Moody,2010 The discovery of dinosaurs and other large extinct saurians a term under which the Victorians commonly lumped ichthyosaurs plesiosaurs pterosaurs and their kin makes exciting reading and has caught the attention of palaeontologists historians of science and the general public alike The papers in this collection go beyond the familiar tales about famous fossil hunters and focus on relatively little known episodes in the discovery and interpretation from both a scientific and an artistic point of view of dinosaurs and other inhabitants of the Mesozoic world They cover a long time span from the beginnings of modern scientific palaeontology in the 1700s to the present and deal with many parts of the world from the Yorkshire coast to Central India from Bavaria to the Sahara The characters in these stories include professional palaeontologists and geologists some of them well known others quite obscure explorers amateur fossil collectors and artists linked together by their interest in Mesozoic creatures Ice Ages Allan Mazur,2022-02-10 What causes Ice Ages How did we learn about them What were their affects on the social history of humanity Allan Mazur s book tells the appealing history of the scientific discovery of Ice Ages How we learned that much of the Earth was repeatedly covered by huge ice sheets why that occurred and how the waning of the last Ice Age paved the way for agrarian civilization and ultimately our present social structures The book discusses implications for the current controversies over anthropogenic climate change public understanding of science and lack of trust in experts In parallel to the history and science of Ice Ages sociologist Mazur highlights why this is especially relevant right now for humanity Ice Ages Their Social and Natural History is an engrossing combination of natural science and social history glaciology and sociology writ large Fossil Discoveries Disprove

Evolution Beyond A Doubt Josh Greenberger,2012-11-27 This book shows how the very fossil record that scientists often

present as proof of the validity of the theory of evolution proves the precise opposite Fossils are excellent laboratory experiments on a grand scale that assess what happened to life in the past And they prove beyond any question that the emergence and progression of life did not occur in any way remotely resembling what is depicted by the theory of evolution This may be a difficult pill for some people to swallow but it s the facts that should dictate what science is This book deals with provable facts not unverifiable conjecture

Earth System History Steven M. Stanley,2004-10-29 Designed for a new generation of readers Stanley s Earth System History is a reforging of his Exploring Earth and Life Through Time Adopting an earth system approach throughout Earth System History shows students how Earth s ecosystem has developed over time and how events in the past provide a perspective for dealing with present and future changes Clear and concise the new Second Edition of this introduction to historical geology is perfect for one term non majors courses and contains lots of new content and improved visuals

Extinctions Michael Hannah,2021-09-16 Are we now entering a mass extinction event What can mass extinctions in Earth s history tell us about the Anthropocene What do mass extinction events look like and how does life on Earth recover from them The fossil record reveals periods when biodiversity exploded and short intervals when much of life was wiped out in mass extinction events In comparison with these ancient events today s biotic crisis hasn t yet reached the level of extinction to be called a mass extinction But we are certainly in crisis and current parallels with ancient mass extinction events are profound and deeply worrying Humanity s actions are applying the same sorts of pressures on similar scales that in the past pushed the Earth system out of equilibrium and triggered mass extinction events Analysis of the fossil record suggests that we still have some time to avert this disaster but we must act now
