Struggle by the Pen Ondřej Klimeš, 2015-01-27 In *Struggle by the Pen* Ondřej Klimeš explores the emergence of national consciousness and nationalist ideology of Uyghurs in Xinjiang from c 1900-1949. Drawing from texts written by modern Uyghur intellectuals, politicians and propagandists throughout this period, he identifies diverse types of Uyghur discourse on the nation and national interest and traces the emergence and construction of modern Uyghur national identity. The author also demonstrates that the modern Uyghur intelligentsia regarded political emancipation and social modernization as the two most important interests of their nation and that they envisaged Uyghurs as citizens of a modern republican state founded on the principles of representative government. This book thus presents a new perspective on Uyghur intellectual history and on Republican Xinjiang.

Through a Land of Extremes Nicholas Clinch, Elizabeth Clinch, 2011-06-03 Teresa and St George Littledale were an unlikely British couple who explored Central Asia in the 1890s with their fox terrier. The Littledales were very well known in their time for their extensive travels and exceptional adventures but have been almost completely forgotten. This is the first book about their fascinating story. St George Littledale received the Patron's Medal from the Royal Geographical Society but Teresa was overlooked. For thirty years St George Littledale and his wife Teresa mounted expeditions in North America and Asia. *Through a Land of Extremes* gives a taste for a bygone time of travel into uncharted unknown territory when adventurers lived by a combination of wit, charm and luck. Of independent means, the Littledales began in the American Rockies, Yellowstone and Alaska. These trips were followed by expeditions in the late 1880s in the Caucasus, the Pamirs, Russian Central Asia and Mongolia. Their greatest exploit was a 14-month journey to Tibet in 1895. They were attempting to reach the Forbidden City of Lhasa, the great unmet goal of Central Asian explorers. In order to minimize their chances of being discovered before they neared their goal, St George selected a route across the desolate uninhabited Tibetan Plateau. At a 19,000-foot pass, they were finally blocked by 150 armed Tibetans. The Tibetans allowed them to continue over the pass to a suitable stopping place. The Littledales had come within 49 miles of Lhasa, closer than any other foreigners since 1846. This title is part of our LEGENDS AND LORE series. [Click here to learn more](#).

Oasis Identities Justin Ben-Adam Rudelson, 1997 Drawing upon extensive fieldwork in the Xinjiang oasis of Turpan, Rudelson assesses the factors that undermine the creation of a pan-Uyghur identity.

The Sacred Routes of Uyghur History Rian Thum, 2014-10-13 For 250 years the Turkic Muslims of Altishahr, who now call themselves Uyghurs, have cultivated a sense of history and identity that challenges Beijing's national narrative. The roots of this history run deeper than recent conflicts. Rian Thum says to a time when manuscripts and pilgrimage along the Silk Road dominated understandings of the past.

[Eurasian Crossroads](#) James A. Millward, 2007 Presents a comprehensive study of the central Asian region of Xinjiang's history and people from antiquity to the present. Discusses Xinjiang's rich environmental, cultural and ethno-political heritage.

Becoming Ottoman Yavuz Köse, Petr Kucera, Tobias Völker, 2024-12-12 This book examines the role of Europeans who settled in the Ottoman Empire between the 16th and 19th centuries and assumed Ottoman identity be it by way of conversion to Islam and assimilating to the host society or by becoming loyal servants or subjects of the Ottoman state identifying themselves as Ottomans but retaining their faith. Bringing together a variety of case studies that reflect a broad range of individual experiences in changing historical circumstances the book provides a detailed study of the process of Ottomanization. The book draws upon a variety of archival and other sources such as travelogues diaries and folk epics including lesser known examples from early modern Czech Venetian and Wallachian views of converts to case studies of 19th century British German and Austrians who switched loyalty. They show that this process depended on a range of factors from conversion to integration into the culture of the ruling elites fluency in the language affiliation through family ties or marriage and most importantly social status and professional rank.
