Prisoners Of The Japanese Pows Of World War II In The Pacific:

Prisoners of the Japanese Gavan Daws, 2007-05 A devastating portrait of the suffering of Japanese held POWs in the Second World War

Prisoners of the Japanese Gavan Daws, 1994 Gavan Daws combined ten years of documentary research and hundreds of interviews with POWs on three continents to write this shattering re creation of the experience of Allied POWs of World War II in the Pacific Australian British American and Dutch The Japanese army took over 140 000 military prisoners and one in four died at the hands of their captors Drawing directly on the vivid memories of survivors Daws brings the reader heartbreakingly close to the atrocities of the Burma Siam railway and the Bataan death march the horrors of Japanese medical experiments the struggles of POWs to stay alive and remain human the permanent scars that the survivors carry and the incomprehensible refusal of their own governments to support their attempts to get an apology from Japan Daws account which was neither researched nor written under military auspices is the humanly indispensable reverse side of official history This book is his best effort to tell a story conspicuously absent from the official histories of both sides missing in action so to speak the truth of life according to the POW In this he has succeeded masterfully

The Anguish of Surrender Ulrich A. Straus, 2011-10-01 On December 6 1941 Ensign Kazuo Sakamaki was one of a handful of men selected to skipper midget subs on a suicide mission to breach Pearl Harbor s defenses When his equipment malfunctioned he couldn t find the entrance to the harbor He hit several reefs eventually splitting the sub and swam to shore some miles from Pearl Harbor In the early dawn of December 8 he was picked up on the beach by two Japanese American MPs on patrol Sakamaki became Prisoner No 1 of the Pacific War Japan s no surrender policy did not permit becoming a POW Sakamaki and his fellow soldiers and sailors had been indoctrinated to choose between victory and a heroic death While his comrades had perished he had survived By becoming a prisoner of war Sakamaki believed he had brought shame and dishonor on himself his family his community and his nation in effect relinquishing his citizenship Sakamaki fell into despair and like so many Japanese POWs begged his captors to kill him Based on the author s interviews with dozens of former Japanese POWs along with memoirs only recently coming to light *The Anguish of Surrender* tells one of the great unknown stories of World War II Beginning with an examination of Japan s prewar ultranationalist climate and the harsh code that precluded the possibility of capture the author investigates the circumstances of surrender and capture of men like Sakamaki and their experiences in POW camps Many POWs ill and starving after days wandering in the jungles or hiding out in caves were astonished at the superior quality of food and medical treatment they received Contrary to expectations most Japanese POWs psychologically unprepared to deal with interrogations provided information to their captors Trained Allied linguists especially Japanese Americans learned how to extract intelligence by treating the POWs humanely Allied intelligence personnel took advantage of lax Japanese security precautions to gain extensive information from captured documents A few POWs recognizing Japan s certain defeat even assisted the Allied war effort to shorten the war Far larger numbers staged uprisings in an effort to

