Lorca Plays One:

Lorca Plays: 1 Federico Garcia Lorca, 2010-08-09 These three tragedies were written at the height of Lorca's powers and display his innovative mix of Spanish popular tradition and modern dramatic technique Blood Wedding tells the story of a couple drawn irresistibly together in the face of an arranged marriage Do a Rosita the Spinster follows the appalling fate of a young woman beguiled into the expectation of marriage and left stranded for a lifetime whilst Yerma is possibly Lorca's harshest play following a woman's Herculean struggle against the curse of infertility Set in and around his home territory Granada the plays return again and again to the lives of passionate individuals particularly women trapped by the social conventions of narrow peasant communities The plays appear here in new playable translations **Four Major Plays**

Federico García Lorca, 1999 In his four last plays Blood Wedding Yerma The House of Bernarda Alba Dona Rosita the Spinster Federico García Lorca offered his disturbed and disturbing personal vision to Spanish audiences of the 1930s unready as he thought them for the sexual frankness and surreal expression of his more experimental work The authentic sense of danger of Lorca's theatre is finely conveyed here in John Edmunds's fluent and rhythmic new translations that lend themselves admirably to performance *The One-Act Play Companion* Colin Dolley, Rex Walford, 2015-01-05 The one act play stands apart as a distinct art form with some well known writers providing specialist material among them Bernard Shaw Tom Stoppard Harold Pinter Caryl Churchill Alan Ayckbourn Edward Albee and Tennessee Williams There are also lesser known writers with plenty of material to offer yet sourcing one act plays to perform is notoriously hard This companion is the first book to survey the work of over 250 playwrights in an illuminating A Z guide Multiple styles nationalities and periods are covered offering a treasure trove of compelling moments of theatre waiting to be discovered Guidance on performing and staging one act plays is also covered as well as essential contact information and where to apply for performance rights A chapter introducing the history of the one act play rounds off the title as a definitive guide *Three*

Plays Federico García Lorca, Michael Dewell, Carmen Zapata, 1993-09 Newly repackaged three plays by Federico García Lorca In these three plays Federico García Lorca's acknowledged masterpieces he searched for a contemporary mode of tragedy and reminded his audience that dramatic poetry or poetic drama depends less on formal convention than on an elemental radical outlook on human life His images are beautiful and exact but until now no translator had ever been able to make his characters speak unaffectedly on the American stage Michael Dewell of the National Repertory Theatre and Carmen Zapata of the Bilingual Foundation of the Arts have created these versions expressly for the stage The results both performable and readable have been thoroughly revised for this edition which has an introduction by Christopher Maurer the general editor of the Complete Poetical Works of García Lorca Valle-Inclán Plays: 1 Ramón del Valle-Inclán, 1993-03-11 The three plays included in this volume are presented in lively translations *Lorca's Experimental Theater* Andrew A. Anderson, 2024-11-25 Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the

twentieth century often obscure the author's more avant garde dramatic works In *Lorca's Experimental Theater* Andrew A Anderson focuses on four of Lorca's most challenging plays *Amor de don Perlimplín con Belisa en su jardín* *El público* *As que pasen cinco años* and *El sueño de la vida* previously known as *Comedia sin título* and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde *Lorca's Experimental Theater* provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works

[The Oxford Guide to Literature in English Translation](#) Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e.g. Virgil's *Aeneid* which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e.g. poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to

individual texts e.g. the Thousand and One Nights or writers e.g. Ibsen Proust but the majority offer a critical overview of a genre e.g. Chinese poetry Spanish Golden Age drama or of a national literature e.g. Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators
