Looking At Pictures With Bernard Berenson:

Looking at Pictures with Bernard Berenson Bernard Berenson, 1974 Botticelli's Secret: The Lost Drawings and the Rediscovery of the Renaissance Joseph Luzzi, 2022-10-25 One of The New Yorker's Best Books of the Year A lively book Luzzi brilliantly sets the operatic stage of vibrant violent Renaissance Florence and brings to life the characters who helped resurrect Botticelli Max Norman Wall Street Journal Some five hundred years ago Sandro Botticelli a painter of humble origin created works of unearthly beauty A star of Florence's art world he was commissioned by a member of the city's powerful Medici family to execute a near impossible project to illustrate all one hundred cantos of The Divine Comedy by Dante Alighieri the ultimate visual homage to that divine poet This sparked a gripping encounter between poet and artist between the religious and the secular between the earthly and the evanescent recorded in exquisite drawings by Botticelli that now enchant audiences worldwide Yet after a lifetime of creating masterpieces including Primavera and The Birth of Venus Botticelli declined into poverty and obscurity His Dante project remained unfinished Then the drawings vanished for over four hundred years The once famous Botticelli himself was forgotten The nineteenth century rediscovery of Botticelli's Dante drawings brought scholars and art lovers to their knees this work embodied everything the Renaissance had come to mean From Botticelli's metaphorical rise from the dead in Victorian England to the emergence of eagle-eyed connoisseurs like Bernard Berenson and Herbert Horne in the early twentieth century and even the rescue of precious art during World War II and the fall of the Berlin Wall in 1989 the posthumous story of Botticelli's Dante drawings is if anything even more dramatic than their creation A combination of artistic detective story and rich intellectual history Botticelli's Secret shows not only how the Renaissance came to life but also how Botticelli's art helped bring it about and most important why we need the Renaissance and all that it stands for today An Anthropologist Looks at History A. L. Kroeber, 2023-11-15 This title compiles influential essays by Alfred Kroeber written in the last decade of his life reflecting his deep exploration of human culture civilization and history through an anthropological lens Curated by Milton Singer and Theodora Kroeber this collection showcases Kroeber's unique perspective on the intersections of anthropology history and the humanities Rather than focusing solely on ethnology or linguistic analysis Kroeber broadens his scope to address questions about style civilization patterns and the historical continuity of cultures His view of anthropology as a young evolving science with ancient philosophical roots demonstrates his belief in the discipline's role in understanding human progress The volume aims to engage both historians and anthropologists by presenting Kroeber's reflections on culture and the human condition especially for a generation of scholars and students whose approach to anthropology is less historically oriented Kroeber's personal approach to his field developed over a lifetime of teaching and exploring anthropological themes such as Culture Growth emphasizes the evolving nature of culture as an aggregate that shapes civilizations and values By tracing Kroeber's intellectual journey the book underscores the importance of historical context in anthropology positioning it as a field

capable of enriching broader humanistic inquiries and advancing our understanding of civilization's aesthetic, ethical, and structural evolution. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. In Looking Back One Learns to See: Marcel Proust and Photography Mary Bergstein, 2014-03-01 Marcel Proust offered the twentieth century a new psychology of memory and seeing. His novel *In Search of Lost Time* was written in the modern age of photography and art history. *In Looking Back One Learns to See: Marcel Proust and Photography* is an intellectual adventure that brings to light Proust's visual imagination, his visual metaphors, and his photographic resources and imaginings. The book features over 90 illustrations. Mary Bergstein highlights various kinds of photography: daguerreotypes, stereoscopic cards, cartes de visite, postcards, book illustrations, and other photographic mediums. Portraiture, medical photography, spirit photography, architectural photography, Orientalism, ethnographic photography, and fin de siècle studies of Botticelli, Leonardo, and Vermeer are considered in terms of Proust's life and work. The net is cast wide, and each image under discussion has been researched with subtle attention to art, literature, and cultural history. This scholarly study in literature and visual culture will be a delight too for general readers who love photography or Proust. Mary Bergstein is professor of History of Art and Visual Culture at the Rhode Island School of Design. She won the 2012 Courage to Dream book prize from the American Psychoanalytic Association for *Mirrors of Memory: Freud, Photography, and the History of Art* (Cornell, 2010). She has published numerous books and articles on art and visual culture, from Italian Renaissance sculpture to contemporary photography.
