Native Peoples Of The Pacific World:

Native Peoples of the World Steven L. Danver, 2015-03-10 This work examines the world's indigenous peoples, their cultures, the countries in which they reside and the issues that impact these groups. *First Americans: A History of Native Peoples* Kenneth W. Townsend, 2023-07-04 Now in its third edition, *First Americans* has been fully updated to trace Native Americans' experiences through the 2020 election and the Biden administration, the COVID-19 pandemic, and the crisis of murdered and missing indigenous women. This book provides a comprehensive history of Native Americans from their earliest appearances in North America to the present, highlighting the complexity and diversity of their cultures and experiences. Contrasting the misconception that Native Americans were consistently victims without power, native voices permeate the text and shape its narrative, underlining the vitality of native peoples and cultures in the context of regional, continental, and global developments. The new edition highlights the role of Native Americans as agents of resistance and progress, rooted in the perspective that their activism has been instrumental throughout history and in the present day. To enrich student understanding, the book also includes a variety of pedagogical tools, including short biographical profiles, key review questions, a rich series of maps and illustrations, chapter chronologies, a glossary, and recommendations for further reading. Spanning centuries of developments into the present day, *First Americans* is the approachable, essential student introduction to Native American history.

The Pacific War Christina Twomey, Ernest Koh, 2014-09-15 The Pacific War is an umbrella term that refers collectively to a disparate set of wars; however, this book presents a strong case for considering this assemblage of conflicts as a collective singular war. It highlights the genuine thematic commonalities in the legacies of war that cohere across the Asia-Pacific and shows how the wars, both individually and collectively, wrought dramatic change to the geopolitical makeup of the region. This book discusses the cultural, political, and social implications of the Pacific War and engages with debates over the war's impact, legacies, and continuing cultural resonances. Crucially, it examines the meanings and significance of the Second World War from a truly international perspective, and the contributors present fascinating case studies that highlight the myriad of localised idiosyncrasies in how the Pacific War has been remembered and deployed in political contexts. The chapters trace the shared legacy that the individual wars had on demographics, culture, and mobility across the Asia-Pacific and demonstrate how, in the aftermath of the war, political borders were transformed and new nation-states emerged. The book also considers racial and sexual tensions which accompanied the arrival of both Allied and Axis personnel and their long-lasting consequences, as well as the impact of returning veterans and the war-crime trials that followed the conflict had on societies in the region. In doing so, it succeeds in illuminating the events and issues that unfolded in the weeks, months, and indeed decades after the war. This interdisciplinary volume examines the aftermaths and legacies of war for individuals, communities, and institutions across South, Southeast, and East Asia, Oceania, and the Pacific world. As such, it will be welcomed by students and scholars of Asian history, modern history, and cultural history, as well as by those interested

Indigenous Peoples 2015 Peter Grant,2015-07-02 In a context of rapid growth an increasing proportion of minorities and indigenous peoples are now living in urban areas But while they offer the possibility of greater freedoms improved livelihoods and more equitable opportunities cities often magnify existing patterns of discrimination and insecurity This year s edition of State of the world s minorities and indigenous peoples explores the many challenges communities face in urban areas from segregation and lack of services to targeted violence and exclusion Nevertheless the volume also includes numerous cases of minorities and indigenous peoples achieving better social and political outcomes for themselves in cities as well as examples of the substantial benefits their inclusion can bring to the entire urban population Pacific Literatures as World Literature

Hsinya Huang,Chia-hua Yvonne Lin,2023-05-04 Pacific Literatures as World Literature is a conjuration of trans Pacific poets and writers whose work enacts forces of becoming oceanic and suggests a different mode of understanding viewing and belonging to the world The Pacific past and present remains uneasily amenable to territorial demarcations of national or marine sovereignty At the same time as a planetary element necessary to sustaining life and well being the Pacific could become the means to envisioning ecological solidarity if compellingly framed in terms that elicit consent and inspire an imagination of co belonging and care The Pacific can signify a bioregional site of coalitional promise as much as a danger zone of antagonistic peril With ground breaking writings from authors based in North America Japan Taiwan Korea Hawaii and Guam and new modes of research including multispecies ethnography and practice ecopoetics and indigenous cosmopolitics authors explore the socio political significance of the Pacific and contribute to the development of a collective effort of comparative Pacific studies covering a refreshingly broad ethnographically grounded range of research themes This volume aims to decenter continental land poetics as such via long standing transnational Pacific ties re worlding Pacific

literature as world literature *Decolonisation and the Pacific* Tracey Banivanua Mar, 2016-04-26 This book charts the previously untold story of decolonisation in the oceanic world of the Pacific Australia and New Zealand presenting it both as an indigenous and an international phenomenon Tracey Banivanua Mar reveals how the inherent limits of decolonisation were laid bare by the historical peculiarities of colonialism in the region and demonstrates the way imperial powers conceived of decolonisation as a new form of imperialism She shows how Indigenous peoples responded to these limits by developing rich intellectual political and cultural networks transcending colonial and national borders with localised traditions of protest and dialogue connected to the global ferment of the twentieth century The individual stories told here shed new light on the forces that shaped twentieth century global history and reconfigure the history of decolonisation presenting it not as an historic event but as a fragile contingent and ongoing process continuing well into the postcolonial era

Reptiles of the Pacific World Arthur Loveridge, 1974 **Raising the Redwood Curtain** Michael T. Karp, 2025-10 Raising the Redwood Curtain explores how shifting land use practices and exploitative labor patterns spurred by the colonial settlement of the Pacific world influenced the genocide of California s Native people anti Asian campaigns and the oppression of eastern European immigrant workers By carefully examining these local developments it explores how global capitalism fundamentally reordered labor patterns and social relations By analyzing the history of three episodes of labor and racial violence in Humboldt County California Michael T Karp spans nearly a century in a detailed examination of the causes and interconnections between the Indian Island massacre of 1860 the expulsion of Chinese and Japanese people from the county between 1885 and 1906 and the killing and persecution of eastern Europeans during the Great Lumber Strike of 1935

Regional labor and land use patterns shaped these events but so did global economic developments and environmental change connecting disparate acts of racial violence across time By bringing together new scholarship on the American West environmental history and the Pacific world Michael T Karp illustrates the importance of considering communities on the periphery to better understand the violence that defined the colonial settlement of North America **Racism Against Indigenous Peoples** International Work Group for Indigenous Affairs,2001 This book is published in connection with the UN World Conference Against Racism Racial Discrimination Xenophobia and Related Intolerance held in South Africa 2001 and it contains articles by experts from throughout the world cover **Mercantile Trust Review of the Pacific** ,1929
