Nursing Home Ethics Everyday Issues Affecting Residents With Dementia:

Nursing Home Ethics Bethel Ann Powers, RN, PhD, 2003-09-09 Designated a Doody's Core Title Winner of an AJN Book of the Year Award p Bethel Ann Powers gives a comprehensive and thoughtful examination of the ethical issues that arise in long term care The first two chapters set the stage by exploring the pre nursing home experiences of families living with dementia and in contrast how residents and family members experience life in the nursing home The following chapters contain detailed hypothetical cases that include questions possible actions and insightful commentary to illustrate practical approaches to understanding common ethical issues affecting nursing home residents

The Law and Ethics of Dementia Charles Foster, Jonathan Herring, Israel Doron, 2014-12-01 Dementia is a topic of enormous human medical economic legal and ethical importance Its importance grows as more of us live longer The legal and ethical problems it raises are complex intertwined and under discussed This book brings together contributions from clinicians lawyers and ethicists all of them world leaders in the field of dementia and is a comprehensive scholarly yet accessible library of all the main and many of the fringe perspectives It begins with the medical facts what is dementia Who gets it What are the current and future therapeutic and palliative options What are the main challenges for medical and nursing care The story is then taken up by the ethicists who grapple with questions such as is it legitimate to lie to dementia patients if that is a kind thing to do Who is the person whose memory preferences and personality have all been transformed by their disease Should any constraints be placed on the sexual activity of patients Are GPS tracking devices an unpardonable interference with the patient's freedom These issues and many more are then examined through legal lenses The book closes with accounts from dementia sufferers and their carers It is the first and only book of its kind and the authoritative text This title is included in Bloomsbury Professional's Family Law online service

Dementia Care Mala Kapur Shankardass, 2021-09-03 This book discusses the contemporary medico social psychological legal and therapeutic concerns related to people affected by dementia as a patient or as a caregiver It provides global emerging responses to dementia It highlights different dimensions of dementia in terms of issues concerns policies and strategies all around the globe The contributing authors present issues from cross cultural education visible in dementia studies and discuss the power of music art therapy artistic collaborations and many innovative practices in dealing with dementia Written by international specialists from various disciplines the chapters include challenges and emerging issues related to the role of family caregivers the concern with vulnerability to elder abuse and neglect and the role of technology in dementia care The book provides a diverse perspective to dementia care not covered in such a broad way by any other books on the topic This book is intended for academics from a wide range of fields such as sociology geriatrics community medicine public health clinical psychology social work all of which collectively bear on the problem and the solutions for better dementia care

Handbook of Primary Care Ethics Andrew

Papanikitas, John Spicer, 2017-09-25 With chapters revolving around practical issues and real world contexts this Handbook offers much needed insights into the ethics of primary healthcare An international set of contributors from a broad range of areas in ethics and practice address a challenging array of topics These range from the issues arising in primary care interactions to working with different sources of vulnerability among patients from contexts connected with teaching and learning to issues in relation to justice and resources The book is both interdisciplinary and inter professional including not just standard philosophical clinical ethics but also approaches using the humanities clinical empirical research management theory and much else besides This practical handbook will be an invaluable resource for anyone who is seeking a better appreciation and understanding of the ethics in of and for primary healthcare That includes clinicians and commissioners but also policymakers and academics concerned with primary care ethics Readers are encouraged to explore and critique the ideas discussed in the 44 chapters whether or not readers agree with all the authors views this volume aims to inform educate and in many cases inspire Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license *Handbook of LGBT Elders* Debra A. Harley, Pamela B. Teaster, 2015-08-05 This groundbreaking resource presents a wealth of findings and perspectives previously unseen in the LGBT literature Its focus on psychological sociopolitical and care delivery issues affecting LGBT elders reveals both the nuanced interplay between diverse sources of identity and multiple sources of stigma and discrimination Specific chapters highlight challenges and resiliencies impacting subpopulations e.g. racial groups veterans immigrants examine employment and advocacy issues discuss later life concerns in context and offer guidelines for relevant ethical practice Contributors represent a wide range of fields from psychiatry and gerontology to public health and public policy reflecting the scope and needs of this diverse and complex population Among the topics in the Handbook Family relationships of older LGBT adults The intersection of identities race age sexuality and care network Bisexuality an invisible community among LGBT elders Implications of the Supreme Court ruling on same sex marriage No money no work and you're old Disabilities among LGBT elders responses of medicine public health rehabilitation and social work *Handbook of LGBT Elders* is an essential reference for mental health professionals psychologists and social workers who work with the LGBT community and the elderly as well as researchers interested in the LGBT community and aging *Ethics, Law, and Aging Review, Volume 10* Marshall B. Kapp, 2004-12-06 Although the topic of decision making capacity and older persons has been discussed in the literature there still is much to be learned about it theoretically and practically Experts continue to disagree about which standards are important for assessing decision making capacity Questions such as When should a capacity assessment be done on an older person and by whom are covered by the editors Topics included in this volume are the application of an original framework for ethical decision making in long term care an elder's capacity to decide to remain living alone in the community the quest for helpful standardized instruments for evaluating decision making capacity and end
