freud **Works of Love** Søren

Kierkegaard, 2025-07-15 Following his acclaimed translations of *Fear and Trembling* and *The Sickness unto Death* Bruce H Kirmmse presents a new translation of Kierkegaard's discourses on love Bruce H Kirmmse is among the very best translators of Kierkegaard working today Christopher B Barnett A founding figure of existentialism Søren Kierkegaard is perhaps best known for his writing on anxiety and despair particularly in such works as *Fear and Trembling* *The Concept of Anxiety* and *The Sickness unto Death* Yet love too is a common theme in Kierkegaard's oeuvre underlying his various collections of edifying discourses as well as *Either/Or* *Stages on Life's Way* *Christian Discourses* and especially *Works of Love* First published in 1847 *Works of Love* is the most important explicitly religious work Kierkegaard published under his own name Intended to awaken rather than convince replicating in Socratic fashion the stinging impatient character of a gadfly the book consists of two sets of deliberations on love the first set addressing love as a duty and the second examining the applications of love Throughout Kierkegaard contrasts romantic love and love of one's friends with the selfless Christian love or *agape* of the New Testament ultimately contending that the only way to purge self-interest from love is to love one's neighbor as oneself and oneself as one's neighbor who is indeed unconditionally every person Although careful to distinguish his deliberations from clerical sermons Kierkegaard insisted that in order to grasp the full meaning of the texts that constitute *Works of Love* one must hear them Kierkegaard makes this point repeatedly in his journals and indeed the preface of a work

he published a few years after *Works of Love* begins with the words *My dear reader If possible read aloud If you do so let me thank you for it* While previous translations have not given sufficient attention to this critical aural aspect of the text Bruce H Kirmmse's translation preserves it thus making the same request of its readers that Kierkegaard once made of his to hear the argument by reading it aloud Featuring an illuminating introduction by Kirmmse this new translation of *Works of Love* promises to become the standard for generations to come

Fear and Trembling Søren Kierkegaard, 2021-11-30 This newly translated *Fear and Trembling* a foundational document of modern philosophy and existentialism could not be more apt for our perilous times First published in 1843 under the pseudonym Johannes de silentio John of Silence Søren Kierkegaard's richly resonant *Fear and Trembling* has for generations stood as a pivotal text in the history of moral philosophy inspiring such artistic and philosophical luminaries as Edvard Munch W H Auden Walter Benjamin and existentialist Jean Paul Sartre Now in our era of immense uncertainty renowned Kierkegaard scholar Bruce H Kirmmse eloquently brings this classic work to a new generation of readers Retelling the biblical story of the binding of Isaac *Fear and Trembling* expounds on the ordeal of Abraham who was commanded by God to sacrifice his own son in an exceptional test of faith Disgusted at the self certainty of his own age Kierkegaard investigates the paradox underlying Abraham's decision to allow his duty to God to take precedence over his duties to his family As Kierkegaard's narrator explains the story presents a difficulty that is not often considered namely that after the ordeal is over and Isaac has been spared at the last moment Abraham is capable of receiving him again and living normally even joyfully for the rest of his days Almost inexplicably Abraham had faith and did not doubt Deftly tracing the autobiographical threads that run throughout the work Kirmmse initially in his lucid and engaging introduction demystifies Kierkegaard's fictive narrator Johannes de silentio drawing parallels between Abraham's willingness to sacrifice his son and the author's personal sacrifices Ultimately however Kirmmse reveals *Fear and Trembling* as a fiercely polemical volume designed to provoke the reader into considering what is actually meant by the word faith and whether those who consider themselves true believers actually are With a vibrancy almost never before seen in English and a matchless grasp of the intricacies of Kierkegaard's writing process Gordon Marino Kirmmse here definitively demonstrates Kierkegaard's enduring power to illuminate the terrible wonder of faith

Fear and Trembling Søren Kierkegaard, 2006-05-30 The perfect books for the true book lover Penguin's Great Ideas series features twelve more groundbreaking works by some of history's most prodigious thinkers Each volume is beautifully packaged with a unique type driven design that highlights the bookmaker's art Offering great literature in great packages at great prices this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped our world Regarded as the father of Existentialism Kierkegaard transformed philosophy with his conviction that we must all create our own nature in this great work of religious anxiety he argues that a true understanding of God can only be attained by making a personal leap of faith

Selections from the Writings of Kierkegaard Søren Kierkegaard, 2021-11-05 In *Selections from the*

Writings of Kierkegaard the reader is presented with a carefully curated anthology that encapsulates the existential theological and ethical inquiries central to Kierkegaard's philosophy. The book showcases Kierkegaard's distinctive literary style which intertwines narrative aphorism and dialectical argumentation providing a profound exploration of the human condition. Diving into concepts such as anxiety, despair, and the leap of faith, these selections situate Kierkegaard as a precursor to existential philosophy, drawing on his critique of Hegelian rationalism and the burgeoning modernity of 19th century Europe. The juxtaposition of poetic prose and rigorous thought calls the reader to engage with fundamental questions regarding individuality and subjectivity. Søren Kierkegaard, often regarded as the father of existentialism, lived a tumultuous life marked by personal strife and philosophical introspection which undoubtedly shaped his writings. His exploration of faith, choice, and angst is both reflective of his own experiences, such as his turbulent relationship with Regine Olsen, and representative of the broader anxieties of his time. Kierkegaard's emphasis on the individual's subjective experience challenges readers to confront the complexities of belief and existence. This illuminating collection is essential for anyone seeking to grasp existentialist thought and the intricacies of faith. Whether approached by seasoned scholars or curious newcomers, Kierkegaard's work invites deep reflection on the paradoxes of existence and the pursuit of personal truth, making it a timeless contribution to both philosophy and literature. In this enriched edition, we have carefully created added value for your reading experience. A comprehensive Introduction outlines these selected works, unifying features, themes, or stylistic evolutions. The Author Biography highlights personal milestones and literary influences that shape the entire body of writing. A Historical Context section situates the works in their broader era, social currents, cultural trends, and key events that underpin their creation. A concise Synopsis Selection offers an accessible overview of the included texts, helping readers navigate plotlines and main ideas without revealing critical twists. A unified Analysis examines recurring motifs and stylistic hallmarks across the collection, tying the stories together while spotlighting the different works' strengths. Reflection questions inspire deeper contemplation of the author's overarching message, inviting readers to draw connections among different texts and relate them to modern contexts. Lastly, our hand-picked Memorable Quotes distill pivotal lines and turning points, serving as touchstones for the collection's central themes.

Kierkegaard Cross, 2009-03 *The Sickness Unto Death* Søren Kierkegaard, 2011-05-01

One of the most remarkable philosophical works of the nineteenth century, *The Sickness Unto Death* is also famed for the depth and acuity of its modern psychological insights. Writing under the pseudonym Anti-Climacus, Kierkegaard explores the concept of despair, alerting readers to the diversity of ways in which they may be described as living in this state of bleak abandonment, including some that may seem just the opposite, and offering a much-discussed formula for the eradication of despair. With its penetrating account of the self, this late work by Kierkegaard was hugely influential upon twentieth-century philosophers including Karl Jaspers, Jean-Paul Sartre, and Albert Camus. *The Sickness unto Death* can be regarded as one of the key works of theistic existentialist thought, a brilliant and revelatory

answer to one man s struggle to fill the spiritual void
