

Autobiography Rough Draft

My name is Samantha Rose Peluchette and I was born 12 weeks premature on January 3, 1992 in Allegheny General Hospital at 9:36 pm. When I was born I weighed 2 lbs. 13 oz. and I could fit in my dad's hand. My mother, Hope Edwards, was 15 years old and my dad, Daniel Peluchette, was 19 years old. I was in the hospital in an incubator until April because I was born so early.

My mother grew up in Wexford, Pa and went to Pine Richland High School. My dad grew up in Saxonburg, Pa and went to Deer Lakes High School. My grandma, great-grandparents, aunts, and uncles on my mother's side of the family still live in or around Wexford. My mom's father lives in New Castle, Pa. My dad's parents both passed away before I met them, but they lived in Saxonburg, Pa. My dad's brother lives in Tarentum and my dad's aunts and uncles and my great-grandma live in Grove City, Pa. On my mother's side, my great-grandma was Slovakian and my great-grandpa was Polish, German, and Native American. On my dad's side of the family, everyone is Italian. On my mom's side of the family, everyone has been living in western Pennsylvania for as long as any of us can remember, but my grandma says that my great-great-great-grandparents came to America from Poland and Germany. On my dad's side of the family I don't know very many of my family members, so I'm not sure how they came to live in Grove City, Pa.

After I was born, my mom and dad separated and I went to live with my great-grandma until I was seven years old. While I lived with my great-grandma, I went to North Allegheny School District, went to a Baptist church every Sunday, and played with my friends. When I was seven, I moved in with my mom and my now step-dad, Jim. This

Underserved Suffering: A Psychospiritual Autobiography of Post-Colonial Faith from the Puerto Rican Diaspora Gerardo De Jesus, PhD, 2023-09-15 From the Introduction This story seeks to nuance moments in my history as the son of diasporic parents As members of the many who migrated my parents became an us to a them in a world where being different felt threatening They experienced their own undeserved suffering while holding on to the dream of American Exceptionalism Puerto Rican Americans arrived with prayers on their lips bibles and rosaries in hand and though it felt like an expulsion from paradise our colonial faith sustained us The God we knew over there was also here in our new hiding place called Spanish Harlem fondly called el Barrio The faith inherited from 5 centuries of colonialism has grown into our collective identity and though its sacred stories speak to our realities its legacy has also contributed to colonial aims I draw from the life of one of colonial Christianity's greatest saints St Francis of Assisi who emulates the life of Jesus in the 13th century Francis faced the falseness of religious clericalism the plight of the poor in a shame honor culture and a dualistic consciousness that still prevails and which refuses to embrace otherness How might his life speak to Puerto Ricans in diaspora How might we re-imagine the colonial faith inherited

A Memoir of Absence Frederic Colier, 2013-03-16 Ever since Salinger nine seems to be a magic number when it comes to rendering debut short story collections Frederic Colier's *A Memoir of Absence* is no exception Embarking on an evocative journey through the heartland of our own delusions Colier's terse prose guides us beyond the barren cultural plane of our all too malleable American dreams taking us into a realm of intellectual urgency linguistic renewal and eventual hope Here where relativist cant contemporary platitudes and even shocking news become no more than the white noise of a fleeting civilization there is nothing more alarming than the ensuing silence left by those collisions that never get the chance to take place In the title

story an estranged father and son are each relegated their own brand of dystopia only to find that it is their respective torments that ineffably bind them to one another While one pursues impossible love around the globe the other tries making sense of the void surrounding him Oddly it is their parallel misfortunes that find shelter in the harmonious space of absence recalled Similarly Lipstick on the Fishbowl depicts how grief often blinds one from seeing the object of loss As a bereaved businessman searches for the proper way to express loss for his departed wife he begins to overlook the significance of her passing As for those in throes of jealousy misreading even the best of intentions The Depth of Swimming Pool is a somber portrayal of a woman who in her state of constant apprehension ends up undermining that which she most desires But whether it is observers dreaming of becoming participants or the emotionally alienated hordes for whom pain becomes a final solace the terrain traversed by Colier s nine stories is neither one that would fill a postcard nor one that sports the trendy wasteland so readily employed by our time s countdown artists As the lonely overweight opera singer Josephina considers the abject proposals of a sexless man or the abused young woman in Cristianos y Moros finally returns home to confront her dismissive parents we note with relief that Colier s intention is not to flesh out some vague musings about our era but to attend to those who straddle the crossroads of a world where choosing a direction is no longer a value in itself If there is a poignancy to be had A Memoir of Absence says we re to find it in those uncertain moments when event is temporarily subsumed by interpretation This does not mean that observations made by characters are lucid or objective On the contrary it is our vulnerability to catch phrases our compromised visions and our pathos while estimating our own suffering hearts that bring integrity to our lives Colier s short stories are the fragments of a lost anthem the disparate melodies that once made up what we mystically referred to as the human spirit

The Poetical Work of Robert Burns Edited with a Critical Memoir by William Michael Rossetti Robert Burns,18?? *The Pilgrim's Progress ... A New Edition with a Memoir and Notes, Principally Selected from Bunyan's Works, by George Offor ... Illustrated by John Gilbert. [With Plates.]*

Longfellow,1871 *Stirring of Soul in the Workplace* Alan Briskin,1998-12-28 This deeply lyrical book offers perspective for those struggling to hear the quiet voice of the soul over the din of the contemporary workplace Alan Briskin shows how the modern organization has gradually increased its demands on us beginning with our bodies then our minds and now our souls

But through the moving personal stories of people fighting to reclaim their souls he also sends a message that encourages individuals to keep their spiritual integrity and values alive In The Stirring of Soul In the Workplace Briskin weaves together lessons from history psychology and management theory with numerous real life examples to tell the story of how the

modern workplace has evolved to value technology and productivity over soulfulness and relationship From the Industrial Revolution s marriage of mechanization and efficiency to the management theories of the early 20th century Briskin traces the emergence of the quest for efficiency and control in the workplace He questions the corporate concept of individual personality that asks us to check our emotions fantasies imaginations and souls at the door He describes the history of the soul as a dynamic force that continues to influence our behavior and shows how excluding it from our work life actually flattens our potential and dampens our creativity Rather than solve the conventional question organizations have been asking for years how can we change people Alan Briskin examines how organizations can better reflect personal and human values in the workplace For organizations that too often have sacrificed the well being of the individual for the goals of the organization the author suggests a more active way of taking up our work roles that can bring more of our experience and imagination into play He points out that meaning cannot come from corporate mission statements or reengineering programs Instead it needs to be nurtured through dialogue and reflection the courage to ask troubling questions and a willingness to face the consequences of our collective and individual actions When we learn to honor the contradictions uncertainties and interconnections inherent in the workplace the energies of the soul will begin to stir with revitalizing results *The poetical works of Henry W.
