Rounded Up in Glory Michael Grauer,2016-08-15 Frank Reaugh 1860 1945 pronounced Ray was called the Dean of Texas artists for good reason His pastels documented the wide open spaces of the West as they were vanishing in the late nineteenth century and his plein air techniques influenced generations of artists His students include a Who s Who of

twentieth century Texas painters Alexandre Hogue Reveau Bassett and Lucretia Coke among others He was an advocate of painting by observation and encouraged his students to do the same by organizing legendary sketch trips to West Texas Reaugh also earned the title of Renaissance man by inventing a portable easel that allowed him to paint in high winds and developing a formula for pastels which he marketed A founder of the Dallas Art Society which became the Dallas Museum of Art Reaugh was central to Dallas and Oak Cliff artistic circles for many years until infighting and politics drove him out of fashion He died isolated and poor in 1945 The last decade has seen a resurgence of interest in Reaugh through gallery shows exhibitions and a recent documentary Despite his importance and this growing public profile however *Rounded Up in Glory* is the first full length biography Michael Grauer argues for Reaugh s importance as more than just a longhorn painter Reaugh s works and far reaching imagination earned him a prominent place in the Texas art pantheon
