A Prison-house of Myth? Øyunn Hestetun, 1993 **The Prisonhouse of Nations - America!** Casey

Luczak, 2021-08-03 Centuries of foul play in the Department of Justice DOJ in this country fortified through deceptive practices has temporized the freedom of far too many innocent people with puritanical senseless prison sentences This reasoning is laced with a mythology rich in ideals that are spoon fed to the American people by this country's political leaders judges are infallible and neutral the objective of all prosecutors is justice public defenders serve the indigent the poor and the accused whose assets have been stolen by the government when they are arrested or raided and anyone accused of a crime in this country is presumed innocent until proven guilty Sorry Virginia there is no Santa Claus These are all myths employed by this government to perpetuate its business activities in the field of crime Judges are opinionated with attitudes and they conspicuously favor the government The only objective of prosecutors is a conviction and they will obtain it under any circumstances just short of murder Public defenders are an extension of the criminal justice system whose mission is constant get the defendant to sign a plea agreement The ministers of justice those who appear in this writing are not good people for the most part Their power was wrongly used and did not follow justice it preceded it Hopefully their exposure in the hastening of justice will finally lead them to the stepmother of misfortune These ministers call themselves judges prosecutors and defense attorneys mere labels Prisons should be for only the most serious federal crimes not these fabricated acts prohibited by law this government creates for self preservation The DOJ's lies have become this country's heritage are conveyed generationally and have been accepted over time as status quo We allow our legal caretakers to indict convict and sentence individuals under false pretenses Plea agreements should be challenged as unconstitutional The basic tenets of living in a free society are violated routinely when it comes to crime While the government pretends to be interested in justice for the American people it's nothing but a chicanery This public servant has made a major business out of offenses against the law and there seems to be no end in sight It targets individuals and corporations gratuitously This book brings to the forefront the sad truth of a deterioration of a criminal justice system that never was These real experiences of pain and suffering against targeted innocent people is appalling arousing aversion There may be good judges prosecutors and defense attorneys out there but your chances of finding one are fifty fifty There exists the presumption that individuals are innocent until proven guilty It's undoubted law axiomatic and elementary Its enforcement lies at the foundation of the administration of our criminal system Somehow though this undoubted law of presumed innocence has been tossed to the wayside in the courts though the government continues to teach it in the classrooms as it grooms our youths to join the herd of sheep called Americans What once was elementary is now a complicated and convoluted field of law America is the land of the free after all Does it really matter whether the DOJ bends the truth here and there to profit from crime The DOJ keeps this prison house of nations filled through any way possible Unfortunately when the stench of this purported system of justice is traded for lies

the people's freedoms become diminished never to return The DOJ does as it pleases and keeps telling us how we are being protected by its unquestionable answers Only when you personally get caught in this government radar will you realize the truth Regrettably by then it will be too late America's freedom as guaranteed by the US Constitution has been forfeited by a justice system more protective of its own power than its obligations to preserve the welfare of the populace The Prison House of Nations America exposes how this distorted system of justice operates case by case with facts It illustrates how this mendacious interpretation of justice translates to loss for Americans loss of life loss of property loss of freedom The people suffer while this public servant created by the people runs amok The costs are staggering the tail clearly wags the dog Amidst this bleak revelation is a call to action There's no blueprint to restore the DOJ to its intended role as an instrument to protect the people for too much money is being made by those operating the system with beguilement and misdirection About a hundred years ago this government realized there is much more to get out of crime than simply chasing real criminals and it has been proactive ever since Be forewarned The stories you are about to experience are all true with real people so named There remains no more places for these masked servants of justice to hide These are stories of wrongly convicted and or sentenced people They were forced by this government to play this game with their very lives at stake and they lost hopefully only temporarily Regrettably at this moment in time there is little hope for anyone entrapped in the government radar This writing of collected anecdotes is intended to draw attention to crimes and prisons in this country a subject matter the American public prefers to keep out of sight Admittedly the people can no longer afford to continue this demeanor The author comes from the inside He knows the system he knows the law and he can find flaws in any case Prosecutors and judges make mistakes first because they employ misconduct when necessary to preserve a conviction and second because they are in a hurry always in a hurry which is when legal mistakes are made that lead to proper affirmative relief Enjoy the read Hopefully when you finish you will better appreciate the imminent danger of crime in this country assuredly not because of the criminal action itself but deplorably because of what follows 1

