Elizabeth Willis, 2008-10 When Lorine Niedecker died in 1970 the British poet and critic Basil Bunting eulogized her warmly In England he wrote she was in the estimation of many the most interesting woman poet America has yet produced Aesthetically linked with the New York Objectivist poets Niedecker remained committed to her community in rural Wisconsin despite the grinding poverty that dogged her throughout her life Largely self taught Niedecker formed attachments through her voracious reading and correspondence but she also delighted in the disruptive richness of vernacular usage and in the homegrown improvisational aesthetics that thrived within her immediate world Niedecker wrote from a highly attenuated concern with biological cultural and political sustainability and in her stridently modernist poems anticipated many of the most urgent concerns in twenty first century poetics In *Radical Vernacular* Elizabeth Willis collects essays by leading poets and scholars that make a major contribution to the study of an important but long overlooked American poet This pathbreaking volume contains essays by seventeen leading scholars Rae Armantrout Glenna Breslin Michael Davidson Rachel Blau DuPlessis Ruth Jennison Peter Middleton Jenny Penberthy Mary Pinard Patrick Pritchett Peter Quartermain Lisa Robertson Elizabeth Robinson Eleni Sikelianos Jonathan Skinner Anne Waldman Eliot Weinberger and Elizabeth Willis

Democratic Anarchy Matthew Scully, 2024-07-02 A dramatic and necessary rethinking of the meaning of Democracy *Democratic Anarchy* grapples with an uncomfortable but obvious truth inimical to democracy both aesthetics and politics depend on the structuring antagonism of inclusion and exclusion Yet in *Democratic Anarchy* Matthew Scully asks how can the people be represented in a way that acknowledges what remains unrepresentable What would it mean to face up to the constitutive exclusions that haunt U S democracy and its anxious fantasies of equality Synthesizing a broad range of theoretical traditions and interlocutors including Lacan Rancière Edelman and Hartman *Democratic Anarchy* polemically declares that there has never been nor can there ever be a realized democracy in the U S because democracy always depends on the hierarchical institution of a formal order by one part of the population over another Engaging with an expansive corpus of American literature and art Harriet Jacobs Nathaniel Hawthorne Louis Zukofsky Thomas Pynchon Toni Morrison Theresa Hak Kyung Cha Nari Ward Ocean Vuong and Safiya Sinclair *Democratic Anarchy* argues that many liberal concepts and institutions are in fact structurally opposed to democratic equality because they depend on regulating what can appear and in what form By focusing on works that disrupt this regulatory impulse Scully shows how rhetorical strategies of interruption excess and disorder figure the anarchic equality that inegalitarian fantasies of democracy disavow *Democratic Anarchy* develops a rigorous theory of equality that refuses to repeat the inequalities against which it positions itself and it does so by turning to moments of resistance both aesthetic and political inaugurated by the equality that inheres in and antagonizes the order of things **The Selected Letters of George Oppen** George Oppen, 1990 Objectivist poet George

Oppen 1908 1984 along with his contemporaries Lorine Niedecker Charles Reznikoff and Carl Rakoski provide an important bridge between the vanguard modernist American poets and the later works of poets such as Robert Creeley In work often compounded by the populist urbanity of city lives the Objectivists explored the social statements poetry can make Because Oppen wrote only one essay and one essay review his correspondence in effect constitutes his essays Oppen is emerging as one of the major poets of the postwar era he was the recipient of an American Academy and Institute of Arts and Letters Award the PEN West Rediscovery Award and a Senior Fellowship from the National Endowment for the Arts His collection *Of Being Numerous* received the 1969 Pulitzer Prize for Poetry These working papers include a rich correspondence letters which provide access to the sustained perceptive body of critical and aesthetic thinking of Oppen s poetic career Provocative and witty comments on poetry and poetics especially interesting for the development of an Objectivist aesthetics and shrewd deeply felt assessments about the politics of the twentieth century and its moral dilemmas are some of the issues attended to This edition offers primary documentation about an influential poetics a little known movement and its active figures Given the aggressive studies of the politics of canon formation the interest in describing a historical context for individual literary achievement and current debates about mainstream poetry the rethinking of the Objectivist movement and the collection of documents contributing to its poetics is an important achievement in literary scholarship

How to Tell When We Will Die Johanna Hedva, 2024-09-24 From one of the most influential voices in disability activism comes an essay collection that detonates a bomb in our collective understanding of care and illness showing us that sickness is a vibrant part of life In the wake of the 2014 Ferguson riots and sick with a chronic condition that rendered them housebound Johanna Hedva turned to the page to ask How do you throw a brick through the window of a bank if you can t get out of bed It was not long before this essay *Sick Woman Theory* became a seminal work on disability because in reframing illness as not just a biological experience but a social one Hedva argues that under capitalism a system that limits our worth to the productivity of our bodies we must reach for the revolutionary act of caring for ourselves and others *How to Tell When We Will Die* expands upon Hedva s paradigm shifting perspective in a series of slyly subversive and razor sharp essays that range from the theoretical to the personal from Deborah Levy and Susan Sontag to wrestling kink mysticism death and the color yellow Drawing from their experiences with America s byzantine healthcare system and considering archetypes they call *The Psychotic Woman* *The Freak* and *The Hag in Charge* Hedva offers a bracing indictment of the politics that exploit sickness relying on and fueling ableism to the detriment of us all With the insight of Anne Boyer s *The Undying* and Leslie Jamison s *The Empathy Exams* and the wit of Samantha Irby Hedva s debut collection upends our collective concept of disability In their radical reimagining of a world where care and pain are symbiotic and our bodies are allowed to live free and well Hedva implores us to remember that illness is neither an inconvenience or
