Intimate Metropolis Vittoria Di Palma, Diana Periton, Marina Lathouri, 2008-09-25 Intimate Metropolis explores connections between the modern city its architecture and its citizens by questioning traditional conceptualizations of public and private Rather than focusing purely on public spaces such as streets caf s gardens or department stores or on the domestic sphere the book investigates those spaces and practices that engage both the urban and the domestic the public and the private The legal political and administrative frameworks of urban life are seen as constituting private individuals sense of self in a wide range of European and world cities from Amsterdam and Barcelona to London and Chicago Providing authoritative new perspectives on individual citizenship as it relates to both public and private space in depth case studies of major European American and other world cities and written by an international set of contributors this volume is key reading for all students of architecture Origins of Impressionism Gary Tinterow, Henri Loyrette, 1994 This handsome publication which accompanies a major exhibition at The Metropolitan Museum of Art is a lively and engaging account of the artistic scene in Paris in the 1860s the years that witnessed the beginnings of Impressionism For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked academic versus avant garde classicist versus romantic realist versus impressionist A host of strong personalities contributed to this history and their style evolved into a new way of looking at the world These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public And

they wanted to measure up to or surpass their elders This complex and rich environment is presented here the grand old men and the young turks encounter each other the Salon pontificates and the new generation moves fitfully ahead benignly but always with determination Origins of Impressionism gives a day by day year by year study of the genesis of an epoch making style Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition and there is an illustrated chronology With more than two hundred superb colorplates this informative survey is an essential work for both the general reader and the scholar BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Trouble Every Day Kate Robertson, 2021-06-15 Transgressive both in its narrative and in its filmmaking Trouble Every Day 2001 envisions the monster inside unspeakable urges and an overwhelming need for complete incorporation A plant discovered in the South American jungle produces in its test subjects a terrible unnatural and uncontrollable hunger Vicious all consuming desire begets excessive violence and a turn to cannibalism which situates Trouble Every Day into a tradition of challenging cinema a film maudit that pushes the boundaries of what can be shown on screen But while it is certainly an unflinching film it is deserving of reassessment as part of Clare Denis filmography as well as a broader cinematic lineage Focusing on close textual analysis this book delves into the surfeit of visual literary and non fiction references that shape Trouble Every Day while thwarting attempts to firmly situate it It considers its place in a lineage of films that push the boundary of taste and representation aligned as much with Un Chien Andalou 1929 as the New French Extremity It also considers the film's relationship to such sub genres as classic monster movies video nasties mad science gothic vampire body horror and Italo exploitation cannibal films and directors such as Abel Ferrara Brian de Palma Jean Renoir and Jacques Tourneau Drawing on a range of disciplines including art philosophy and phenomenology this study explores how Trouble Every Day elicits a visceral response to a cinematic experience that beguiles and violates

Women Readers in French Painting 1870-1890 Kathryn Brown, 2017-07-05 The first monograph to examine the depiction of reading women in French art of the early Third Republic Women Readers in French Painting 1870-1890 evaluates the pictorial significance of this imagery its critical reception and its impact on notions of femininity and social relations Covering a broad range of paintings prints and sculptures this book shows how the disease

was subjected to unprecedented levels of pictorial innovation by artists with widely differing aesthetic aims and styles. Depictions of readers are interpreted as contributions to changing notions of public and private life, female agency and women's participation in cultural and political debates beyond the domestic household. This highly original book explores images of women readers from a range of social classes in both urban and rural settings. Such images are shown to have articulated concerns about the impact of female literacy on labour environments and family life while in many cases challenging conventions of gendered reading. Kathryn Brown also presents an alternative way of conceiving of modernity in relation to nineteenth century art, a methodological departure from much recent art historical literature. Artists discussed range from Manet, Cassatt and Degas to less familiar figures such as Lavieille, Carri, Toulmouche and Tissot. **Women Readers in French Painting 1870-1890** Kathryn J. Brown, 2012. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. **The Private Collection of Edgar Degas** Metropolitan Museum of Art (New York, N.Y.), 1997. This summary catalogue provides comprehensive and detailed information about the contents of Edgar Degas's private collection. **The Painting of Modern Life** T. J. Clark, 2015-02-17. The Paris of the 1860s and 1870s was supposedly a brand new city equipped with boulevards, cafés, parks and suburban pleasure grounds, the birthplace of those habits of commerce and leisure that constitute modern life. Questioning those who view Impressionism solely in terms of artistic technique, T. J. Clark describes the painting of Manet, Degas, Seurat and others as an attempt to give form to that modernity and seek out its typical representatives: be they barmaids, boaters, prostitutes, sightseers or petits bourgeois lunching on the grass. The central question of **The Painting of Modern Life** is this: did modern painting as it came into being celebrate the consumer oriented culture of the Paris of Napoleon III or open it to critical scrutiny? The revised edition of this classic book includes a new preface by the author.
