Prisons In Transformation:

Prisons in Transformation American Academy of Political and Social Science, 1972 Prison Transformations Stephen Chinlund, 2009-09-30 Prison Transformation is the story of the changes in the New York State prison system from 1962 to 2009 Interwoven with that history is the biography of Stephen Chinlund who lived through those big developments as an active participant in various capacities In 1962 fourteen years before the Attica uprising there were only twenty two prisons in the state system Then there were seventy two now sixty six Discipline was maintained by force often capricious and brutal There was only minimal education and vocational training After growing up in New York City going to good schools and being ordained as an Episcopal priest Chinlund started working inside as a volunteer He created groups of people inside with the plan that they could help each other more effectively than he could help them by preaching or even counseling them directly himself The groups developed into small communities inside the prisons Chinlund also recognized the need to help the men and women after they were released and developed counseling and job training on the outside Parole at the time provided none of that With small steps the prison system was improving reflecting the growing consciousness of civil rights in the society at large School opportunities were offered and even college courses began to appear But the progress was slow and the discipline was still needlessly harsh Chinlund became a consultant to the Narcotic Addiction Control Commission helping new treatment facilities in the city get started using his experience helping individuals who were locked up He was then recruited in 1968 to be the director of the Manhattan Rehabilitation Center confining three hundred female heroin addicts Then the uprising in Attica occurred in 1971 That tragedy led to a few more improvements inmate grievance committees contact visits conjugal visits inmate liaison committees and some better schooling In addition the legislature created the Commission of Correction to be an independent monitor of the prisons Chinlund had had success at the Manhattan Rehabilitation Center so he moved on in 1973 to become superintendent of the first work release prison in New York State giving reality to an important policy improvement Governor Hugh Carey then asked him to become chairman of the Commission of Correction where he was able to confirm the improvements that were being made As important he was able in 1979 to start the Network program a more formal and extensive implementation of the old groups inside Funded with federal money initially it grew to be a force for good in twenty six prisons at its maximum size Declining Careys request to serve another term Chinlund moved on to a parish and then to be the executive director of the Episcopal Social Services where he has continued the Network program and continued to advocate for progress in the correctional world He continues that work after his retirement in 2005 The book tells the stories of the prisoners staff and politicians of those forty eight years Prisons in the Americas in the Twenty-First Century Marten W. Brienens, Jonathan D. Rosen, 2015-04-09 This volume on penitentiary systems in the Americas offers a long overdue look at the prisons that exist at the forefront of the ongoing struggle against drugs and violence throughout North Central and South America and the Caribbean From Haiti to Bolivia

the authors examine the conditions in these systems and allow several common themes to emerge including the alarming prevalence of lengthy pre trial detention and the often abysmal living conditions in these institutions Taken together this comprises the first comparative overview of the use and abuse of prisons in the Americas

Springer, Glenn Robins, 2014-09-04 During the Civil War 410 000 people were held as prisoners of war on both sides With resources strained by the unprecedented number of prisoners conditions in overcrowded prison camps were dismal and the death toll across Confederate and Union prisons reached 56 000 by the end of the war In an attempt to improve prison conditions President Lincoln issued General Orders 100 which would become the basis for future attempts to define the rights of prisoners including the Geneva conventions Meanwhile stories of horrific prison experiences fueled political agendas on both sides and would define the memory of the war as each region worked aggressively to defend its prison

record and to honor its own POWs Robins and Springer examine the experience culture and politics of captivity including war crimes disease and the use of former prison sites as locations of historical memory Transforming Civil War Prisons introduces students to an underappreciated yet crucial aspect of waging war and shows how the legacy of Civil War prisons remains with us today The Development of American Prisons and Prison Customs, 1776-1845 Orlando Faulkland Lewis,1922 In the attempt to decipher a number of strange events after he moves into an old cottage a boy discovers a group of English folk engaged in Devil worship A Contemporary Turkish Prison Diary Ismail Albayrak,2024-04-11 This book explores the religious experiences of two notable figures who endured severe trials under authoritarian regimes Bediuzzaman Said Nursi 1877 1960 within the Islamic tradition and Aleksander Solzhenitsyn 1918 2008 within the Russian Orthodox Christian tradition Against the tumultuous backdrop of the twentieth century s spiritual social political and intellectual upheavals both Nursi and Solzhenitsyn grappled with immense hardships because of their beliefs Despite immense tribulations both individuals demonstrated unwavering faith and resilience in the face of adversity continuing their scholarly and literary activities The current study centers on the dichotomy of spiritual confinement and expansiveness illustrating how people can experience spiritual distress even without physical restraints It explores the historical and conceptual aspects of imprisonment within Christian and Muslim perspectives explores the reasons for Nursi and Solzhenitsyn s incarceration examines their coping mechanisms in the face of hardship and underscores the role of faith and spirituality The author integrates personal experiences particularly his own incarceration during the aftermath of the 2016 Turkish staged coup attempt within the context of the narratives of Nursi and Solzhenitsyn The book addresses court proceedings release departure from Turkey and resettlement in Australia Throughout the author draws parallels between their own observations and those of Nursi and Solzhenitsyn contributing to the broader discourse on individual spirituality and collective consciousness The book offers insights into spiritual resilience in the face of adversity utilizing the lives of these figures to illuminate shared human experiences A unique collation of personal narration and scholarly reflection it is relevant to academics and students in history political science sociology Islamic and Middle Eastern studies and to social scientists researching the phenomenon of exile and prison in different countries across the world It also speaks to the work of activists and policymakers in human rights **Handbook on Prisons and Jails** Danielle Rudes,Gaylene Armstrong,Kimberly Kras,TaLisa Carter,2023-09-26 The Handbook on Prisons and Jails brings together some of the brightest scholars and thinkers in the field to offer a wide range of perspectives for understanding the experiences of persons incarcerated or working volunteering within carceral institutions The assembled chapters consider what is known in the area while identifying emerging areas for theoretical empirical and policy work The volume includes contributions on numerous topics and areas related to penal control containment living and or working in carceral institutions and addresses methodological considerations for doing research with individuals incarcerated in jail or prison This collection is essential reading for