commit suicide Most sought to survive suffered mental anguish and feared what awaited them in their homeland These deeply human stories follow Japanese prisoners through their camp experiences to their return to their welcoming families and reintegration into postwar society These stories are told here for the first time in English **Prisoners of The Japanese** Gavin Daws,1996-01-16 Gavin Daws combined ten years of documentary research and hundreds of interviews with surviving POWs to write this explosive first and only account of the experiences of the Allied POWs of World War II The Japanese Army took over 140 000 Allied prisoners and one in four died the hands of their captors Here Daws reveals the survivors haunting experiences from the atrocities perpetrated during the Bataan Death March and the building of the Burma Siam railroad to descriptions of disease torture and execution **Counting the Days** Craig B. Smith,2012 Traces the stories of six prisoners on both sides of World War II including a pair of European expatriates who were released into the dangerous Philippine jungles a U S citizen who was confined in a detention camp and a Japanese soldier who hid in the Guam jungles until 15 years after the war **Prisoners of the Empire** Sarah Kovner,2020-09-15 A pathbreaking account of World War II POW camps challenging the longstanding belief that the Japanese Empire systematically mistreated Allied prisoners In only five months from the attack on Pearl Harbor in December 1941 to the fall of Corregidor in May 1942 the Japanese Empire took prisoner more than 140 000 Allied servicemen and 130 000 civilians from a dozen different countries From Manchuria to Java Burma to New Guinea the Japanese army hastily set up over seven hundred camps to imprison these unfortunates In the chaos 40 percent of American POWs did not survive More Australians died in captivity than were killed in combat Sarah Kovner offers the first portrait of detention in the Pacific theater that explains why so many suffered She follows Allied servicemen in Singapore and the Philippines transported to Japan on hellships and singled out for hard labor but also describes the experience of guards and camp commanders who were completely unprepared for the task Much of the worst treatment resulted from a lack of planning poor training and bureaucratic incoherence rather than an established policy of debasing and tormenting prisoners The struggle of POWs tended to be greatest where Tokyo exercised the least control and many were killed by Allied bombs and torpedoes rather than deliberate mistreatment By going beyond the horrific accounts of captivity to actually explain why inmates were neglected and abused *Prisoners of the Empire* contributes to ongoing debates over POW treatment across myriad war zones even to the present day **World War II in the Pacific** Stanley Sandler,2003-12-16 Stanley Sandler one of America s most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way *World War II in Asia and the Pacific and the War's Aftermath, with General Themes* Loyd Lee,1998-10-23 A

Prisoners of War Arnold Krammer, 2007-11-30 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of

1991 and the current War on Terrorism the issue of prisoners of war has moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy Justice in Asia and the Pacific Region, 1945-1952 Yuma Totani,2015-02-16 This book explores a cross section of war crimes trials that the Allied powers held against the Japanese in the aftermath of World War II More than 2 240 trials against some 5 700 suspected war criminals were carried out at 51 separate locations across the Asia Pacific region This book analyzes fourteen high profile American Australian British and Philippine trials including the two subsequent proceedings at Tokyo and the Yamashita trial By delving into a large body of hitherto underutilized oral and documentary history of the war as contained in the trial records Yuma Totani illuminates diverse firsthand accounts of the war that were offered by former Japanese and Allied combatants prisoners of war and the civilian population Furthermore the author makes a systematic inquiry into select trials to shed light on a highly complex and at times contradictory legal and jurisprudential legacy of Allied war crimes prosecutions Researching Japanese War Crimes Records Edward J. Drea,2006 **Caged Heroes** Jon Couch,2011-11-11 Caged Heroes American POW Experiences from the American Revolution to the Present is snapshot of four hundred years of hostage and prisoner of war experiences Caged Heroes details prisoners experiences from the moment they are told to put their hands up through their detentions and culminating in their releases It examines the successes and failures of the United States government to prepare its forces for prisoner events discussing survival schools rules on how prisoners are told to act while in captivity and glimpses of how being taken prisoner effects the prisoners and guards alike Using numerous personal interviews and diaries of former prisoners and their spouses the reader gets a rare look at the horrors these men and women experienced Containing an extensive bibliography and complete POW rosters from several conflicts this book will add to any casual readers knowledge and serve as a top reference for those wanting to understand more about this misunderstood field Forgotten Captives in Japanese-Occupied Asia Kevin Blackburn,Karl Hack,2007-12-14 Using archival oral and literary sources Blackburn and Hack along with an impressive team of international contributors rectify the obscured picture of the Japanese captive by bringing together for the first time a collection of essays covering an extremely broad range of forgotten captives **Death on the Hellships** Gregory F Michno,2016-07-15 Now available in paperback Death on the Hellships chronicles the true dimensions of the Allied POW experience at sea It is a disturbing story many believe the Bataan Death March even pales by comparison Survivors describe their ordeal in the Japanese hellships as the absolute worst experience of their captivity Crammed by the thousands into the holds of the ships moved from island to island and put to work they endured all the horrors of the prison camps magnified tenfold Gregory Michno draws on American British Australian and

