Race Rules Baodong Liu, James M. Vanderleeuw, 2007-10-15 *Race Rules* Electoral Politics in New Orleans 1965-2006 examines one of the innumerable ramifications of Hurricane Katrina a reversal in the decades long process of racial transition from white dominant to black dominant The electoral consequences of such a racial change in a city where race has historically played a pronounced social economic and political role are potentially dramatic In light of the 2006 New Orleans mayoral election the following emerges as a significant question Does a change in the population's racial composition mean a reversal in the political status of African Americans in New Orleans To address this question Liu and Vanderleeuw investigate racial voting patterns in New Orleans municipal elections over a forty year span from 1965 to 2006 *Race Rules* argues that as an enduring influence in urban politics race manifests as either electoral conflict or electoral accommodation but not as acceptance of the political empowerment of other race members

Tierra y Libertad Steven W. Bender, 2010-09-29 One of the quintessential goals of the American Dream is to own land and a home a place to raise one's family and prove one's prosperity Particularly for immigrant families home ownership is a way to assimilate into American culture and community However Latinos who make up the country's largest minority population have largely been unable to gain this level of inclusion Instead they are forced to cling to the fringes of property rights and ownership through overcrowded rentals transitory living arrangements and at best home acquisitions through subprime lenders In *Tierra y Libertad* Steven W. Bender traces the history of Latinos struggle for adequate housing opportunities from the nineteenth century to today's anti immigrant policies and national mortgage crisis Spanning southwest to northeast rural to urban Bender analyzes the legal hurdles that prevent better housing opportunities and offers ways to approach sweeping legal reform *Tierra y Libertad* combines historical cultural legal and personal perspectives to document the Latino community's ongoing struggle to make America home

College Completion for Latino/a Students: Institutional and System Approaches Melissa L. Freeman, Magdalena Martinez, 2015-12-04 Latino/as are the fastest growing demographic in the United States Despite recent gains in postsecondary enrollment the Latino/a population is severely underrepresented when it comes to baccalaureate attainment Hispanic serving institutions HSIs will play a critical role in turning the tide but there is little existing research about these institutions This volume synthesizes Existing research on HSIs emerging HSIs as well as research about Latino/a students themselves A wide range of best practices across institutional types and Examples of service to undocumented students in states where they do and do not qualify for in state tuition benefits Topics include Latino/a undergraduate student success graduate student success community colleges four year institutions financial aid and undocumented students This is the 172nd volume of the Jossey Bass quarterly report series *New Directions for Higher Education* Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of

campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution

American Families Stephanie Coontz, Maya Parson, Gabrielle Raley, 1999 This collection by leading scholars discusses race gender and class stressing their effects on American families It emphasizes the many varied formations of the family and the ways in which government policy class race and gender both past and present affect these various family formations in different ways

Handbook on Teaching and Learning in Political Science and International Relations John Ishiyama, William J. Miller, Eszter Simon, 2015-02-27 With a focus on providing concrete teaching strategies for scholars the Handbook on Teaching and Learning in Political Science and International Relations blends both theory and practice in an accessible and clear manner In an effort to help faculty

At the Core and in the Margins Julia Albarracín, 2016-05-01 Beardstown and Monmouth Illinois two rural Midwestern towns have been transformed by immigration in the last three decades This book examines how Mexican immigrants who have made these towns their homes have integrated legally culturally and institutionally What accounts for the massive growth in the Mexican immigrant populations in these two small towns and what does the future hold for them Based on 260 surveys and 47 in depth interviews this study combines quantitative and qualitative research to explore the level and characteristics of immigrant incorporation in Beardstown and Monmouth It assesses the advancement of immigrants in the immigration residency citizenship process the immigrants level of cultural integration via language their connectedness with other members of society and their relationships with neighbors the degree and characteristics of discrimination against immigrants in these two towns and the extent to which immigrants participate in different social and political activities and trust government institutions Immigrants in new destinations are likely to be poorer to be less educated and to have weaker English language skills than immigrants in traditional destinations Studying how this population negotiates the obstacles to and opportunities for incorporation is crucial

Korean American Evangelicals New Models for Civic Life Elaine Howard Ecklund, 2006-11-09 Studies of religion among our nation s newest immigrants largely focus on how religion serves the immigrant community for example by creating job networks and helping retain ethnic identity in the second generation In this book Ecklund widens the inquiry to look at how Korean Americans use religion to negotiate civic responsibility as well as to create racial and ethnic identity She compares the views and activities of second generation Korean Americans in two different congregational settings one ethnically Korean and the other multi ethnic She also conducted more than 100 in depth interviews with Korean American members of these and seven other churches around the country and draws extensively on the secondary literature on immigrant religion American civic life and Korean American religion Her book is a unique contribution to the literature on religion race and ethnicity and on immigration and civic life

