slow terrifying realization that sometimes the greatest mystery is not the mind itself but the shadow it casts *Shadow's End* S.C. Wynne, 2022-03-28 Gay mystery Lgbt Mystery Gay Romance Will this be the end of my war with Steven Pine Or just the end of me Psychic Liam Baker and his boyfriend Detective Kimball Thompson have battled the murderous and terrifyingly powerful psychic Steven Pine twice now Both men would love to put that chapter to rest Unfortunately when Steven manages to escape police custody he immediately goes to work murdering innocents It seems Steven s happiest when taunting Liam with the spirits of his prey Thompson and Liam follow the trail of victims well aware that Steven is setting a dangerous trap for them What Thompson doesn t realize is that Liam has decided that there will be no fourth battle with Steven Even if Liam has to personally escort Steven Pine to Hell This 70 000 MM romance mystery is the FOURTH book in my Psychic Detective Mystery Series You ll want to read the first three paranormal LGBT mysteries in the series first for optimal enjoyment Shadow s Edge Shadow s Return and Shadows Deceive Mimetic Theory and Its Shadow Scott Cowdell, 2023-08-01 Leading Girardian theologian Scott Cowdell seeks to resolve a long standing challenge to mimetic theory that it entails a fundamental brutishness an ontological violence Girard s account of scapegoating violence seen as providing the initial stability for our species to emerge and consolidate hardly seems compatible with Christian belief in God s good creation with violence only appearing after a subsequent Fall The brilliant but controversial theologian John Milbank has long raised this concern about Girard grounded in a remarkably sophisticated though seldom fathomed philosophical theology Unpacking Milbank s program along with Girard s recasting of Continental philosophy in light of mimetic theory Cowdell finds a way between two apparently irreconcilable positions With irenic spirit but analytic tenacity he probes for ways through Milbank s arguments while pressing on growth points in Girard s Cowdell s proposals involve reframing divine creation in light of salvation history reimagining divine participation by thinking Christ and evolution together and developing a semiotic approach to mimetic theory that delivers ontological peace hermeneutically Cowdell shows how Girard s vision of human transformation through faith in Christ reveals a different world beyond ontological violence while preserving the divine participation that Milbank champions *In the Shadow of Christ* Derek Joseph Wiertel, 2025-05-29 In the Shadow of Christ presents a fresh theological interpretation of nature s violent and suffering character as determined by God s self interpretation in Jesus Christ Grounded in the rich spiritual tradition of premodern natural theology Wiertel retrieves a figural reading of nature that interprets the entire span of created existence through Scripture s symbolic landscape This restored vision of the two books rooted in God s creative and redemptive word establishes an interpretive framework that sees all of creation its beauty its strangeness and its tragedies through the creative dynamics of God s revelatory speech In this essay Wiertel critically embraces scriptural figuration with its profoundly Christocentric metaphysical orientation to offer a rich theological vision of creational suffering By engaging Scripture and the natural world figurally and in critical dialogue with contemporary philosophy ethics and biology Wiertel unfolds an expansive theological narrative He maps creation s

suffering within the mystery of Jesus Christ inviting readers to see all of natural history as a divine gift ordered toward its eschatological transformation

In the Shadow of Auschwitz Daniel Brewing, 2022-06-10 The Nazi invasion of Poland was the first step in an unremittingly brutal occupation one most infamously represented by the network of death camps constructed on Polish soil The systematic murder of Jews in the camps has understandably been the focus of much historical attention Less well remembered today is the fate of millions of non Jewish Polish civilians who when they were not expelled from their homeland or forced into slave labor were murdered in vast numbers both within and outside of the camps Drawing on both German and Polish sources In the Shadow of Auschwitz gives a definitive account of the depredations inflicted upon Polish society tracing the ruthless implementation of a racial ideology that cast ethnic Poles as an inferior race
