Excerpt from Some Principles of Literary Criticism The following chapters were first prepared for the college lecture room and although since rewritten they doubtless still betray by a certain dull didactic manner the place of their origin While directing the work of college classes I had often looked about for a book that should give a compendious statement of the essentials of literature and the grounds of critical estimate Finding no such book I essayed to make one Two or three books on the subject born I judge of the same want that produced this one have indeed appeared since these lectures were first written but their purpose and method are quite different from those I have had in mind I have attempted neither to expound a philosophy of criticism nor to elaborate a critical method but simply to state as plainly as I might some qualities that by common consent are to be found in all writing deserving to be called literature and to lay down some fundamental principles that must be assumed in all sound critical judgments About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Principles of Literary Criticism Abercrombie Lascelles, 1958 **Some Principles of Literary Criticism** Wordsworth Collection, Caleb Thomas 1847-1920 Winchester, 2016-05-04