The Politics of Race Jill Vickers, Annette Isaac, 2012-06-22 The Politics of Race is an excellent resource for students and general readers seeking to learn about race policies and legislation Arguing that states make race it provides a unique comparison of the development and construction of race in

three white settler societies Canada the United States and Australia This timely new edition focuses on the politics of race after 9 11 and Barack Obama s election as president of the United States Jill Vickers and Annette Isaac explore how state sanctioned race discrimination has intensified in the wake of heightened security It also explains the new race formation of Islamophobia in all three countries and the shifts in how Hispanics and Asian Americans are being treated in the United States As race and politics become increasingly intertwined in both academic and popular discourse *The Politics of Race* aids readers in evaluating different approaches for promoting racial justice and transforming states

New Directions in American Politics Raymond J. La Raja, 2013 *New Directions in American Politics* introduces students not just to how the American political system works but also to how political science works La Raja brings together top scholars to write original essays across the standard curriculum of American government and politics capturing emerging research in the discipline in a way that is accessible for undergraduates Each chapter combines substantive knowledge with the kind of skill building and analytical inquiry that is being touted in higher education everywhere Contributors to *New Directions* highlight why the questions they seek to answer are critical for understanding American politics and situate them in the broader context of controversies in research The teaching of American politics follows a well worn path Textbooks for introductory courses hew to a traditional set of chapters that describe the Founding American institutions the ways citizens participate in politics and sometimes public policy The material rarely engages students in the kind of questions that animate scholarship on politics One hurdle for instructors is finding material that reflects quality scholarship and thus teaches students about why not just what and yet is accessible for undergraduates Articles in scholarly journals are typically unsuited for undergraduate courses particularly introductory courses What is needed is a book that conveys exciting trends in scholarship across vital topics in American politics and illustrates analytical thinking *New Directions in American Politics* is that book and will be an ideal companion to standard textbooks that focus mostly on nuts and bolts of politics The book features Contributions from a top notch cast of active scholars and a highly regarded editor A focus on analytical thinking that addresses questions of causality Full coverage of the American politics curriculum Short interviews with each contributor on a companion website to help the research come alive and prompt critical thinking questions for students Work that draws on the highest quality research in political science but is written specifically for first year undergraduate students There is simply no book like this available to the growing number of faculty who want their introductory American politics course to be a reflection of the political science discipline and not just the nuts and bolt facts of the American political system

Constructing Borders/Crossing Boundaries, *Political And Economic Determinants of Population Health and Well-Being*: Vincente Navarro, Caries Muntaner, 2020-11-25 The field of social inequalities in health continues its vigorous growth in the early years of the 21st century This volume following in the footsteps of Vicente Navarro s edited collection *The Political Economy of Social Inequalities* is a compilation of recent contributions to the areas of social epidemiology health disparities health economics

and health services research The overarching theme is to describe and explain the evergrowing health inequalities across social class race and gender as well as neighborhood city region country and continent The approach of this book is distinctly multi trans and interdisciplinary the fields of public health population health epidemiology economics sociology political science philosophy medicine and history are all represented here

Multicultural Odysseys Will Kymlicka, 2009-02-05 We are currently witnessing the global diffusion of multiculturalism both as a political discourse and as a set of international legal norms States today are under increasing international scrutiny regarding their treatment of ethnocultural groups and are expected to meet evolving international standards regarding the rights of indigenous peoples national minorities and immigrants This phenomenon represents a veritable revolution in international relations yet has received little public or scholarly attention In this book Kymlicka examines the factors underlying this change and the challenges it raises Against those critics who argue that multiculturalism is a threat to universal human rights Kymlicka shows that the sort of multiculturalism that is being globalized is inspired and constrained by the human rights revolution and embedded in a framework of liberal democratic values However the formulation and implementation of these international norms has generated a number of dilemmas The policies adopted by international organizations to deal with ethnic diversity are driven by conflicting impulses Pessimism about the destabilizing consequences of ethnic politics alternates with optimism about the prospects for a peaceful and democratic form of multicultural politics The result is often an unstable mix of paralyzing fear and na ve hope rooted in conflicting imperatives of security and justice Moreover given the enormous differences in the characteristics of minorities eg their size territorial concentration cultural markers historic relationship to the state it is difficult to formulate standards that apply to all groups Yet attempts to formulate more targeted norms that apply only to specific categories of minorities eg indigenous peoples or national minorities have proven controversial and unstable Kymlicka examines these dilemmas as they have played out in both the theory and practice of international minority rights protection including recent developments regarding the rights of national minorities in Europe the rights of indigenous peoples in the Americas as well as emerging debates on multiculturalism in Asia and Africa