The Prison-House of Language Fredric Jameson, 2020-06-16 Fredric Jameson's survey of Structuralism and Russian Formalism is at the same time a critique of their basic methodology He lays bare the presuppositions of the two movements clarifying the relationship between the synchronic methods of Saussurean linguistics and the realities of time and history

Escaping from the Prison-House of Language and Digging for Meanings in Texts among Texts: Metafiction and Intertextuality in Margaret Atwood's Novels Lady Oracle and The Blind Assassin Andrea Stolz, 2012-02-13 Margaret Atwood's novels are photographs of her characters' lives while words only ever describe her protagonists' blurred visions of their pasts their true stories are told in subtexts which run parallel or even contrary to the main story line and which depict the unseen the buried the untrue Replete with intertextual references her fiction illuminates that and why what isn't there has a presence like the absence of light The Blind Assassin She plays with our conventional modes of perception to make us aware of the way we

frame reality in our minds Andrea Stolz discusses in her book the interrelation between metafictional and intertextual features in two of Atwood's novels that share many similarities even though written in different decades She examines how Atwood weaves intertextual references into her fiction how she facilitates a reader's recognition of the intertexts and she shows that Atwood's narrator protagonists also reflect on our age as one of intertextuality

The Romantic Prison Victor H. Brombert, 2015-03-08 Prison haunts our civilization writes Victor Brombert Object of fear it is also a subject of poetic reverie Focusing on French literature of the Romantic era the author probes the manifold significance of imprisonment as symbol and metaphor of the human condition His thematic exploration draws on a constellation of writers ranging from the Platonic and Christian traditions to the Existentialist generation Professor Brombert points out that nineteenth and twentieth century literature endowed the prison image with unusual prestige and he examines the historical and social reasons After considering the influence of Pascal and of the myth of the Bastille he closely analyzes the work of Borel Stendhal Victor Hugo Nerval Baudelaire Huysmans and Sartre with excursions into texts by Byron Dostoevsky Kafka Solzhenitsyn Sade and others His approach reflects a concern with the interaction of literature historiography and popular myth This imaginative treatment deepens our understanding of Romanticism and its favored themes It offers fresh thoughts as well about modern man's dialectical tensions between oppression and inner freedom fate and revolt and the awareness of the finite and the longing for infinity A wide ranging conclusion speculates about the future of the prison theme in a world that has been threatened by extermination camps Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Prison House of Alienation Murzban Jal, 2020-05-21 The Prison House of Alienation is an exploration of the humanist theme of alienation that Marx theorized in his Economic and Philosophic Manuscripts of 1844 It relates this theme of alienation with the themes of haunting in the Manifesto of the Communist Party and accumulation of capital that he outlined in his magnum opus Capital The volume claims that humanity plagued by ghosts is dwelling in a prison house from which there seems no escape Yet humanity seeks to escape from this prison house The essays are a consequent journey in dramaturgy where science and art truly meet to create emancipatory politics that goes well beyond the entire discourse of twentieth century socialism The volume begins with Hamlet's lament in Shakespeare's tragedy who struck by alienation is haunted by the ghost of his dead father It then discusses how instead of creating a radical theory for creating a socialist alternative haunting gave way to interpretation as an estranged hermeneutical act that displaces revolutionary theory and praxis This displacement of revolutionary praxis in turn gave way to violence This volume therefore also analyzes violence from Clausewitz to Mao

revealing that a rigorous line must be drawn between Stalinism and Maoism on one side and authentic Marxism on the other side It concludes by questioning the very idea of ideology suggesting that ideology is not merely a false consciousness but a terrible psychotic act that would devour the entire emancipatory project of Marxism itself Placing the human condition at the centre for alternative twenty first century politics The Prison House of Alienation reveals that there can be no science without art and no politics without humanity It will be of great interest to scholars of philosophy and politics The essays were originally published in various issues of Critique Journal of Socialist Theory

