Roman,Alice \_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an  
important research perspective In this book Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they  
propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields  
of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the  
intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on  
digital architecture and computer science     **Natural History** ,1988
