This textbook is divided into two parts. Later in the book's second part, readers will explore the essential skills and values in policy work. Detailed coverage and vivid examples offer valuable insight into specific advocacy skills, including lobbying, community organizing, mobilizing, advocacy, public coalition building, campaigning, problem analysis, policy analysis, and policy evaluation. Within its comprehensive overview of policy practice and advocacy, the new edition of this text extols a value-laden perspective to identify and assess unmet needs and promote a more socially just environment for all.
