Real Pictures 1979-1999:

Nic Nicosia Nic Nicosia, Philipp Meyer, Sue Graze, 2012-10-15 Photographer and filmmaker Nic Nicosia makes pictures. Since the late 1970s Nicosia has staged and constructed sets, objects and situations to be photographed rather than to reproduce something that already exists. These conceptual fabrications have ranged from elaborate sets with live actors to dioramas and abstract constructions. Whether his pictures contain a disturbing suburban narrative or are fabricated by the act of drawing or are simply created by the use of common objects with dramatic lighting, the familiar thread of Nicosia's unique vision and sensibility is always present. *Nic Nicosia* is the first major publication of the artist's work and covers his entire oeuvre through 2011. The catalog presents images from all of Nicosia's major photographic series including *Domestic Dramas*, *Near modern Disasters*, *The Cast*, *Life as We Know It*, *Real Pictures*, *Love Lust Acts*, *Sex Acts*, *Untitled Landscapes*, *365 SaFe Days*, *Untitled drawing*, *Space Time*, *Light I See*, *Light and in the absence of others*, as well as stills from the videos *Middletown Moving Picture*, *Middletown Morning*, *Cerchi E Quadratti*, *On Acting America*, and *9 1 2 Hours to SaFe*. Accompanying the catalog is an overview of Nicosia's career by Michelle White, an interview with the artist by Sue Graze, and an original short story by Philipp Meyer that powerfully resonates with the sense of wonder and menace in Nicosia's art.

African Economies and the Politics of Permanent Crisis, 1979-1999 Nicolas Van de Walle, 2001-09-24 This book explains why African countries have remained mired in a disastrous economic crisis since the late 1970s. It shows that dynamics internal to African state structures largely explain this failure to overcome economic difficulties rather than external pressures on these same structures, as is often argued. Far from being prevented from undertaking reforms by societal interest and pressure groups, clientelism within the state, elite ideological factors, and low state capacity have resulted in some limited reform but much prevarication and manipulation of the reform process by governments which do not really believe that reform will be effective. *Art Now Gallery Guide*, 2001 **Texas** Museum of Fine Arts, Houston, Alison De Lima Green, 2000-10 Provides the first assessment of the artists who have shaped the rich history of art in Texas from its 19th century origins to the diversity of the present scene. **Art Lover's Travel Guide to American Museums** Judith Swirsky, 2001 With over 750 listings, this travel guide to American art museums provides a directory of permanent collections and a year of special exhibitions. Organized by state and city by city, there is practical information about each venue's hours, ticket prices, handicap accessibility, and facilities, in addition to concise descriptions of collections and special shows. A calendar of temporary exhibits is provided for each museum. There are additional indexes of travelling exhibition itineraries and exhibits featuring Acoustiguide tours. *Access*, 2001 *Whitney Biennial* Maxwell L. Anderson, Whitney Museum of American Art, Michael G. Auping, 2000 Since 1932 the Whitney Museum's Biennial Exhibitions have counted among the milestones in the history of American art and have played a leading role in presenting vanguard developments in art to the general public. Countless prominent artists have made their museum debut at these diverse surveys of painting, sculpture,

works on paper film and video performance and installation For the eagerly awaited first Biennial of the new millennium the Whitney has assembled a versatile team of curators from around the nation to select and invite the participating artists Once again the Whitney will help to establish a critical perspective on the latest creative achievements by American artists

Barthelemy,J. David,2001-05-21 Rather than simply cataloging the various interpretations of European regulations by Member States this international team examines the economic priorities the legal bases the social norms and cultural patterns which come into play presenting an analytical approach to the study of production rights in European agriculture This work traces the emergence and the economic and legal content of the different income support tools for agricultural producers collectively termed production rights and it looks at the foundations of the specific national conceptions underlying the methods of organising agricultural activity The book is intended for a varied readership farmers themselves of course but also economic legal and tax consultants experts lawyers notaries as well as students teachers and researchers It has been set out in such a way as to allow readers to move freely from one subject to another depending on whether their interest lies in economic aspects or legal developments or whether they are more concerned by certain production rights or by certain features of their own organisation The goal of the book is to enable the reader to grasp the special features and the significance of the forces which have shaped the current income support instruments for producers in the various Member States of the EU and which will unquestionably continue to influence the measures which flow from reforms to the Common Agricultural Policy in the years to come **Art Index Retrospective** ,2000 **Afterlives of Romantic**

Intermediality Leena Eilittä,Catherine Riccio-Berry,2015-12-24 Afterlives of Romantic Intermediality addresses the manifold even global artistic developments that were initiated by European Romantics In the first section the contributors show how the rising perspective of intermediality was discussed in philosophical terms and adapted itself to Romantic literature and music In the second section the contributors show how post Romantic writers visual artists and composers have engaged with Romantic heritage By exploring primary works that range from European arts to Latin American literature these essays focus on the interdisciplinary developments that have emerged in literature music painting film architecture and video art Overall the contributions in this volume demonstrate that intermedial connections or sometimes the conscious lack of such connections embody intriguing aspects of modernity and postmodernity *Technology*

Integration and Transformation of Elections in Africa Cosmas Uchenna Nwokeafor,2017-02-22 Technology Integration and Transformation of Elections in Africa serves as a standard textbook and a reference guide to students in both undergraduate and graduate programs in tertiary institutions where elaborate discourse on the impact of technology to political elections

and advancements across the continental Africa have continued to gain weight The rationale in publishing this textbook far more outweighs its timeliness but speaks highly of its significance because it deals with technology integration and transformation of elections in Africa a region whose elections has been continuously marred by corruption and incessant fraudulent activities perpetrated by both the citizens various political parties and the umpires whose responsibilities were to present a credible election Elections in Africa draws international attention and the news is seldom good For instance the elections in Kenya fueled violence that left 1 500 dead and 300 000 displaced while elections in Zimbabwe suffered from massive fraud and brutal suppression In Nigeria in 1999 and 2011 the result of the elections were in shambles and some of the parties that lost the election took to the street resulting in the death of significant percentage of innocent people

Queer Media Images Theresa Carilli, Jane Campbell, 2013-05-16 Queer Media Images LGBT Perspectives presents fifteen chapters that address how the gay lesbian bisexual and transgendered communities are depicted in the media This collection focuses on how the LGBT community has been silenced or given voice through the media Through a study of queer media images this book scrutinizes LGBT media representations and how these representations contribute to a dialogue about civil rights for this marginalized community While the communication discipline has been open to the LGBT community there has been an absence of published research and a marginalizing or tokenizing of the queer voice Through a study of media representations this unique collection provides a snapshot into the issues surrounding LGBT identity during a time when the Defense of Marriage Act is called into question and explores what it means to study images through a queer lens

Kootenai National Forest (N.F.), Spar and Lake Subunits Forest Health Project, 2001 **Entanglements of the Maya Universe** Alonso Rodrigo Zamora Corona, 2025-07-01 Cosmology or cosmological ideas are often sought to solve problems in our daily lives This book aims to rethink the topic of cosmology in anthropology through an ethnographic description of the many entanglements of cosmological ideas and the personal and political lives of individuals within the K'iche' Maya community of Momostenango Guatemala It addresses the question of why they turn to cosmology in an everyday context and how efficient it is It also shows the way Indigenous cosmological ideas are echoed by contemporary philosophical and scientific conceptions
