**Father of the Modern Circus 'Billy Buttons'** Steve Ward, 2018-04-30 The true story of a larger than life man who changed the world of entertainment in eighteenth century England. The world of the circus has a long and colorful history but it was with a man named Philip Astley that the modern circus was founded. In April 1768 Astley pegged out a circular ride on the banks of the river Thames and gave performances of trick riding to a paying audience. He was an accomplished horseman, a military hero and an instinctive showman. Above all he was an entrepreneur who realized that people would pay good money to be entertained and to be entertained well. He created the comic character Billy Buttons and other acts were added to his performances: clowns, rope dancers, tumblers and strongmen. The circus as we might recognize it today was born. This book investigates the life and times of this veritable giant of the circus world. Standing well over six feet tall with a stentorian voice and character to match he was difficult to ignore. From his early days as an apprentice cabinetmaker and his military exploits in the 15th Dragoons to the trials and tribulations of establishing himself as a respected performer and his international successes in France and Ireland this is a detailed account of the larger than life figure that was Philip Astley

**Ragged London** Michael Fitzgerald, Michael Fitzgerald, 2011-07-31 Ragged London describes life in the rookeries of London where forty people would live together in one room. Although life was a constant struggle against famine, disease and violence the people enjoyed a closeness that was more than the result of overcrowding. Their lives were lived entirely within the mean streets of their little corner of London. They were born and raised within the rookeries, earned their meagre living there, enjoyed life as best they could, dressed in the latest fashion, got married, had children, died and were buried there. The lack of cooking facilities led to them inventing the takeaway and there was absolutely no sanitation. In the poorest district of all St Giles only a single water pump serviced the entire population. It was a closed world although the population explosion of nineteenth century London led to millions of new arrivals in the already congested rookery districts. The areas were lawless to a degree that dwarfs contemporary concerns about crime. Though life as cheap in the rookeries they produced some of the best soldiers and sailors in the British armed forces
