**Shackleton's Way** Margot Morrell, Stephanie Capparell, 2001-01-08 Lead your business to survival and success by following the example of legendary explorer Ernest Shackleton Sir Ernest Shackleton has been called the greatest leader that ever came on God's earth bar none for saving the lives of the twenty seven men stranded with him in the Antarctic for almost two years Because of his courageous actions he remains to this day a model for great leadership and masterful crisis management Now through anecdotes the diaries of the men in his crew and Shackleton's own writing Shackleton's leadership style and time honored principles are translated for the modern business world Written by two veteran business observers and illustrated with ship photographer Frank Hurley's masterpieces and other rarely seen photos this practical book helps today's leaders follow Shackleton's triumphant example An important addition to any leader's library *Seattle Times*

**Shackleton's Way** Margot Morrell, Stephanie Capparell, 2001-01-01 A financial representative with Fidelity Investments shows how the survival tactics used by famed Antarctic explorer Sir Ernest Shackleton can be tailored for a new generation of leaders 16 photos

**Endurance and Shackleton's Way** Alfred Lansing, 2005-06-01 In August 1914 Sir Ernest Shackleton's ship *Endurance* set sail for the South Atlantic The object of the expedition was to cross the Antarctic overland In October 1915 still half a continent away from their intended base the ship was first trapped and then crushed in ice

*Setting the Stage for Learning* William A. Sommers, Lindsey Pollock, Margie Blount, Elita Driskill, 2025-01-07 When working with groups or individual leaders telling stories of what has been possible can deliver amazing results Many of the best staff developers trainers and presenters tell stories While many professionals walk away forgetting the facts data and tables that flashed on the screen they walk away remembering the stories that were told The more options for conversation the quicker we resolve issues Busy leaders and trainers can use the many resources in *Setting the Stage for Learning* Activating the Power of Stories to Facilitate Learning to increase impact and readiness for important topics These resources will save leaders time because the stories videos quotes and questions are readily available

**The Light of Conscience** William Shore, 2005-08-09 AN INSPIRATIONAL MEDITATION ON THE POWER OF CONSCIENCE HOW A SIMPLE ACT A MOMENT OF PURPOSE CAN CHANGE YOUR LIFE YOUR COMMUNITY EVEN THE WORLD We all struggle at times to know what to do to seek and abide our conscience when right and wrong are not black and white when heart and head speak with different voices when our intentions and interests are not aligned If you believe that the outcome of these struggles affects the course of your life and the lives around you then this book is for you If you believe that there are times and places when the choice an individual makes to speak or be silent to eat or fast to remain seated or to stand up in a crowd to stare and remember or to walk on by and forget can be as powerful as a president's command a congressional appropriation or a military incursion then this book is for you This book is for you if your profession is rewarding financially but not spiritually or if you're ever worried that your career and conscience conflict This book is for you if you are a parent whose love of your

children never wavers with the anxiety they cause you but sometimes leaves you wondering whether they will grow up to do the right thing even if no one is watching This book is for you if you question whether the countless small decisions you make each day add up to a larger judgment about your life s meaning Finally this book is for you if you believe that quiet often solitary acts of conscience have echoes louder than the original sound that individual acts have the potential to trigger large public consequences and continue to inspire others from generation to generation that such acts bring rewards to the individual that unforeseen benefits accrue that one gains more than was sacrificed and that there is a transformative power and richness to a life so lived     *The Breakthrough Manifesto* Kim Christfort,Suzanne Vickberg,2023-10-30 Building a Better

Path to Breakthrough By Design Innovation is a process by which new ideas services and sources of value are brought to life Yet approaches to the pursuit of innovation often rely on stale methodologies Transformative innovation requires something else Not just methodologies but mindsets Not just focusing on known challenges but on unknown opportunities Not just hoping for breakthrough by default but realizing breakthrough by design In *The Breakthrough Manifesto* a renowned business innovation leader teams up with a social personality psychologist to offer that something else a collection of 10 visionary principles to obliterate barriers to change and ignite a whole new level of creative problem solving Drawing upon decades of experience working with the world s best known organizations and their teams the authors provide practical advice that goes beyond business as usual for successfully tackling intractable challenges They ll show you how to Silence your inner cynic and strip away old fallacious assumptions as you embrace problem solving anew Embrace experimentation prototyping and co creation revealing new potential by making a mess together Challenge yourself and each other to test your own limits and expand your comfort zone Bursting with behavioral science stories from the field and pragmatic strategies *The Breakthrough Manifesto* explores why these principles are critical for the current times and how they can spark breakthrough and unlock potential for you and your teams Whether you re an executive or manager product or service designer educator or student this book is a must read for anyone inspired to change the world or transform their own place in it     *SHACKLETON'S WAY* ,     *The Avro Shackleton* Jason Nicholas Moore,2023-09-17 Long ranged maritime