Reader's Guide to Women's Studies Eleanor Amico, 1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors

Asian American Women and Gender Franklin Ng, 1998 Women have shaped immigrant families reared new generations and pioneered significant changes in their communities These essays illuminate the complex and changing roles of Asian American women examing such diverse subjects as war brides international marriages split households stereotyping women centered kin networks employment immigrant prostitution conflict with patriarchal attitudes feminism

and lesbianism Multiracial Identity and Racial Politics in the United States Natalie Masuoka, 2017 Policy makers academic administrators scholars and members of the public are clamoring for indicators of the value and reach of research The question of how to quantify the impact and importance of research and scholarly output from the publication of books and journal articles to the indexing of citations and tweets is a critical one in predicting innovation and in deciding what sorts of research is supported and whom is hired to carry it out There is a wide set of data and tools available for measuring research but they are often used in crude ways and each have their own limitations and internal logics Measuring Research What Everyone Needs to Know R will provide for the first time an accessible account of the methods used to gather and analyze data on research output and impact Following a brief history of scholarly communication and its measurement from traditional peer review to crowdsourced review on the social web the book will look at the classification of knowledge and academic disciplines the differences between citations and references the role of peer review national research evaluation exercises the tools used to measure research the many different types of measurement indicators and how to measure interdisciplinarity The book also addresses emerging issues within scholarly communication including whether or not measurement promotes a publish or perish culture fraud in research or citation cartels It will also look at the stakeholders behind these analytical tools the adverse effects of these quantifications and the future of research measurement

Comparative Constitutional Law and Politics Mila Versteeg, Leo Spitz Distinguished Service Professor of International Law Tom Ginsburg, Tom Ginsburg, David Landau, Mason Ladd Professor and Associate Dean for International Programs David Landau, 2025 Comparative Constitutional Law and Politics Analysis Cases Materials is the first interdisciplinary casebook for the field offering students an innovative and truly global approach to comparative constitutional law It integrates state of the art literature and caselaw from constitutional law with insights from social science Each chapter is organized around a key concept beginning with a bird s eye view of the topic which introduces the current state of scholarly and legislative debates and encourages thoughtful engagement **New Scholarship in Critical Quantitative Research, Part 2: New Populations, Approaches, and Challenges** Ryan S. Wells, Frances K.

Stage, 2015-04-23 This volume is the second in a two part series on differentiating approaches to quantitative research from more traditional positivistic and postpositivistic approaches While the first volume provided an expanded conceptualization of critical quantitative inquiry this volume concludes the series by applying critical quantitative approaches to new populations of college students who are rarely addressed in institutional and higher education research such as American Indian Alaska Native and students with disabilities applying the principles of quantitative criticalism to advanced methods of statistical analysis and discussing the variety of challenges to overcome and presenting a future research agenda using these methods This work is of interest to institutional and higher education researchers who want to expand and critique new ways of thinking about the broad array of populations participating in and served by higher education while keeping in mind the

goals of revealing inequity challenging marginalization and helping all students to succeed This is the 163rd volume of this Jossey Bass quarterly report series Timely and comprehensive New Directions for Institutional Research provides planners and administrators in all types of academic institutions with guidelines in such areas as resource coordination information analysis program evaluation and institutional management **Gender, Intersections, and Institutions** Louise K. Davidson-Schmich, 2020-03-06 Germany serves as a case study of when and how members of intersectional groups individuals belonging to two or more disadvantaged social categories capture the attention of policymakers and what happens when they do This edited volume identifies three venues through which intersectional groups are able to form alliances and generate policy discussions regarding their concerns Original empirical case studies focus on a wide range of timely subjects including the intersexed gender and disability rights lesbian parenting women working in STEM fields workers rights in feminized sectors women in combat and Muslim women and girls *Handbook of Research on Comparative Human Resource Management* Chris Brewster, Wolfgang Mayrhofer, Elaine Farndale, 2018-04-27 This second updated and extended edition of the Handbook of Research on Comparative Human Resource Management draws on the work of many of the world s leading researchers in the field to present the state of the art to scholars students and practitioners The Handbook provides a detailed focus on the theoretical underpinnings of Comparative HRM on comparative studies of specific areas of HRM practice and on the unique features of HRM in all the main regions of the world
