the Communist Party. They helped purge counter-revolutionaries such as Mensheviks and high status party officials.

The Red Terror **CORRECT ANSWERS** An intense period of a series of purging on the opponents as 200 000 were shot. Show trials are imposed on Kamenev and Zinoviev.

Yagoda **CORRECT ANSWERS** Was the head of the secret police NVKD in 1934 created a slave and rapidly expanded the gulag colony. He became Chief Administration of Corrective labour camps. Used labour camps to support industrialisation.

Wanted to avoid regular court control and shifted the focus from ideology to economic considerations. People who were deported to labour camps were suffering in hostile and cold places.

Achievements of Yagoda **CORRECT ANSWERS** White Sea Canal used 180 000 labourers hand dug without using machines. Cost 10 000 lives. He became the most influential in 1936 encouraging purging members of the CPSU. He was assigned the mission of crushing Trotskyite opposition. He was sidelined due to his incompetence of dealing with Kirov accused of not fulfilling enthusiasm of crushing opponents.

## Russia Questions And Answers About Countries:

**Russia** Kremena Spengler,2005 Provides an introduction to Russia using a question and answer format that discusses land features government housing transportation industries education sports art forms holidays food and family life Includes a map facts and charts      *Difficult Questions Have Easy Answers* Atina Hseham,2023-12-06 An inquiry made to obtain any information is known as an interrogation While asking the person tries to get an answer that allows him to satisfy his doubts The interviewers often ask simple questions in a very twisted fashion to confuse the candidates Difficult questions answers reflect the knowledge of the giver as well as his overall personality For example Which is heavier a kilogram of feathers or 1000 grams of lead Solution Both the weights are equal And What happened in Kolkata yesterday from 8 to 9 o clock Solution An hour had passed These questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not It can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices In some cases the answer is found in the question itself but in secret Tricky questions are also used for fun or as a mental activity of logical practice Like a truck driver passing down a street in the wrong direction some policemen saw him but they didn't say anything to him why Solution Because the truck driver was on foot He shaves all day but still has a beard who is he Solution Barber Some months have thirty days and others thirty one but how many months have twenty eight Solution Every month has at least twenty eight days Which object becomes wet When it dries Solution Towel How do you draw a square with three lines Solution draw the square first and then draw three lines inside the square Thus an answer to a tricky question can lead to confusion due to the confusion generated question These types of questions are very specific to the areas in which people's knowledge or behavior is evaluated Generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality However they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the question that he or she is saying I know In this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations      *ugc net political science unit 1 book with 400 question answers (theory + mcqs) as per updated syllabus* DIWAKAR EDUCATION HUB ,2023-02-06 ugc net political science unit 1 book with 400 question answers theory mcqs as per updated syllabus      **Russia in Colors** Catherine Ipcizade,2009 Simple text and striking photographs present Russia its culture and its geography Provided by publisher      Russia's Middle East Policy Alexey Vasiliev,2018-03-19 This extraordinary book charts the development of Russia's relations with the Middle East from the 1950s to the present It covers both high and low points the closeness to Nasser's Egypt followed by reversal the successful invasion of Afghanistan which later turned into a disaster the changing relationship with Israel which was at some time surprisingly close the relationship with Syria which continues to be of huge significance and much more Written by one of Russia's leading Arabists who was himself involved in the formation and implementation of policy the book is

engagingly written extremely insightful telling us things which only the author is in a position to tell us and remarkably frank not sparing senior Soviet and Russian figures from criticism The book includes material based on the author s conversations with other leading participants Russia Today Dorothy Thompson,1929 **National Identity and Ethnicity in Russia and the New States of Eurasia** Roman Szporluk,1994 First Published in 1995 Routledge is an imprint of Taylor Francis an Informa company Communist Propaganda Activities in the United States United States. Randolph Beard,David L. Kaserman,Rigmar Osterkamp,2013-01-09 Although organ transplants provide the best and often the only effective therapy for many otherwise fatal conditions the great benefits of transplantation go largely unrealized because of failures in the organ acquisition process In the United States for instance more than 10 000 people die every year either awaiting transplantation or as a result of deteriorating health exacerbated by the shortage of organs Issues pertaining to organ donation and transplantation represent perhaps the most complex and morally controversial medical dilemmas aside from abortion and euthanasia However these quandaries are not unsolvable This book proposes compensating organ donors within a publicly controlled monopsony This proposal is quite similar to current practice in Spain where compensation for cadaveric donation now occurs in secret as this text reveals To build their recommendations the authors provide a medical history of transplantation a history of the development of national laws and waiting lists a careful examination of the social costs and benefits of transplantation a discussion of the causes of organ shortages an evaluation of partial reforms tried or proposed an extensive ethical evaluation of the current system and its competitors Advances in Open Domain Question Answering Tomek Strzalkowski,Sanda Harabagiu,2006-10-07 Automated question answering the ability of a machine to answer questions simple or complex posed in ordinary human language is one of today s most exciting technological developments It has all the markings of a disruptive technology one that is poised to

displace the existing search methods and establish new standards for user centered access to information This book gives a comprehensive and detailed look at the current approaches to automated question answering The level of presentation is suitable for newcomers to the field as well as for professionals wishing to study this area and or to build practical QA systems The book can serve as a how to handbook for IT practitioners and system developers It can also be used to teach advanced graduate courses in Computer Science Information Science and related disciplines The readers will acquire in depth practical knowledge of this critical new technology

*The Russian Question* Wayne Allensworth,1998 Who are we is a question that has haunted Russians for centuries The crisis of identity that underlies Russia s efforts to answer that question and the country s attempts to grapple with modernity\_the invention of an alien civilization\_is explored in this timely book Russia s response to the universal challenge posed by modernization s erosion of community has been to fall back on that most enduring bond of human association\_the kinship tie\_as Allensworth here defines as nationalism The author draws on rare Russian sources to explore the various ways nationalists have responded to modernization and to chart a likely course for Russia s future development From National Bolshevism to Christian nationalism from Zhirinovskiy to Solzhenitsyn this study ties the ideas and ideologies of nationalism to the question that produced them and cements their connection to the crisis of modernity
