figures of the Indonesian Revolution Variouslly labeled a communist Trotskyite and nationalist Tan Malaka managed to run afoul of nearly every political group and faction involved in the Indonesian struggle for independence During his decades of political activity he spent periods of exile and hiding in nearly every country in Southeast Asia As a Marxist who was expelled from and became a bitter enemy of his country s Communist Party and as a nationalist who was imprisoned and murdered by his own government s forces as a danger to its anticolonial struggle Tan Malaka was and continues to be soaked in contradiction and controversy Translated by Helen Jarvis and with a new introduction from Harry A Poeze this edition of *From Jail to Jail* contextualizes the life and political accomplishments of Tan Malaka in one of the few known autobiographies by a Marxist of this political era and region Rhetoric of Revolt Peter A. DeCaro,2003-02-28

The success of Vietnam s August Revolution of 1945 can be attributed in part to Ho Chi Minh s reconstitutive rhetoric a form of rhetorical discourse that gave the Vietnamese people a new sense of identification This reawakened identity in turn influenced a renewed demand for nationalism and independence This study explores the reconstitutive rhetoric of Ho Chi Minh In doing so it advances rhetorical theory founded on nonWestern premises and examines the cultural differences responsible for creating a rhetoric whose focus is nonEurocentric Most current thinking on reconstitutive discourse has focused on Western premises Decaro challenges some of these premises and adds a new dimension to reconstitutive understanding Ho Chi Minh utilized the cultural heritage of the Vietnamese people as a means of creating his persona a powerful aspect of his ability to persuade In understanding Ho Chi Minh s unique form of discourse it is then possible to see how he was able to unify his country in order to sustain a protracted conflict with the goal of securing national independence *Ink in Her Veins* Sylvia Martin,2016

*Vietnam* Bill Hayton,2020-11-24 A much needed behind the scenes survey of an emerging Asian power The eyes of the West have recently been trained on China and India but Vietnam is rising fast among its Asian peers A breathtaking period of social change has seen foreign investment bringing capitalism flooding into its nominally communist society booming cities swallowing up smaller villages and the lure of modern living tugging at the traditional networks of family and community Yet

beneath these sweeping developments lurks an authoritarian political system that complicates the nation's apparent renaissance In this engaging work experienced journalist Bill Hayton looks at the costs of change in Vietnam and questions whether this rising Asian power is really heading toward capitalism and democracy Based on vivid eyewitness accounts and pertinent case studies Hayton's book addresses a broad variety of issues in today's Vietnam including important shifts in international relations the growth of civil society economic developments and challenges and the nation's nascent democracy movement as well as its notorious internal security His analysis of Vietnam's police state and its systematic mechanisms of social control coercion and surveillance is fresh and particularly imperative when viewed alongside his portraits of urban and street life cultural legacies religion the media and the arts With a firm sense of historical and cultural context Hayton examines how these issues have emerged and where they will lead Vietnam in the next stage of its development
