Social Policy and Practice in Canada Alvin Finkel, 2012-05-09 Social Policy and Practice in Canada A History traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism's attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes depicted Social Policy and Practice in Canada A History begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty

Vosko, 2011-03-03 This book explores the precarious margins of contemporary labour markets Over the last few decades there has been much discussion of a shift from full time permanent jobs to higher levels of part time and temporary employment and self employment Despite such attention regulatory approaches have not adapted accordingly Instead in the absence of genuine alternatives old regulatory models are applied to new labour market realities leaving the most precarious forms of employment intact The book places this disjuncture in historical context and focuses on its implications for workers most likely to be at the margins particularly women and migrants using illustrations from Australia the United States and Canada as well as member states of the European Union Managing the Margins provides a rigorous analysis of national and international regulatory approaches drawing on original and extensive qualitative and quantitative material It innovates by

Restorative Justice and Family Violence Heather Strang, John Braithwaite, 2002-07-08 This 2002 book addresses one of the most controversial topics in restorative justice its potential for dealing with conflicts within families Most restorative justice programs specifically exclude family violence as an appropriate offence to be dealt with this way This book focuses on the issues in family violence that may warrant special caution about restorative justice in particular feminist and indigenous concerns At the same time it looks for ways of designing a place for restorative interventions that respond to these concerns Further it asks whether there are ways that restorative processes can contribute to reducing and preventing family violence to healing its survivors and to confronting the wellsprings of this violence The book discusses the shortcomings of the present criminal justice response to family violence It suggests that these shortcomings require us to explore other ways of

the central lens of analysis Multiple Lenses, Multiple Images Hillel Goelman, Sally Ross, Sheila Marshall, 2004-01-01 Drawing from a wide range of disciplines and perspectives the essays in Multiple Lenses Multiple Images are oriented around the idea that images of childhood can be understood within three dimensions time space and discipline Time refers to both the chronological ages of the children under consideration and the historical timeframe in which that particular essay is suited Space is a dimension that includes familial community institutional and cultural spaces within which children live The third dimension discipline names the specific and distinct areas of scholarship and research that define the ontology epistemology and methodology within which the contributors write Multiple Lenses Multiple Images is intended to deepen and expand the collaborative interdisciplinary discourse on children and childhood through reflections not just on what is known about children but on how it has been learned Behind the Scenes Robert A. Wardhaugh, 2010-12-04 William Clifford Clark federal deputy minister of finance from 1932 to 1952 had a profound impact on Canadian history An important intellectual figure during the first half of the twentieth century he was leader of The Ottawa Men a group of federal civil servants who shaped a new liberal vision of the nation Robert A Wardhaugh chronicles Clark s contributions to Canada s modern state in Behind the Scenes which reconstructs the public life and ideas of one of Canada s most important bureaucrats The Department of Finance sat at the centre of critical federal decisions and debates From this axis Clark s wide ranging contributions to Canadian policy were nothing short of phenomenal he was the driving force behind the creation of the Bank of Canada and he spearheaded national housing policy Clarke also managed the economy during the Great Depression and during the Second World War and he was instrumental in forging Canada s international economic role in the postwar era **Privatization, Law, and the Challenge to Feminism** Brenda Cossman, Judy Fudge, 2002-01-01 Examining eight case studies on the role of law in various arenas this collection of essays addresses the reconfiguration of the relations between the state the market and the family caused by privatization **Power and Everyday Practices, Second Edition** Deborah Brock, Aryn Martin, Rebecca Raby, Mark P. Thomas, 2019-08-19 Rather than view social inequality as a problem for marginalized populations Power and Everyday Practices turns the spotlight on the ways power and privilege are produced and reproduced in our everyday worlds **Regulating Flexibility** Mark Preston Thomas, 2009 A timely analysis of employment standards legislation that calls for a new approach to labour market regulation Respectable Citizens Lara A. Campbell, 2009-10-21 High unemployment rates humiliating relief policy and the spectre of eviction characterized the experiences of many Ontario families in the Great Depression Respectable Citizens is an examination of the material difficulties and survival strategies of families facing poverty and unemployment and an analysis of how collective action and protest redefined the meanings of welfare and citizenship in the 1930s Lara Campbell draws on diverse sources including newspapers family and juvenile court records premiers papers memoirs and oral histories to uncover the ways in which the material workings of the family and the discursive category of respectable citizenship were invested with gendered

obligations and Anglo British identity Respectable Citizens demonstrates how women and men represented themselves as entitled to make specific claims on the state shedding new light on the cooperative and conflicting relationships between men and women parents and children and citizen and state in 1930s Canada Against the Grain Gillian Ranson, 2010-02-01

Drawing on findings from interviews done with 32 families living in cities across Canada Ranson challenges dominant understandings of mothering and fathering by looking closely at how couples who have opted for less traditional divisions of labour negotiate their parental and household responsibilities Included are interviews with breadwinner mothers and caregiver fathers and with dual earner couples both heterosexual and same sex who struggle to share equally in the nurture and support of their families A central claim of the book is that to the extent that both parents are equally involved in hands on caregiving they tend to become over time functionally interchangeable and move away from mothering and fathering and toward parenting Against the Grain offers us an excellent opportunity to examine how social change happens at the forefront of family life
