Nation And Its New Women:

The Nation and Its New Women Ellen Fleischmann, 2003-04-01 Though they are almost completely absent from the historical record Palestinian women were extensively involved in the unfolding national struggle in their country during the British mandate period Led primarily by urban educated women from the middle and upper classes of Arab society Palestinian women struggled against British colonialism and against Jewish settlement by holding a national congress meeting with government officials smuggling arms demonstrating and participating in regional and international conferences This book is the first comprehensive historical study of the emergence and development of the Palestinian women s movement in this important historical period Drawing from little studied source material including oral histories newspapers memoirs and government documents Ellen Fleischmann not only shows what these women accomplished within the political arena but also explores the social cultural and economic contexts within which they operated Charting the emergence of an indigenous feminism in Palestine this work joins efforts to broaden European and American definitions of feminism by incorporating non Western perspectives The Nation and Its "new" Women Ellen Fleischman, 1996 **The Nation** , 1908

The New Woman in Print and Pictures Marianne Berger Woods, 2009-05-13 Although feminist women have existed throughout history the term New Woman wasn t officially coined until 1894 when British novelists began to address the concept of the New Woman through discussions of female suffrage dress reform women s advances toward more legal rights birth control sexual freedom and women working outside the home This annotated bibliography includes original novels and articles printed from 1894 to 1944 the era most closely associated with the New Woman It includes all period novels with a New Woman protagonist and all period articles with the New Woman as primary subject along with several poems cartoons advertisements and artworks The bibliography also includes critical literature published worldwide from the 1960s to 2008 that examines the primary material included in the first section Because the New Woman was the target of many derisive articles poems and visual works these critical response pieces are included **Frontier Feminist** Marilyn S.

Blackwell, Kristen Tegtmeier Oertel, 2010 This comprehensive portrait of nineteenth century reformer Clarina Howard Nichols uncovers the fascinating story of a complex woman and reveals her important role in women s rights antislavery and westward expansion **Ethnic Groups** , 1979 A collection of articles illustrating the diversity of origins of the American people *Public Opinion* , 1893 **Nation's Health** , 1921 *Politics of the Modern Arab World* Laleh Khalili, 2009 This four volume collection of cutting edge and canonical scholarship counters the oft cited opinion that studies of Middle Eastern politics are devoid of social scientific theory and method by providing an overview of the state of the scholarship in the field innovations therein and the debates that have advanced knowledge in the field The collection covers the Arab world from Morocco to the borders of Iran with the focus primarily on the twentieth century and especially the post Second World War era By choosing a wide array of authors many of whom are from the region or from the non Anglophone world the full

breadth of worldwide scholarship on the modern Arab world is on display The collection defines politics broadly in line with the most innovative current works in the field of political studies to include not only politics at the state level but also the public social and popular domains that define and shape and are in turn defined and shaped by politics
