Looking For Mozart:

Mozart's Così Fan Tutte Ian Woodfield, 2008 A groundbreaking new approach proposes answers to many of the opera's unresolved questions WINNER of the Mozart Society of America Marjorie Weston Emerson Award for 2008 This study proposes a hypothesis to account for some of the opera's long standing problems It suggests that Mozart considered the idea that the pairings in Act II should not be crossed that each of the two disguised officers should seek to seduce his own woman Although this alternative plot structure was rejected signs of it may remain in the final score in the uneasy co existence of dramatic duplicity and musical sincerity and in the ending in which the easy restitution of the original couples seems not to take account of the new passions that have been aroused Evidence that several of the singers were recast is also presented In addition to these radically new ideas about the conceptual genesis of *Così* the book also provides a full account of the work's compositional history based on early Viennese and Bohemian copies Four different versions are identified including a significant revision in which Mozart removed the Act II finale canon The composer's probable involvement in the 1791 Prague production is also discussed IAN WOODFIELD is Professor of Historical Musicology School of Music and Sonic Arts Queen's University Belfast

Understanding the Women of Mozart's Operas Kristi Brown-Montesano, 2021-11-09 Is The Marriage of Figaro just about Figaro Is Don Giovanni's story the only one or even the most interesting one in the opera that bears his name For generations of critics historians and directors it's Mozart's men who have mattered most Too often the female characters have been understood from the male protagonist's point of view or simply reduced on stage and in print to paper cutouts from the age of the powdered wig and the tightly cinched corset It's time to give Mozart's women and Mozart's multi dimensional portrayals of feminine character their due In this lively book Kristi Brown Montesano offers a detailed exploration of the female roles in Mozart's four most frequently performed operas Le nozze di Figaro Don Giovanni Cos fan tutte and Die Zauberflöte Each chapter takes a close look at the music libretto text literary sources and historical factors that give shape to a character re evaluating common assumptions and proposing fresh interpretations Brown Montesano views each character as the subject of a story not merely the object of a hero's narrative or the stock figure of convention From amiable Zerlina to the awesome Queen of the Night to calculating Despina all of Mozart's

women have something unique to say These readings also tackle provocative social political and cultural issues which are used in the operas to define positive and negative images of femininity revenge power seduction resistance autonomy sacrifice faithfulness class maternity and sisterhood Keenly aware of the historical gap between the origins of these works and contemporary culture Brown Montesano discusses how attitudes about such concepts past and current influence our appreciation of these fascinating representations of women

Constanze, Mozart's Beloved Agnes Selby, 2013-09-10 Constanze the wife of Wolfgang Amad Mozart was not the foolish and self-interested individual of

popular opinion much of which is based on the views of Mozart's father who believed that his son had chosen an inappropriate partner. This strong-minded woman was however to be of critical support to her beloved husband. From a family of accomplished musicians she was possessed of a fine voice and sang in public performances of a number of Mozart's works both before and after his death. She bore him six children of whom two survived childhood. Her business acumen was such that after his death she was largely responsible for keeping his music before the public, organising concerts, securing the accurate publication of many of his works including the Requiem and acquiring patronage from the aristocracy. Her second marriage to the Dane Georg Nikolaus Nissen continued a life story which is a rich example of self-sufficiency and competence in an era when a woman in business was a rarity. Importantly, this book restores the reputation of a woman much maligned by history. Revised edition **Music for Little Mozarts, Lesson Book 4** Christine H. Barden, Gayle Kowalchyk, E. L.
