Anderson,Barbara Klipper,2021-04-22 Foreword by Barbara Klipper Since the first edition of this landmark guide was published there has been increased interest in services for library patrons on the autism spectrum indeed more people of all ages now self identify as autistic Those who understand the unique characteristics of autistic young people know that ordinary library programming guides are not up to the task of effectively serving these library users Well qualified to speak to this need Anderson is an educator library researcher and former public librarian who has helped to develop two IMLS funded initiatives that train library workers to better understand and serve autistic patrons Here she offers librarians who work with children and teens in both public library and K 12 educational settings an updated comprehensive resource that includes an updated introduction to the basics of autism including language symbolism and best practices in the library rooted in the principles of Universal Design step by step programs from librarians across the country adaptable for both public and school library settings that are cost effective and easy to replicate contributions from autistic self advocates throughout the text demonstrating that the program ideas included are truly designed with their preferences in mind suggestions for securing funding and establishing partnerships with community organizations and many helpful appendices with handy resources for training and education building a collection storytimes sensory integration activities and a Tips for a Successful Library Visit template *Wisconsin Library Bulletin* ,1908 **Better Library Design** Rebecca T.

Miller,Barbara A. Genco,2015-12-28 Few librarians build more than one library in their careers and renovating or building a whole new library is a very expensive investment Thus new or refurbished structures need to be fresh and up to date While some librarians have the means to visit exemplary buildings as they develop their own library s master plan most library leaders and stakeholders won t actually see the full range of potential projects Hence this unique book is both a resource and

a brainstorm prompt It helps library leaders and key stakeholders surface the ideal programmatic aspects that drive exciting design and offer recent design solutions that have been effectively implemented Better Library Design Ideas from Library Journal identifies and celebrates the top trends in library design capturing current state and provides an authoritative overview for those planning their own projects This is a colorful high content survey of dynamic library building projects completed in the last five years in both public and academic settings Anchored by Library Journal's New Landmark Libraries competition here is the nation's best examples of innovative functional appealing design all in glorious full color so you'll be both inspired and informed as you make important design choices **Autism Friendly Business** Jennifer

Percival, 2023-07-04 Designed as a guidebook for leaders at the beginning of their journey embracing neuroinclusion Autism Friendly Business Serving Neurodiverse Customers will provide business owners executives managers team members and associates the tools to integrate strategies and techniques that will enhance their business while improving the delivery of a quality experience for all Autistic individuals often experience barriers when engaging with businesses This book provides solutions and examples on how leaders can remove obstacles to develop supportive and inclusive environments CTA Journal, 1923 **Sierra Educational News**, 1923 *Disabilities and the Library* Clayton A. Copeland, 2022-11-11

Librarians need to understand the needs and abilities of differently abled patrons and anyone responsible for hiring and managing librarians must know how to provide an equitable environment This book serves as an educational resource for both groups Understanding the needs and abilities of patrons who are differently abled increases librarians ability to serve them from childhood through adulthood While some librarians are fortunate to have had coursework to help them understand the needs and abilities of the differently abled many have had little experience working with this diverse group In addition many persons who are differently abled are or would like to become librarians Disabilities and the Library helps readers understand the challenges faced by people who are differently abled both as patrons and as information professionals Readers will learn to assess their library's physical facilities programming staff and continuing education to ensure that their libraries are prepared to include people of all abilities Inclusive programming and collection development suggestions will help librarians to meet the needs of patrons and colleagues with mobility and dexterity problems learning differences hearing and vision limitations sensory and cognitive challenges autism and more Additional information is included about assistive and adaptive technologies and web accessibility Librarians will value this accessible and important book as they strive for equity and inclusivity **Contemporary Library Architecture** Ken Worpole, 2013-05-29
