Mystery Of The Forgotten Planet:

The forgotten planet: Mystique Alain Costea, 2024-04-18 Earthly year 2833 Planet Mystique under the influence of the Solar Empire From the moment she set foot she couldn't get enough If she could she would have embraced it all in a single hug The endless fields of plants their soft green stems rising up to 50 70 cm leafless and ending in clusters of intensely luminous red to pink peonies the low grass forming a dense carpet of the same dark green all of it gave the impression that the flowers were actually floating above the ground She walked among them as if walking on water each touch creating ripples through the sea of blossoms Unaware she had come very close to the weeping willow wall She wasn't sure where the name came from but somehow it seemed to fit these trees perfectly up to 40 meters tall with trunks in the same omnipresent shade of dark green that turned almost fluorescent lime green toward the middle adorned with small pink streaks where countless thin branches originated These branches fell toward the ground creating an illusion of perpetual levitation The

Body in the Catacombs Kate MacLeod, 2021-07-06 Murdina Ritchie and Shackleton Fitz IV start their junior year at the Oymyakon Foreign Service Academy finally feeling like they belong in that world They stand as equals among the other cadets And the crushing load of schoolwork Surprisingly manageable when you're not trying to solve a murder at the same time But the rumors of big changes in the political universe reach even the depths of the Academy Distrust and secretiveness invade the minds of all of the cadets Something dark and tumultuous hangs over all of them and not just the ever present storms of Oymyakon Then someone finds a body in the lower levels and the accusations fly A murder but committed decades before Long before the time of any of the cadets But not before the time of the instructors In fact exactly at the time Colonel Hansen was Cadet Hansen Can Ritchie and Fitz solve the coldest of cases and prove the colonel innocent Or worse guilty

The Revealers Doug Wilhelm, 2003-10-07 Tired of being bullied and picked on three seventh grade outcasts join forces and using scientific methods and the power of the Internet begin to create a new atmosphere at Parkland Middle School

Falling Doug Wilhelm, 2025-10-16 Everyone expected fifteen year old Matt Shaw to be Jeffords Junior High's star basketball player But Matt never went out for the team He won't even touch a ball anymore and he hardly talks to anyone No one understands why he's changed but Matt knows that it's his golden child older brother who's really been doing all the changing Matt can't imagine what would happen to his family if word got out about Neal's drug habit and the strung out strangers he's seen coming and going from the house when their parents aren't home Matt can't tell anyone what he knows not his parents not the police detective who refuses to leave him alone not even Katie the one girl he's ever really had feelings for But even Matt has to wonder eventually if he's holding on to someone he may already have lost With his unparalleled ear for teen dialogue and emotions Doug Wilhelm's new novel is a captivating look at falling apart falling in love and all the falling in between *Murder in the Skies* Kate MacLeod, 2020-04-14 Murdina Ritchie put everything on the line to earn one chance to prove herself at the Oymyakon Foreign Service Academy Just one chance Despite the bad reputation

that comes with her family name despite the bullies desperate to see her fail she refuses to back down from any opportunity to show her worth Everyone at the academy knows her skill knows her inability to compromise in the pursuit of excellence and knows her drive for success at all costs that borders on desperation But all of that common knowledge works against her when a bullying upper class cadet dies in a freak training accident that looks a lot like murder Because now everyone knows that Murdina Ritchie tops any possible list of suspects Suddenly she finds a goal beyond proving her worth proving her own innocence This is the second book in the complete six book THE RITCHIE AND FITZ SCI FI MURDER MYSTERIES series

Death on the Summit Kate MacLeod, 2021-11-11 The cadets of the Oymyakon Foreign Service Academy know more than most about challenging environments They experience one every day just while crossing their campus Their planet barely ranks as habitable on the best of days But now the third and fourth year cadets face even harsher conditions climbing to heights nearly at the edge of space and totally within the heart of Oymyakon's ever present storms Murdina Ritchie relishes the opportunity to test her mettle in ways she never could back home in the stable comfortable environment of a space station Shackleton Fitz IV delights in freedom from campus life and distance from the growing rumors of political turmoil in the Union of Free Worlds if only for a few days Then a fellow cadet falls to her death No one in the camp thinks this an accident But with no way down off the mountain until the storm passes they all live with the knowledge that a murderer lurks among them possibly planning to kill again Ritchie and Fitz face death all the time But if a human killer fails to end them the planet itself just might finish the job Staying alive calls on them to apply everything they've learned at the academy But will it be enough

Murder on the Intergalactic Railway Kate MacLeod, 2019-12-17 For Murdina Ritchie acceptance at the Oymyakon Foreign Service Academy means one last chance at her dream of becoming a diplomat for the Union of Free Worlds For Shackleton Fitz IV it represents his last chance not to fail out of military service entirely Strange that fate should throw them together now among the last group of students admitted after the start of the semester They had once shared the strongest of friendships But that all ended a long time ago But when an insufferable but politically important woman turns up murdered the two agree to put their differences aside and work together to solve the case Because the murderer might strike again But more importantly solving a murder would just have to impress the dour colonel who clearly thinks neither of them belong at his academy This is book 1 in the complete six book THE RITCHIE AND FITZ SCI FI MURDER MYSTERY series
