Shaker Run:

Cincinnati Magazine, 1990-05 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Bulletin**, 1941 **Transactions** American Institute of Mining, Metallurgical, and Petroleum Engineers, American Institute of Mining Engineers, 1922 Some vols 1920 1949 contain collections of papers according to subject **Bulletin** United States. Bureau of Mines, 1940 Snow Trails Rich Freeman, Sue Freeman, 2001 Winters in Central Western New York can be long and snowy Perfect weather for adventures on skis or snowshoes Snow Trails shows where to go close to home for a spontaneous outing when the snow flies or farther afield for a full day adventure to a new and exhilarating locale With Snow Trails you can choose from over 80 mapped locations Directions are given to winter parking areas and each trail is described by length and level of difficulty You'll learn where to find groomed trails seldom used trails for peace and quiet or popular trails with added amenities such as warming huts refreshments restrooms guided tours and sleigh rides **Transactions**, 1922 *Neither Plain Nor Simple* David R. Starbuck, 2004 Canterbury Shaker Village located in Canterbury New Hampshire just northeast of Concord has seen more archeological research than any other Shaker community David R Starbuck has been digging there for over a quarter of a century Beginning in 1978 Starbuck and his team mapped some 600 acres of the village preparing sixty one base maps as well as dozens of drawings of foundations and mill features Accompanying the maps were several hundred archeological site reports describing the history and present condition of every field dump foundation wall path and orchard within the community These documents offered the first comprehensive look at both the built and natural environment of any Shaker village This above ground study with much updating forms the second part of this volume Through the 1980s grant funding was available chiefly for above ground recording and only rarely for excavating Still from the beginning Starbuck and his team speculated about what types of unexpected artifacts might be found if excavations were conducted in the Shaker dumps or in the nicely manicured lawns behind the village's communal dwellings With the 1992 death of Sister Ethel Hudson the community's last surviving member it seemed clear that Canterbury Shaker Village represented an unparalleled opportunity to use archeology as a cross check on surviving nineteenth century historical records and visitors accounts The Canterbury Shakers constitute one of the very best test cases for historical archeology precisely because they were a society that tightly controlled their internal descriptions of themselves Because we know what the Shakers expected of themselves we can use excavations to determine whether they actually lived up to their own ideals Excavations into various dumps began in 1994 In the Second Family blacksmith shop foundation for example Starbuck discovered thousands of pipe wasters evidence that the Canterbury Shakers manufactured red earthenware tobacco pipes for sale to the World's People The Shakers hog house contained numerous ceramics and glass bottles at another dump almost a hundred stoneware bottles for beer or ginger beer were unearthed along with whisky flasks perfume bottles and false teeth These new artifacts contradict the popular image of

the Shakers as plain simple and otherworldly thereby challenging existing paradigms about the nature of Shaker society Starbuck s findings suggest that Shaker consumption practices were highly complex and that Shakers were perhaps more human than previously imagined Neither Plain nor Simple which brings together the original site maps with his most recent findings will serve as the definitive archeological investigation of the Canterbury Shakers and their lifeways and function as a model for similar archeological studies of communal societies **Shaker Run** Karen Harper,2001 After finding herself a
