Principles Of Scientific Socialism A Primer On Marxism Leninism:

Principles of Scientific Socialism Philip Sharnoff,1983 Redeemer Nation Orrin Schwab,2004 In this book Dr Orrin Schwab develops the concept of the modern technocratic state as part of a global technocratic culture and civilization The author argues that technocratic cultural and institutional forms were and are part of a collective script for Western culture The American script combined the scientific commercial and technological aspects of the Enlightenment with the radical 17th century Protestant belief in America as a new Zion In the twentieth century the synthesis of mission along with global technocratic knowledge and institutions created the Wilsonian liberal technocratic order As the principal agent and protector of the modern capitalist international system America the self defined Redeemer Nation has moved through the controlled anarchy of international relations from one war and crisis to the next confirmed in its self defined role and mission Rotten Foundations Peter W. Sperlich,2002-11-30 Sperlich examines the ideological foundations of the socialist regime of the former German Democratic Republic He provides a detailed analysis of the nature of the GDR s legitimating ideology and of the reasons why the ideology ultimately failed to legitimate the regime The study uses primary source documents extensively as well as the little existing secondary literature This is part of Sperlich s larger project dealing with the government society economy political participation and administration of the law and the system of courts of the GDR This definitive treatment of the GDR provides the background essential to an understanding of all communist systems of the twentieth century As such it is vital reading for scholars students and other researchers seeking to understand the rise and ultimate collapse of communist systems and in particular the decline of the German Democratic Republic *American Book Publishing Record* ,1984-04 **The Publishers' Trade List Annual** ,1985 **Economic Books** ,1984 **Journal of International Affairs** ,1984 **Public Administration Series--Bibliography** ,1987-03 *The Philosopher's Index* ,1995 An international index to philosophical periodicals The Soviet Legal System--a Primer Bernard A. Ramundo,1971 **The Encyclopedia Americana** ,1927 **The Constitution of Socialism** Tim Platenkamp,2025-06-19 To revive the fortunes of socialism the articulation of a credible and attractive alternative is absolutely essential Offering an original synthesis of socialism and republicanism The Constitution of Socialism discusses how society can move beyond capitalism It outlines an institutional and political framework for a socialist future in which collective decision making about the use and allocation of resources directly responds to social interests By means of institutional design this study explores the feasibility criteria of post capitalism and sketches the contours and features of a viable model of socialism Paperbound Books in Print ,1992

Japan's First Student Radicals Henry DeWitt Smith,1972 Long obscured by the more dramatic activities of post World War II student activists the history of the Japanese left wing student movement during its formative period from 1918 until its suppression in the 1930s is analyzed here in detail for the first time Focusing on the Shinjinkai New Man Society of Tokyo Imperial University the leading prewar student group Henry DeWitt Smith describes the origins and evolution of student

radicalism in the period between the two World Wars He concludes with an analysis of the careers of the Shinjinkai members after graduation and with an explanation of the importance of the prewar tradition to the postwar student movement
