Professional Development For Educational Management

Kydd, Lesley,Crawford, Megan,Riches, Colin,1997-01-01 This book begins from the perspective that organizational effectiveness will be improved if the individuals within the organization are engaged in developing professionally It takes the individual as the key resource of any institution and the notion of professional development as the key to the learning of educational managers This book offers both theoretical and practical perspectives on the key components of professional development linking reflection and knowledge with skills and

capabilities It then takes educational managers on to consider the systems and tasks which they have to undertake in managing the professional development of others from selecting the right person for the job to setting up appropriate appraisal systems This book provides educational managers and those interested in the field with an introduction to the processes and skills which they will need in managing educational establishments both now and in the future This volume forms part of the Leadership and Management in Education series This four book series provides a carefully chosen selection of high quality readings on key contemporary themes in educational management professional development reflection on practice leadership team working effectiveness and improvement quality strategy and resources The series will be an important resource for classroom teachers and lecturers as well as those holding designated management posts in schools and colleges and will provide a valuable basis for professional development programmes Resources in Education, 2001-04 *Theories of Educational Leadership and Management* Tony Bush, 2003-10-08 The Third Edition of an excellent book and is usefully updated to include the greater significance of the global contest of management and in particular Tony Bush has consciously updated reference material This like all Tony Bush's work is an essential reading for students following higher degree courses in the area of management studies in education and increasingly those social policy students on higher degrees with an education option John L Doyle The International Journal of Educational Management In summary this book makes an excellent contribution to the current debate on Management and Leadership from a theoretical point of view It provides an important resource for many aspects of management and leadership development programmes at a variety of levels Its ability to draw upon international perspectives along with examples beyond conventional educational parameters enhances its quality The book contains a well documented account of how leadership has been studied which will appeal both to the academic reader and to the professional provider of CPD in leadership offering a wealth of information that can be practically adopted and adapted for a range of courses British Journal In Service Education In this established bestselling text previous title *Theories of Educational Management* Tony Bush presents the major theories of educational management and links them to contemporary policy and practice This fully revised Third Edition includes two important changes in content First the book takes account of the increasing interest in the concept of leadership Leadership continues to be one of the major criteria used to differentiate the models but there are now explicit links between educational management theories and the main models of leadership The second change is that in this edition the author applies the models to a range of international contexts including both developed and developing countries This change relates to global interest in concepts of leadership and management and to an increasing recognition of the need to customize theory and practice to each context and culture rather than adopting a one size fits all approach This text is essential reading for students of educational leadership and management as well as for headteachers and managers in education Educational Management, Administration And Leadership SOUMITRA MONDAL, 2024-03-15 In order to effectively and efficiently carry out the tasks of

teaching extension work and research educational management is the process of organizing planning directing and controlling the activities of an institution by utilizing material resources money buildings grounds etc and human resources kids parents teachers and other employees Therefore educational management is an all encompassing endeavour meant to accomplish certain educational goals The management of any educational program depends heavily on educational administration It is a specific set of duties performed by organizations Ensuring the effective and efficient delivery of pertinent educational services is its main goal It also emphasizes planning decision making and leadership behaviour in the execution of legislative programs

Theories of Educational Leadership and Management Tony Bush, 2010-11-30 In this established text Tony Bush presents the major theories of educational management and links them to contemporary policy and practice Leadership continues to be one of the major criteria used to differentiate the models but the author now makes clear links between educational management theories and the main models of leadership The author applies the models to a range of international contexts including both developed and developing countries This relates to global interest in concepts of leadership and management and to an increasing recognition of the need to customize theory and practice to each context and culture rather than adopting a one size fits all approach For the Fourth Edition the essential conceptual models remain New case study material has been added from the full range of education and non school settings from early years through to further and higher education Each chapter now includes key words summary and end of chapter materials including issues for discussion Key terms are defined in text for the non expert reader and all references and relevant key legislation details have been fully updated This book is essential reading for all teachers who aspire to management as well as for experienced leaders on Masters level courses and for those studying school management as part of education studies degrees
