## **Sexual Life Between Blacks And Whites:**

Sexual Life Between Blacks and Whites Beth Day Romulo, 1972      *Sex, Love, Race* Martha Hodes, 1999 Since the colonial era North America has been defined and continually redefined by the intersections of sex violence and love across racial boundaries Motivated by conquest economics desire and romance such crossings have profoundly affected American society by disturbing dominant ideas about race and sexuality *Sex Love Race* provides a historical foundation for contemporary discussions of sex across racial lines which despite the numbers of interracial marriages and multi racial children remains a controversial issue today The first historical anthology to focus solely and widely on the subject *Sex Love Race* gathers new essays by both younger and well known scholars which probe why and how sex across racial boundaries has so threatened Americans of all colors and classes Traversing the whole of American history from liaisons among Indians Europeans and Africans to twentieth century social scientists fascination with sex between Asian Americans and whites the essays cover a range of regions and of racial ethnic and sexual identities in North America Back cover      **Sex and Manners** Cas Wouters, 2004-09-01 This is a highly original and in many ways brilliant text It is a model of how historical process sociological research ought to be conducted and written up The author s subtle blending of theory and data is outstanding Eric Dunning Professor of Sociology University of Leicester Wouters has written a book both broad in scope and deep in analytic reach Exploring changes in courtship norms over the last century in English Dutch German and American books of manners he discovers changes which confirm the theory of informalization Relations between the sexes are he shows us less regulated from outside and more from inside This change calls paradoxically for both an emancipation of emotion and an ever sharper cultural eye on ways of managing emotion The book carries Elias s classic *The Civilizing Process* one giant step further An important contribution and a fascinating read Arlie Russell Hochschild University of California This dazzling book examines changes in American Dutch English and German manners regarding the changing relationships between men and women From the disappearance of rules for chaperonage and the rise of new codes for courting dates public dances and the work place it shows how women have become their own chaperone by gaining the rights to pay for themselves to have a job and be a sexual subject This original and thought provoking book provides empirical evidence showing how younger generations removed their courting from under parental wings and how the balance of power between the sexes shifted in women s favour monitors changes in codes regarding sexuality by focusing on the balance between the desire for sexual gratification and the longing for enduring intimacy documents the balance of controls over sexual impulses and emotions shifting from external social controls to internal ones compares nationally different trends particularly between the USA and Europe focusing on the American dating system and its resulting double standards argues that the initial greater freedom of American women has turned into a deficit Cas Wouters teaches Sociology at Utrecht University      **The Specter of Sex** Sally Kitch, 2009-08-06 Genealogy of the formation of race and gender hierarchies in the U S      **Empire and sexuality**

Ronald Hyam, 2017-03-01 Established in the belief that imperialism as a cultural phenomenon had as significant an effect on the dominant as it did on the subordinate societies the Studies in Imperialism series seeks to develop the new socio cultural approach which has emerged through cross disciplinary work on popular culture media studies art history the study of education and religion sports history and children s literature The cultural emphasis embraces studies of migration and race while the older political and constitutional economic and military concerns are never far away It incorporates comparative work on European and American empire building with the chronological focus primarily though not exclusively on the 19th and 20th centuries when these cultural exchanges were most powerfully at work This work explores the sexual attitudes and activities of those who ran the British Empire The study explains the pervasive importance of sexuality in the Victorian Empire both for individuals and as a general dynamic in the working of the system Among the topics included in the book are prostitution the manners and mores of missionaries and aspects of race in sexual behaviour **Rape and Race in the**

**Nineteenth-Century South** Diane Miller Sommerville, 2005-10-12 Challenging notions of race and sexuality presumed to have originated and flourished in the slave South Diane Miller Sommerville traces the evolution of white southerners fears of black rape by examining actual cases of black on white rape throughout the nineteenth century Sommerville demonstrates that despite draconian statutes accused black rapists frequently avoided execution or castration largely due to intervention by members of the white community This leniency belies claims that antebellum white southerners were overcome with anxiety about black rape In fact Sommerville argues there was great fluidity across racial and sexual lines as well as a greater tolerance among whites for intimacy between black males and white females According to Sommerville pervasive misogyny fused with class prejudices to shape white responses to accusations of black rape even during the Civil War and Reconstruction periods a testament to the staying power of ideas about poor women s innate depravity Based predominantly on court records and supporting legal documentation Sommerville s examination forces a reassessment of long held assumptions about the South and race relations as she remaps the social and racial terrain on which southerners black and white rich and poor related to one another over the long nineteenth century *Sex and Sexuality in Early America* Merrill D. Smith, 1998-09 What role did sexual assault play in the conquest of America How did American attitudes toward female sexuality evolve and how was sexuality regulated in the early Republic Sex and sexuality have always been the subject of much attention both scholarly and popular Yet accounts of the early years of the United States tend to overlook the importance of their influence on the shaping of American culture Sex and Sexuality in Early America addresses this neglected topic with original research covering a wide spectrum from sexual behavior to sexual perceptions and imagery Focusing on the period between the initial contact of Europeans and Native Americans up to 1800 the essays encompass all of colonial North America including the Caribbean and Spanish territories Challenging previous assumptions these essays address such topics as rape as a tool of conquest perceptions and responses to Native American sexuality fornication

bastardy celibacy and religion in colonial New England gendered speech in captivity narratives representations of masculinity in eighteenth century seduction tales the sexual cosmos of a southern planter and sexual transgression and madness in early American fiction The contributors include Stephanie Wood Gordon Sayre Steven Neuwirth Else L Hambleton Erik R Seeman Richard Godbeer Trevor Burnard Natalie A Zacek Wayne Bodle Heather Smyth Rodney Hessinger and Karen A Weyler

**Black and White Styles in Conflict** Thomas Kochman, 2013-07-30 Goes a long way toward showing a lay audience the value integrity and aesthetic sensibility of black culture and moreover the conflicts which arise when its values are treated as deviant version of majority ones Marjorie Harness Goodwin American Ethnologist

*White on Black* Jan Nederveen Pieterse, 1992-01-01 White on Black is a compelling visual history of the development of European and American stereotypes of black people over the last two hundred years Its purpose is to show the pervasiveness of prejudice against blacks throughout the western world as expressed in stock in trade racist imagery and caricature Reproducing a wide range of illustrations from engravings and lithographs to advertisements candy wrappings biscuit tins dolls posters and comic strips the book challenges the hidden assumptions of even those who view themselves as unprejudiced Jan Nederveen Pieterse sets Western images of Africa and blacks in a chronological framework including representations from medieval times from the colonial period with its explorers settlers and missionaries from the era of slavery and abolition and from the multicultural societies of the present day Pieterse shows that blacks have been routinely depicted throughout the West as servants entertainers and athletes and that particular countries have developed their own comforting black stereotypes about blacks Sambo and Uncle Tom in the United States Golliwog in Britain Bamboula in France and Black Peter in the Netherlands Looking at conventional portrayals of blacks in the nursery in sexual arenas and in commerce and advertising Pieterse analyzes the conceptual roots of the stereotypes about them The images that he presents have a direct and dramatic impact and they raise questions about the expression of power within popular culture and the force of caricature humor and parody as instruments of oppression