Dutch POW accounts as well as Japanese convoy histories declassified radio intelligence reports and a wealth of archival sources to present a detailed picture of the horror

Researching Japanese War Crimes Records: Introductory Essays

, Japanese war crimes committed in Asia and the Pacific between 1931 and 1945 concerned few Americans in the decades following World War II Japan's crimes against Asian peoples had never been a major issue in the postwar United States and with the notable exceptions of former U S prisoners of war held by the Japanese even remembrance of Japanese wartime atrocities against Americans dimmed as years passed American attitudes about Japanese war crimes changed markedly following the 1997 publication of Iris Chang's *The Rape of Nanking* 2 Chang's moving testament to the Chinese victims of the sack of Nanjing in 1937 graphically detailed the horror and scope of the crime and indicted the Japanese government and people for their collective amnesia about the wartime army's atrocious conduct The bestselling book spurred a tremendous amount of renewed interest in Japanese wartime conduct in China Korea the Philippines Southeast Asia and the Pacific The Rape of Nanking raised many issues that demanded further explanation Why were the Japanese not punished as severely as the Nazis for their crimes Did the United States suppress evidence of the criminal responsibility of activity by the emperor to ensure a smoothly running occupation of Japan Did the U S government protect Japanese medical officers in exchange for data on human experimentation Chang also charged the U S government with inexplicably and irresponsibly returning confiscated wartime records to Japan before microfilming them making it impossible to determine the extent of Japan's guilt 3 Others were convinced that the U S government retained highly classified documents that would prove Japanese guilt beyond doubt and implicate the highest levels of Japanese government and society in the crimes These issues led concerned parties to investigate Japanese wartime records among the holdings at the U S National Archives and Records Administration NARA in College Park Maryland and at other U S government agencies Thorough documentation of Japanese war crimes and criminal activities among these holdings seemed unavailable leading to speculation of an official cover up Suspicions that the U S government was deliberately concealing dark secrets were fueled when instead of finding the records they sought researchers encountered a card stating the records had been withdrawn for security reasons as well as when they received a notice that requested information could not be located

Prisoner of the Rising Sun John M. Beebe, 2006-02-15 A never before published account of the experience of an American officer at the hands of Japanese captors *Prisoner of the Rising Sun* offers new evidence of the treatment accorded officers and shows how the Corregidor prisoners fared compared with the ill fated Bataan captives When Japanese aircraft struck airfields in the Philippines on December 8 1941 Col Lewis C Beebe was Gen Douglas MacArthur's chief supply officer Promoted to brigadier general he would become chief of staff for General Wainwright in early March 1942 From his privileged vantage point Beebe kept diary records of the Japanese invasion of the Philippines their advance to Manila and capture of the Bataan Peninsula and their assault on Corregidor On May 6 Japanese troops assaulted Corregidor and secured the island in less than twelve hours Beebe was among those captured and held

prisoner until the end of the war in the Pacific more than four years later During his captivity Beebe managed to keep a diary in which he recorded the relatively benign treatment he and his fellow officers received at least in comparison with the horrific conditions described in the better known accounts of less high ranking POWs held by the Japanese elsewhere He reports on poor rations less than adequate medical care and field work in camps in the Philippines on Taiwan and in Manchuria He also describes the sometimes greedy and selfish behavior of his fellow captives as well as a lighter side of camp life that included work on a novel singing POW concerts and Red Cross visits His philosophy demanded that captivity should be borne with optimism and self respect Annotation and an epilogue by General Beebe s son Rev John M Beebe add details about his military career and an informative introduction by historian Stanley L Falk places the diary in the context of the broader American experience of captivity at the hands of the Japanese The diary itself not only provides new details of the treatment of officers by the Japanese army but also offers a glimpse into the psyche of one of the members of the Greatest Generation who transformed his captivity by using it to sort out what was most important in life
