Islam, Modernity and a New Millennium Ali Paya, 2018-02-02 As the world becomes increasingly globalised Islam faces some important choices Does it seek to modernise in line with the cultures in which it is practised or does it retain its traditions even if they are at odds with the surrounding society This book utilizes a critical rationalist viewpoint to illuminate many of the hotly contended issues in modern Islam and to offer a fresh analysis A variety of issues within Islam are discussed in this book including Muslims and modernity Islam Christianity and Judaism approaches to the understanding of the Quran Muslim identity and civil society doctrinal certainty and violent radicalism In each case the author makes use of Karl Popper s theory of critical rationalism to uncover new aspects of these issues and to challenge post modern relativist literalist and justificationist readings of Islam This is a unique perspective on

Mullah Sadra Safi Haider, 2016-01-21 Mulla Sadra His Eschatology and Transcendent Philosophy is a work that seeks to analyze Mullah Sadra's theory of afterlife through his divine philosophy The main works of Sadra used in this regard are his Asfar al-Arba'ah and Risalah fi al-Hashr The idea is upheld that there is a nexus between Mulla Sadra's belief in the afterlife and his four spiritual journeys Indeed there would be a gaping hole in his philosophy if one did not take eschatology into consideration Indeed in any divine philosophy there is a void that needs to be filled if one does not take eschatology into consideration Mullah Sadra belonged to the muta'aliyah school of philosophy His life can be divided into three phases one being the phase where he sought to reach academic heights the second being his stage of reclusion and the final being his return to the academic field and his teaching As is the

case of all of his work these two works belong to the third phase of his life *Self-Awareness in Islamic Philosophy* Jari Kaukua,2015-01-01 This important book investigates the emergence and development of a distinct concept of self awareness in post classical pre modern Islamic philosophy Jari Kaukua presents the first extended analysis of Avicenna s arguments on self awareness including the flying man the argument from the unity of experience the argument against reflection models of self awareness and the argument from personal identity arguing that all these arguments hinge on a clearly definable concept of self awareness as pure first personality He substantiates his interpretation with an analysis of Suhraward s use of Avicenna s concept and Mull Sadr s revision of the underlying concept of selfhood The study explores evidence for a sustained pre modern and non Western discussion of selfhood and self awareness challenging the idea that these concepts are distinctly modern European concerns The book will be of interest to a range of readers in history of philosophy history of ideas Islamic studies and philosophy of mind *Islamic Life and Thought* Seyyed Hossein Nasr,2013-10-18 This collection of essays by one of the best known contemporary Muslim scholars writing in English covers many facets of Islamic life and thought The author has brought together studies dealing with the practical as well as intellectual aspects of Islam in both their historical and contemporary reality The contemporary significance of themes such as religion and secularism the meaning of freedom and the tradition of Islamic science and philosophy is given particular attention **Traditional Islamic Environmentalism** Tarik M. Quadir,2013-09-16 This work examines the relevance of traditional Islamic thought and practices for a lasting solution to the current environmental crisis Quadir describes how Seyyed Hossein Nasr challenges Muslims to reclaim their traditional intellectual and Sufi heritage as powerful means toward a most thoughtful approach to the crisis In so doing Nasr urges us to take a critical look at the consequences of the worldviews generated by modern science and technology and offers bold solutions for a more caring relationship between man and nature The book argues that only a revival of the traditional worldview which perceives all entities of nature as signs of God can effectively respond to the crisis our planet faces **Sadr Al-Din Shirazi and Its Transcendent Theosophy** Seyyed Hossein Nasr,1978

Mulla Sadra Sayeh Meisami,2013-10-01 A timely biography on the single most important and influential philosopher in the Muslim world in the last four hundred years Mulla Sadra 572 1640 is perhaps the single most important and influential philosopher in the Muslim world in the last four hundred years The author of over forty works he sought to bring to life the whole heritage of Islamic thought from philosophy to mysticism and create a more flexible and conciliatory approach to the problems which seemed to dissociate reason from faith In this wide ranging profile Sayeh Meisami reaches beyond historical narrative to assess the true impact of the man and his ideas This thought provoking and comprehensive account is ideal for any philosopher wanting to uncover the life and thoughts of a man who represents the climax of intellectual tradition at a crucial point in the history of Islamic civilization *What is Shi'i Islam?* Mohammad Ali Amir-Moezzi,Christian Jambet,2018-05-08 For the public at large Shi ism often implies a host of confused representations suggesting more often

than not obscurantism intolerance political violence and other ignominies running hot or cold in response to world events In fact for many people Shi ism stands for radical Islam or worse Islamic terrorism In some respects nothing is more familiar than Shi ism and yet nothing is more misunderstood For some twenty years the media have increased their coverage of the phenomenon Never or only rarely do they formulate the question we ask here what is Shi ism What is this belief that inspires millions of people dispersed throughout the world This book provides a broad based introduction to Shi i Islam It examines what the Shi i believe how they see themselves and how they view the world It includes a thorough examination of doctrine philosophy the Shi i approach to the Qur an and the historical evolution of Shi ism as a branch of Islam Too often and too quickly the conclusion is drawn that Shi ism is a marginal heretical sect fundamentally alien to the deeper truth of the great religion of Islam thrust by historical accident onto the political stage Shi ism either speaks the truth of Islam meaning that it is a truth of terror or it is entirely foreign to Islam and therefore merits outright rejection as Islamic fundamentalists and some individuals repeatedly claim This book intends to explain why such common misunderstandings of Shi ism have taken root Written in an accessible format and providing a thorough overview of Shi ism this book will be an essential text for students and scholars of Islamic Studies or Iranian Studies

Revelation, Intellectual Intuition and Reason in the Philosophy of Mulla Sadra Zailan Moris, 2013-11-05 This book examines and analyses the legitimacy of the widely held claim that Mulla Sadra s philosophy al hikmah al muta aliyyah is a synthesis of principles and doctrines drawn from revelation wahy gnosis irfan ma rifah and discursive philosophy al hikmah al bahthiyyah In Mulla Sadra s view these three major sources of knowledge can be brought together without contradiction and accorded their respective roles in the human quest for true and certain knowledge This book discusses and demonstrates how Mulla Sadra achieves this synthesis as contained in and exemplified by his text al Hikmah al arshiiyyah or Wisdom from the Divine Throne An evaluation on whether or not Mulla Sadra s synthesis is successful is also undertaken The criteria used for the evaluation are the internal coherence of his ideas their conformity to Islamic teachings and impact on Islamic thinkers after him
