Sexual Investigations:

Sexual Investigations Alan Soble, 1997-09 Pornography abortion rape sexual discrimination one merely has to open the newspaper or turn on the television to be confronted with sexual issues In Sexual Investigations Alan Soble contributes to the discussion by examining the moral political and analytical dimensions of sexuality that form the foundation for these discussions In Sexual Investigations Soble takes a rigorous yet user friendly look at a number of topics in the area of human sexuality the nature of sexual activity the ethics of sexual conduct pornography masturbation sexual health perversion date rape prostitution contraception reproduction and both the beauty and the ugliness of the sexual body What Soble asks defines healthy sexuality How firm is the distinction between rape and consensual sex How and when are sexually explicit films and photographs degrading to women This sweeping examination of the philosophical ethical and political issues surrounding human sexuality is as learned and thoughtful as it is entertaining

Criminal Investigations of Sexual Offenses Nadine Deslauriers-Varin, Craig Bennell, 2021-11-22 It is startling to read how few sexual offenses are reported in a year even more shocking to see how few reports lead to an arrest Research on effective responses to sexual offenses is much needed and ongoing This edited book presents the current state of research on investigative techniques used in sex crime investigations and the operational challenges and issues that arise in these investigations Including an international cohort of scholars from various academic backgrounds it reviews current efforts in key areas synthesizing the research to make recommendations for the improvement of investigative practices and the criminal justice system's response to sexual offenses Each chapter includes a brief introduction to the topic a review of the research and a discussion of the key points relevant to investigators and researchers as they move forward The book is broken down into four themes suspect prioritization and identification techniques investigative interviewing operational challenges and issues and the investigation of specific types of sex crimes With its broad coverage and international scope this volume fills the gap in knowledge for investigators working on sex crimes cases With its easy to read style and clear analysis of the research this is the perfect volume for investigators and law enforcement officers policy makers and researchers and students in criminology and criminal justice forensic psychology and victim services

Investigating Sexual Assault Cases Arthur S. Chancellor, 2021-12-26 Investigating Sexual Assault Cases Second Edition serves as an essential textbook for courses in investigating rape and sexual assault As with the first edition this second edition includes the latest research and techniques in coverage of victimology offender typology investigative techniques interviewing and legal implications This new second edition includes chapters on child victims and molestation sexual homicides as potentially staged events grooming interviewing techniques and same sex elder and special populations as victims of sexual assault The book fills a current void in the body of literature on the topics of rape and sex crime investigation Many previous writings while informative do not address all the investigative processes necessary for an investigation to be thorough and complete By providing a fresh

approach to the topic the author aims to augment those writings and ultimately improving the reader awareness by being much more attuned to the needs of and taking investigative cues from the victim Key Features Outlines the complete investigative process for sexual assault cases from evidence collection and interviews to court and legal proceedings Addresses victims and victimology offender typology the importance of the investigative interviewing process and working with attorneys Includes new chapters on grooming sexual homicides SAFE examinations and child specific interviewing techniques Added coverage looks at same sex crimes crimes against men elder victims and assault of vulnerable populations In addition to being used in coursework in Forensic Science and Criminal justice programs Investigating Sexual Assault Cases Second Edition will serve as an essential reference for police detectives criminal and death investigators legal professionals sexual assault nurses and those who provide health and mental health services to populations experiencing sexual assault

Sex and Love in the Home, Second Edition David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne

Rational sex ethics,

further investigations Walter Franklin Robie,1919 The Philosophy of Sex Raja Halwani,Jacob M. Held,Natasha McKeever,Alan Soble,2022-02-28 With twenty five essays seven of which are new to the eighth edition this best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Topics include sexual desire and activity masturbation Sexual orientation asexuality transgender issues Zoophilia rape casual sex and promiscuity love and sex polyamory sexual consent sexual perversion sexual ethics objectification BDSM sex and technology sex and race and sex work Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom *Criminal Investigation* Michael J. Palmiotto,2012-06-25 Criminal investigators need broad knowledge of such topics as criminal law criminal procedure and investigative techniques The best resource for these professionals will distill the needed information into one practical volume Written in an accessible style the fourth edition of *Criminal Investigation* maintains the same reader friendly approach *Oversight Hearing on Sexual Harassment Within the Federal Law Enforcement Agencies* United States. Congress. House. Committee on Post Office and Civil Service. Subcommittee on Oversight and Investigations,1994 **Pornography, Sex, and Feminism** Alan Soble,2011-02 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be controversial Bolshevik Sexual Forensics Dan Healey,2022-11-15 In an effort to modernize criminal and civil investigations early Bolsheviks gave forensic doctors most of whom had been trained under the tsarist regime new authority over issues of sexuality Revolutionaries believed that forensic medicine could provide scientific and objective solutions to sexual disorder in the new society Bolshevik Sexual Forensics explores the institutional history of Russian and Soviet forensic medicine and examines the effects of its authority when confronting sexual disorder Healey compares sex crime investigations from Petrograd and Sverdlovsk in the 1920s to the numerous publications by forensic doctors and psychiatrists of the prerevolutionary and early Soviet periods to illustrate the role that these specialists played In addition Healey presents a fascinating look at how doctors diagnosed and treated hermaphroditism showing how Soviet physicians revolutionized the standard scientific view in these cases by taking into account individual desire This study sheds light on unexplored radical

and reactionary forces that shaped the Bolshevik sexual revolution as lawmakers defined new ways of seeing sexual crime and disorder Forensic doctors struggled to interpret the replacement of the age of consent with a standard of sexual maturity a designation that made female sexuality a collective resource not part of an individual's personality Innocence experience and virginity played a major role in the expertise doctors furnished in rape and abuse trials Psychiatrists recoiled from the language of sexual psychology in their investigations of sex criminals Yet in the clinic Soviet physicians probed the desires of the two-sexed citizen whose psychology served as the basis for a distinctly modern approach to the erasure of the hermaphrodite Healey concludes that the vision of men and women as equals after a sexual revolution was undermined from the outset of the Soviet experiment Law and medicine failed to protect women and girls from violence and Soviet medicine's physiological and biological model of sexual citizenship erased the vision of sexual self-expression especially for women This groundbreaking study will appeal to Soviet historians and those interested in gender studies sexuality medicine and forensics
