Peary has stooped to every crime from rape to murder They had started out as friends and shipmates with Cook a doctor accompanying Peary a civil engineer on an expedition to northern Greenland in 1891 Peary's leg was shattered in an accident and without Cook's care he might never have walked again But by the summer of 1909 all the goodwill was gone Peary said he had reached the Pole in September 1909 Cook scooped him presenting evidence that he had gotten there in 1908 Bruce Henderson makes a wonderful narrative out of the claims and counterclaims and he introduces fascinating scientific and psychological evidence to put the appalling details of polar travel in a new context