Translating Myth Ben Pestell, Pietra Palazzolo, Leon Burnett, 2016-05-20 Ever since Odysseus heard tales of his own exploits being retold among strangers audiences and readers have been alive to the complications and questions arising from the translation of myth How are myths taken and carried over into new languages new civilizations or new media An international group of scholars is gathered in this volume to present diverse but connected case studies which address the artistic and political implications of the changing condition of myth this most primal and malleable of forms Translation is treated broadly to encompass not only literary translation but also the transfer of myth across cultures and epochs In an age when the spiritual world is in crisis Translating Myth constitutes a timely exploration of myth s endurance and represents a consolidation of the status of myth studies as a discipline in its own right

The World of Myth David Adams Leeming, 1992-02-27 Hercules Zeus Thor Gilgamesh these are the figures that leap to mind when we think of myth But to David Leeming myths are more than stories of deities and fantastic beings from non Christian cultures Myth is at once the most particular and the most universal feature of civilization representing common concerns that each society voices in its own idiom Whether an Egyptian story of creation or the big bang theory of modern physics myth is metaphor mirroring our deepest sense of ourselves in relation to existence itself Now in *The World of Myth* Leeming provides a sweeping anthology of myths ranging from ancient Egypt and Greece to the Polynesian islands and modern science We read stories of great floods from the ancient Babylonians Hebrews Chinese and Mayans tales of apocalypse from India the Norse Christianity and modern science myths of the mother goddess from Native American Hopi culture and James Lovelock s Gaia Leeming has culled myths from Aztec Greek African Australian Aboriginal Japanese Moslem Hittite Celtic Chinese and Persian cultures offering one of the most wide ranging collections of what he calls the collective dreams of humanity More important he has organized these myths according to a number of themes comparing and contrasting how various societies have addressed similar concerns or have told similar stories In the section on dying gods for example both Odin and Jesus sacrifice themselves to renew the world each dying on a tree Such traditions he proposes may have their roots in societies of the distant past which would ritually sacrifice their kings to renew the tribe In *The World of Myth* David Leeming takes us on a journey not through a maze of falsehood but through a marvellous world of metaphor metaphor for the story of the relationship between the known and the unknown both around us and within us Fantastic tragic bizarre sometimes funny the myths he presents speak of the most fundamental human

experience a part of what Joseph Campbell called the wonderful song of the soul's high adventure The Soviet Empire, Prison House of Nations and Races United States. Congress. Senate. Committee on the Judiciary, 1958 The Dead Sea Scrolls and the Christian Myth, *Theorizing Myth* Bruce Lincoln, 1999 In *Theorizing Myth* Bruce Lincoln traces the way scholars and others have used the category of myth to fetishize or deride certain kinds of stories usually those told by others He begins by showing that mythos yielded to logos not as part of a mythic Greek miracle but as part of struggles over political linguistic and epistemological authority occasioned by expanded use of writing and the practice of Athenian democracy Lincoln then turns his attention to the period when myth was recuperated as a privileged type of narrative a process he locates in the political and cultural ferment of the eighteenth and nineteenth centuries Here he connects renewed enthusiasm for myth to the nexus of Romanticism nationalism and Aryan triumphalism particularly the quest for a language and set of stories on which nation states could be founded In the final section of this wide ranging book Lincoln advocates a fresh approach to the study of myth providing varied case studies to support his view of myth and scholarship on myth as ideology in narrative form *Women Writing Childbirth* Tess Cosslett, 1994 In this work the author's detailed readings of birth stories both literary and medical reveal deeply embedded assumptions about how women are viewed and view ourselves The current debates about natural childbirth as advocated by Sheila Kitzinger Grantly Read Dick and others are examined alongside key literary works by writers such as Doris Lessing Margaret Atwood Fay Weldon and Toni Morrison
